These persons will receive no compensation for such solicitation other than their regular fees or salaries. The cost of solicitation by management will be borne directly by the Company. The head office of the Company is located at 10 Inverness Drive East, Suite 104, Englewood, Colorado, U.S.A. The registered office of the Company is located at 3400 First Canadian Centre, 350 – 7th Avenue SW, Calgary, Alberta, Canada, T2P 3N9.

All currency amounts in this Management Information Circular are stated in Canadian dollars, unless otherwise indicated.

VOTING IN PERSON AT THE MEETING

A registered shareholder, or a non-objecting beneficial owner (“**NOBO**”) whose name has been provided to the Company’s registrar and transfer agent, CIBC Mellon Trust Company, will appear on a list of shareholders prepared by the registrar transfer agent for purposes of the Meeting. To vote in person at the Meeting each registered shareholder or NOBO will be required to register for the Meeting by identifying themselves at the registration desk. Non-registered beneficial shareholders (other than NOBOs) must appoint themselves as proxyholder to vote in person at the Meeting. Also see “Non-Registered Holders” below.

VOTING BY PROXY AT THE MEETING

If a registered shareholder or NOBO cannot attend the Meeting but wishes to vote on the resolutions, the registered shareholder or NOBO should sign, date and deliver the enclosed form of proxy to the Company’s registrar and transfer agent, CIBC Mellon Trust Company, either by using the enclosed return envelope or by mail to CIBC Mellon Trust Company, P.O. Box 721, Agincourt, Ontario M1S 0A1 or **hand delivery (not courier)** to CIBC Mellon Trust Company, 320 Bay Street, Banking Hall, Toronto, Ontario or by fax at (416) 368-2502 so it is received on or before 9:00 a.m. (Toronto time) on the second business day preceding the Meeting or 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting. **The persons named in the enclosed form of proxy are directors and/or officers of the Company. A shareholder giving a proxy can strike out the names of the nominees printed in the accompanying form of proxy and insert the name of another nominee in the space provided, or the shareholder may complete another form of proxy. A proxy nominee need not be a shareholder of the Company.** A shareholder giving a proxy has the right to attend the Meeting, or appoint someone else to attend as his or her proxy at the Meeting and the proxy submitted earlier can be revoked in the manner described below under “Revocation of Proxies”.

HOW PROXY WILL BE VOTED

The Common Shares represented by a properly executed proxy will be voted or withheld from voting in accordance with the directions given in the proxy. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item must be left blank. **If no choice is specified in the proxy, and the nominee is proposed by management, the nominee will vote the Common Shares represented by the proxy in favour of each item left blank.** The enclosed form of proxy confers discretionary authority upon the persons named in the proxy. The discretionary authority so granted may be exercised with respect to amendments or variations to matters which may properly come before the Meeting, unless the shareholder deletes the discretionary authority from the proxy. As at the date of this Management Information Circular, management of the Company is not aware of any such amendment or variation or any other matter to come before the Meeting other than those referred to in the accompanying Notice of Meeting. However, if any other matters that are not now known to management should properly come before the Meeting, the Common Shares represented by proxies given in favour of management nominees will be voted on such matters in accordance with the best judgment of such nominees.

REVOCATION OF PROXIES

A shareholder giving a proxy has the power to revoke it. Such revocation may be made by the shareholder attending the Meeting, by fully executing another form of proxy bearing a later date and duly depositing the same before the specified time, or by written instrument revoking such proxy duly executed by the shareholder or his or her attorney authorized in writing or, if the shareholder is a body corporate, under its corporate seal or by an officer or attorney thereof, duly authorized, and deposited either at the registered office of the Company at 3400 First Canadian Centre, 350 – 7th Avenue SW, Calgary, Alberta, Canada, T2P 3N9 Attention: Richard Peters, at any time up to and including the last business day preceding the date of the Meeting or any adjournment thereof, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof. Such instrument will not be effective with respect to any matter on which a vote has already been cast pursuant to such proxy.

NON-REGISTERED HOLDERS

In many cases, Common Shares beneficially owned by a holder (a “**Non-Registered Holder**”) are registered either:

- (a) in the name of an intermediary that the Non-Registered Holder deals with in respect of the Common Shares. Intermediaries include banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
- (b) in the name of a depository (such as The Canadian Depository for Securities Limited or “**CDS**”).

Non-Registered Holders do not appear on the list of shareholders of the Company maintained by the transfer agent.

In accordance with Canadian securities law, the Company has distributed copies of the Notice of Meeting, this Management Information Circular and the form of proxy (collectively, the “**meeting materials**”) to CDS and intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward meeting materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Typically, intermediaries will use a service company to forward the meeting materials to Non-Registered Holders.

Non-Registered Holders, other than NOBOs, will receive either a voting instruction form or, less frequently, a form of proxy. The purpose of these forms is to permit Non-Registered Holders to direct the voting of the Common Shares they beneficially own. Non-Registered Holders should follow the procedures set out below, depending on which type of form they receive.

- A. *Voting Instruction Form.* In most cases, a Non-Registered Holder will receive, as part of the meeting materials, a voting instruction form. If the Non-Registered Holder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the holder’s behalf), the voting instruction form must be completed, signed and returned in accordance with the directions on the form. If a Non-Registered Holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the Holder’s behalf), the Non-Registered Holder must complete, sign and return the voting instruction form in accordance with the directions provided and a form of proxy giving the right to attend and vote will be forwarded to the Non-Registered Holder.

or

- B. *Form of Proxy.* Less frequently, a Non-Registered Holder will receive, as part of the meeting materials, a form of proxy that has already been signed by the intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise uncompleted. If the Non-Registered Holder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the holder’s behalf), the Non-Registered Holder must complete the form of proxy and deposit it with the Company’s registrar and transfer agent, CIBC Mellon Trust Company, either by using the enclosed return envelope or by mail to CIBC Mellon Trust Company, P.O. Box 721, Agincourt, Ontario M1S 0A1 or **hand** delivery (**not courier**) to CIBC Mellon Trust Company, 320 Bay Street, Banking Hall, Toronto, Ontario or by fax at (416) 368-2502, as described above.

If a Non-Registered Holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the holder's behalf), the Non-Registered Holder must strike out the names of the persons named in the proxy and insert the Non-Registered Holder's (or such other person's) name in the blank space provided.

Non-Registered Holders should follow the instructions on the forms they receive and contact their intermediaries promptly if they need assistance.

Non-Objecting Beneficial Owners

These security holder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions or form of proxy delivered to you.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No person who was a director or executive officer of the Company at any time since the beginning of the Company's last financial year, or any associate or affiliate of any such person, has had any interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon other than the election of directors.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company has an authorized capital consisting of an unlimited number of Common Shares. As of the date hereof, there are 67,285,226 Common Shares issued and outstanding.

Each holder of Common Shares (each a "**Shareholder**" and, collectively "**Shareholders**") is entitled to one vote for each Common Share. The directors have fixed the close of business on April 17, 2007 as the record date for the Meeting. Accordingly, only Shareholders of record as at the close of business on April 17, 2007 are entitled to receive notice of and to attend and vote at the Meeting except that a transferee of Common Shares acquired after that date shall be entitled to vote at the Meeting if such transferee produces properly endorsed certificates for such Common Shares or otherwise establishes ownership of such Common Shares and has demanded not later than 10 days before the Meeting that the name of such transferee be included on the list of Shareholders entitled to vote at the Meeting.

As at the date of this Management Information Circular, to the knowledge of the directors and executive officers of the Company, the following are the only persons who beneficially own, directly or indirectly, or exercise control or direction over, securities of the Company carrying more than 10% of the voting rights attached to any class of outstanding voting securities of the Company entitled to be voted at the Meeting:

SPECIAL BUSINESS

Amendment Of Amended And Restated Stock Option Plan

On February 22, 2007, the Board of Directors made various amendments to, and restated, the Corporation's Amended and Restated Stock Option Plan (the "Stock Option Plan"). The amendments to, and the restatement of, the Stock Option Plan by the Board of Directors has been conditionally approved by the Toronto Stock Exchange ("TSX").

Under the rules of the TSX, shareholders must approve certain amendments to the Stock Option Plan that were made by the Board of Directors. These amendments are (a) to revise the amendment provision of the Stock Option Plan to specify which changes to the Stock Option Plan and outstanding options granted under the Stock Option Plan require shareholder approval; and (b) as permitted by a recent TSX Staff Notice, to permit options that expire during, or within five business days after, a trading black-out period imposed by the Corporation to be exercised within a limited number of days after the trading black-out is lifted by the Corporation.

The proposed amending provision expressly provides that shareholder approval is required to amend the Stock Option Plan to (a) increase the number of Common Shares reserved for issuance under the Stock Option Plan (including a change from a fixed maximum percentage of Common Shares to a fixed maximum number of Common Shares); (b) change the manner of determining the exercise price so that the exercise price is less than the market price of the Common Shares on the date of grant; or (c) increase the aggregate number of Common Shares in respect of which options have been granted and remain outstanding so that such number of Common Shares, when taken together with all of the Corporation's security based compensation arrangements, at any time results in (i) the number of Common Shares reserved for issuance to insiders pursuant to stock options exceeding 10% of the issued and outstanding Common Shares; (ii) the issuance to insiders pursuant to stock options, within a one-year period, of a number of Common Shares exceeding 10% of the issued and outstanding Common Shares (excluding Common Shares issued pursuant to security based compensation arrangements during the preceding one-year period). In addition, shareholder approval is required to amend options granted under the Stock Option Plan to (a) reduce the exercise price, or cancel and reissue options so as to in effect reduce the exercise price, for the benefit of insiders of the Corporation, or (b) extend the termination date beyond the original expiration date for the

benefit of insiders of the Corporation, except in certain circumstances where the Corporation has imposed a trading black-out, as described below.

Subject to the restrictions in the preceding paragraph, the Board may, in its discretion, and without obtaining shareholder approval, amend, suspend or discontinue the Stock Option Plan, and amend or discontinue any options granted under the Stock Option Plan, at any time. Without limiting the foregoing, the Board may, without obtaining shareholder approval, amend the Stock Option Plan, and any options granted under the Stock Option Plan, to (i) amend the vesting provisions, (ii) amend the termination provisions, except in certain limited circumstances as described in the preceding paragraph, (iii) amend the eligibility requirements of eligible recipients which would have the potential of broadening or increasing insider participation, (iv) add any form of financial assistance, (v) amend a financial assistance provision which is more favourable to eligible recipients, (vi) add a cashless exercise feature, payable in cash or securities, whether or not the feature provides for a full deduction of the number of underlying Common Shares from the reserved Common Shares, (vii) add a deferred or restricted share unit or any other provision which results in the eligible recipients receiving securities while no cash consideration is received by the Corporation, and (viii) make amendment of a housekeeping nature or to comply with the requirement of any regulatory authority.

As now expressly permitted by a recent TSX Staff Notice, the proposed amendments to the Stock Option Plan also provide that if an option expires during, or within five business days after, a trading black-out period imposed by the Corporation to restrict trades in the Corporation's securities, then, notwithstanding any other provision of the Plan, the option shall expire ten business days after the trading black-out period is lifted by the Corporation.

Finally, under the rules of the TSX, a stock option plan that reserves for issuance a "rolling" rather than a "fixed" number of shares requires approval of a majority of the Board, a majority of the unrelated directors and shareholder approval every three years. The Stock Option Plan is a "rolling" plan, as it provides that a maximum of 10% of the issued and outstanding Common Shares at the time an option is granted, less Common Shares reserved for issuance under the Stock Option Plan, will be reserved for issuance under the Stock Option Plan. In other words, while the Stock Option Plan is in effect, there cannot be more than 10% of the Company's issued and outstanding Common Shares reserved for issuance under the Stock Option Plan at any time. The Stock Option Plan was last approved by shareholders in 2005 and, notwithstanding that only two years have elapsed since shareholder approval was obtained, the Corporation is again seeking shareholder approval of the Stock Option Plan. Under the TSX rules, the Stock Option Plan will again be subject to shareholder approval in 2010.

Shareholders will be asked at the meeting to consider and, if considered advisable, to adopt the following resolution to approve the amendments to the Stock Option Plan described above:

RESOLVED AS AN ORDINARY RESOLUTION THAT:

1. the amendments to the Amended and Restated Stock Option Plan adopted by the Board of Directors of the Corporation on February 22, 2007 as described in this Circular be and are hereby approved, and the Amended and Restated Stock Option Plan of the Corporation be and is hereby ratified and approved; and
2. any director or officer of the Corporation be and is hereby authorized to take such actions as such director or officer may determine to be necessary or advisable to implement this resolution, such determination to be conclusively evidenced by the taking of any such actions.

The resolution must be passed, with or without amendment, by not less than a majority of votes cast by shareholders who vote in person or by proxy in respect of the resolution at the meeting. No shareholders are excluded from voting in respect of the resolution.

The Board of Directors unanimously recommends that shareholders approve the amendments to the Stock Option Plan by voting for the resolution. The representatives of management named in the enclosed form of proxy, if named as proxy, intend to vote for the resolution, unless the shareholder has specified in the proxy form that his or her shares are to be voted against the resolution.

A full description of the Stock Option Plan is set out in Schedule A to this Circular.

Termination of Employment, Change in Responsibilities and Employment Contracts

The Company has written employment agreements with Messrs Silver and Jenner. Each agreement calls for a five year term of service with annual renewals thereafter, and for minimum salary increments of not less than inflation. Each agreement also provides that in the event of the termination of the executive's employment by the Company (except for cause or voluntary resignation or retirement) or, if the executive resigns anytime within 30 days of a change in control of the Company, such executive is entitled to receive an amount equal to three times his current annual salary plus the maximum possible bonus. Based upon their current salaries, these arrangements would result in payments of US\$1,500,000 and US\$1,110,000 respectively.

Composition of the Management Resources and Compensation Committee

The members of the Management Resources and Compensation Committee (the "MRC Committee") are Messrs. Robert Schafer, Colm St. Roch Seviour and Rene Carrier, with Mr. Carrier serving as Chairman. None of the members of the MRC Committee were officers or employees of the Company or any of its subsidiaries during the year ended December 31, 2006 and none were formerly an officer of the Company or any of its subsidiaries.

Report on Executive Compensation

The MRC Committee is responsible for the assessment of the performance of management and for the review and approval of salaries and other forms of compensation payable to the executive officers of the Company.

The MRC Committee also establishes procedures for the operation of the Company to ensure that ethical standards of behaviour are followed and will ensure that the Company's disclosure is full, complete and continuous.

The overall objective of the MRC Committee is to oversee the development and implementation of compensation programs in order to support the Company's overall business objectives, attract and retain key executives and provide appropriate compensation at a reasonable cost while enhancing shareholder value.

Generally compensation of the Company's executive officers, including the CEO, is provided through a combination of salary, cash bonuses, the granting of stock options and other benefits, as deemed appropriate by the MRC Committee, in order to attract and retain highly qualified and experienced executives and managers. The MRC Committee's emphasis has been to maintain a balance between cash compensation and stock-based compensation. Officer base salary levels in 2006 were determined through an analysis of the compensation of executives with similar responsibilities, levels of experience and qualifications in a group of over 34 "comparable companies". The comparable companies were all mineral companies with TSX listings, market capitalizations from \$100 million to \$800 million, and included operating companies, companies in the development stage as well as exploration companies. Officer salaries in 2006 were determined with reference to the mean of the figures from the comparable companies.

The MRC Committee is of the view that the granting of stock options is an appropriate method of providing long-term incentives to senior executives of the Company and, in general, aligns the interests of the executives with those of the shareholders. In November 2006, options were issued to management and the Board in conjunction with the Company's annual salary review. The amounts of these options were based upon the same analysis of comparable companies described above.

The MRC Committee and the Board have not, to date, established a formal program for the awarding of bonuses to senior executives based upon specific quantitative measures of performance and progress of the Company toward meeting its long term goals. During 2006, Mr. Silver was awarded a bonus of US\$100,000 and Mr. Jenner was awarded a bonus of US\$37,500. These bonuses were awarded after a review of overall performance of both the Company and Messrs Silver and Jenner during the course of the calendar year. The MRC Committee plans to review the appropriateness of establishing a quantitative bonus program in 2007.

Mr Silver has served as the Company's Chief Executive Officer since the Company's founding in May of 2003. The MRC Committee determined Mr. Silver's compensation in 2006, using comparables of Chief Executive Officers of similar size companies as described above.

CORPORATE GOVERNANCE

The Board considers good corporate governance to be an integral part of the effective and efficient management of the Company. The following disclosure of the Company's approach to corporate governance is made in compliance with National Instrument 58-101 of the Canadian Securities Administrators.

Board of Directors

The Board is currently comprised of nine members, five of which (Messrs. Carrier, Daly, Mercaldo, Schafer and Seviour) are considered independent directors within the meaning of National Instrument 58-101. None of these five directors is an executive officer or employee of the Company, and none of them have any direct, or indirect, material relationship with the Company, other than as shareholders, which could reasonably interfere with the exercise of a director's independent judgment. Mr. Fretwell is not independent because he was the Secretary of the Company until May of 2005 and Mr. Hurst is not independent because he was the President of the Company until August 2006. The remaining members of the Board, Messrs. Silver and Young are not independent since they are executive officers of the Company.

The Chairman of the Board, Mr. Silver is not an independent director. Rene Carrier is Lead Director of the Company. In this capacity, Mr. Carrier's role is to oversee, manage and assist the Board in fulfilling its duties and responsibilities as a board in an effective manner independently of management. During 2006, the independent directors did not hold a meeting at which non-independent directors were not in attendance. The independent directors exercise their responsibilities for independent oversight of management, and provide leadership through their majority control of the Board and ability to meet independently of management whenever deemed necessary.

During 2006, the Board held six Board meetings, five Audit Committee meetings, one Management Resources and Compensation Committee meeting and one Corporate Governance Committee meeting. Attendance at these meetings was as follows:

Board Mandate

The Board of Directors has not prepared a written mandate. The Board delineates its role and responsibilities through the approval and monitoring of policies and procedures that ensure sound and ethical business practices. These policies include the requirement of entirely independent members of its Audit, Management Resources and Compensation, and Corporate Governance Committees, a strategic planning process, a written corporate disclosure policy and a whistle blower policy. Through committees of the Board, procedures are in place for the assessment of the overall effectiveness of the Board, individual directors and the committees of the Board, for succession planning and for the review and approval of procedures related to corporate governance and ethics issues.

Position Descriptions

The Board has developed a written position description for the CEO and Chairman of the Board. The Board has also developed a Charter for each Committee of the Board which delineates the responsibilities of the Committee Chairman.

Orientation and Continuing Education

All new directors are briefed on the role of the Board and its Committees, the Company's structure, its corporate strategy, financial position and other aspects of the business. Each Board member is provided with a copy of each Committee Charter, all of the Company's written policies and procedures, and any additional information considered necessary for a complete understanding of the Company's operations. Annually, the Board has an update session with legal counsel to apprise the Board of new regulations, laws and trends that will have an impact on the management of the Company. All Directors receive a comprehensive monthly report from management of the Company, delineating all activities and developments during the previous month that will affect the direction and management of the Company.

Ethical Business Conduct

The Board has not adopted a formal written code of business conduct and ethics. The Board relies upon the experience of its members and the advice of outside counsel to ensure adherence to ethical business practices. To date the Company has not entered into any transactions or agreements in respect of which a director or executive officer has a material interest. Any such transaction or agreement that has or will come before the Board will be subject to the same decision criteria as any other, and any director with a material interest in the transaction would be required to declare the nature and extent of his interest and would not be entitled to vote on any motion related to said transaction or agreement.

Nomination of Directors

The Corporate Governance Committee, consisting of a majority of independent directors, is responsible for the nomination of candidates for new directors, Lead Director, committee vacancies and committee chairs as vacancies arise. In addition, the Corporate Governance Committee's nomination responsibilities include making recommendations for the size and composition of the Board, general responsibilities and functions of the Board, organization and responsibilities of the Board committees, as well as the long term plan for the composition of the Board that takes into consideration the current strengths, skills and experience on the Board, contractual obligations and the strategic direction of the Company. The plan must include; (i) a written outline describing the desired qualifications, demographics, skills and experience for potential directors; (ii) the appropriate rotation of directors on Board committees; (iii) an interview process for potential candidates for Board membership; and (iv) a list of future candidates for Board membership.

Compensation

Compensation issues are addressed by the MRC Committee, a Committee of the Board consisting entirely of independent directors. The responsibilities of the MRC Committee include the following:

- (a) in consultation with the Executive Committee and the Corporate Governance Committee identify and nominate prospective members of the Board;
- (b) in consultation with senior management, establish the Company's general compensation philosophy, and oversee the development and implementation of compensation programs in order to support the Company's overall business objectives, attract and retain key executives and provide appropriate compensation at a reasonable cost while enhancing shareholder value creation;
- (c) review and approve corporate goals and objectives relevant to the compensation of the CEO, evaluate the performance of the CEO in light of those goals and objectives, and set the CEO's compensation level based on this evaluation. In determining the long-term incentive component of CEO compensation, the Committee considers, among other factors, the Company's performance and relative shareholder return, the value of similar incentive awards to CEOs at comparable companies and the awards given to the CEO in past years;

- (d) review and approve any salaries or other forms of compensation programs applicable to executive officers of the Company;
- (e) establish procedures for the operation of the Company to ensure that ethical standards are followed;
- (f) review the corporate succession and development plans for the Company at the executive officer level;
- (g) make recommendations to the Board with respect to the Company's incentive compensation plans and equity-based plans;
- (h) in consultation with management, oversee regulatory compliance with respect to compensation matters, and ensure that the Company's disclosure is full, complete and continuous;
- (i) to keep abreast of current developments in executive compensation in corporations engaged in similar industries; and
- (j) any other duties or responsibilities expressly delegated to the MRC Committee by the Board from time to time relating to the Company's compensation programs.

In addition to the responsibilities outlined under Nomination of Directors, the Corporate Governance Committee has the following responsibilities:

- A.** The Corporate Governance Committee will review and make recommendations to the Board respecting:

SCHEDULE A

SUMMARY OF INTERNATIONAL ROYALTY CORPORATION'S AMENDED AND RESTATED STOCK OPTION PLAN

On February 22, 2007, the Board of Directors made various amendments to, and restated, the Corporation's Amended and Restated Stock Option Plan (the "Stock Option Plan"). The following is a summary of the Stock Option Plan in the form adopted by the Board of Directors on February 22, 2007. Copies of the complete Stock Option Plan are available upon request. Shareholders wishing to receive a copy of the Stock Option Plan should make their request by telephone at (303) 799-9020, by facsimile at (303) 799-9017, by email at info@internationalroyalty.com or by mail to the Corporation, at 10 Inverness Drive East, Suite 104, Englewood, Colorado, U.S.A., Attention: Corporate Secretary.

The Stock Option Plan is the Corporation's only compensation plan providing for the issuance of securities of the Corporation as compensation. The purpose of the Stock Option Plan is to provide the Corporation with a share-related mechanism to attract, retain and motivate qualified recipients, to award the recipients for their contributions toward the long term goals and success of the Corporation and to enable and encourage such recipients to acquire common shares as long term investments in the Corporation.

Under the Stock Option Plan, the number of Common Shares reserved for issuance pursuant to stock options granted under the Plan cannot exceed 10% of the outstanding Common Shares of the Corporation from time to time. Options are granted at the discretion of the Board of Directors. Any employee, senior officer, director or consultant of or to the Corporation and its affiliates is eligible to participate.

As at the date of this Circular, based on outstanding Common Shares of 67,285,226, the maximum number of Common Shares available for future option grants under the Stock Option Plan is 1,626,523 Common Shares (representing 2.4% of the outstanding Common Shares) and the maximum number of Common Shares subject to outstanding options is 5,102,000 Common Shares (representing 7.6% of the outstanding Common Shares).

The aggregate number of Common Shares in respect of which options have been granted shall not, when taken together with all of the Corporation's security based compensation arrangements, result in (i) the number of Common Shares reserved for issuance to insiders pursuant to stock options exceeding 10% of the issued and outstanding Common Shares; (ii) the issuance to insiders pursuant to stock options, within a one-year period, of a number of Common Shares exceeding 10% of the issued and outstanding Common Shares (excluding Common Shares issued pursuant to security based compensation arrangements during the preceding one-year period); (iii) the number of Common Shares reserved for issuance pursuant to stock options granted to any one recipient exceeding 5% of the issued and outstanding Common Shares, or (iv) the issuance to any one recipient, within a one-year period, of a number of Common Shares exceeding 5% of the number of issued and outstanding Common Shares (excluding Common Shares issued pursuant to security based compensation arrangements during the preceding one-year period), in each case calculated on a non-diluted basis.

The Board is entitled to determine at the time of grant of the option the option price for each Common Share that may be purchased on the exercise of an option, which shall not be less than the volume weighted average trading price of the Common shares, calculated by dividing the total value by the total volume of Common Shares traded on the TSX for the five trading days immediately preceding the relevant date.

The Board is entitled to determine at the time of grant of the option the vesting schedule for the option.

The Board is entitled to determine at the time of grant of the option the term of the option, provided that if no specific determination is made, the option shall be exercisable for a period of 10 years from the date the option is granted.

Entitlements of holders under outstanding options terminate upon the events and in the manner set out below, unless otherwise set out in an employment agreement between the Corporation and the recipient (if applicable) or as otherwise determined by the Board in its sole discretion:

Reasons for Termination	Exercisable Until
Death	Earlier of scheduled expiry and one year from death
Termination of senior officer or employee for any reason other than death or retirement	Earlier of scheduled expiry and 90th day following the date on which employment terminates
Termination of senior officer or employee at retirement	Earlier of scheduled expiry and two years from retirement
Termination of director for any reason other than death	Earlier of scheduled expiry and 90th day following the date on which directorship terminates
Termination of consultant for any reason other than death	Earlier of scheduled expiry and 90th day following the date on which consulting contract terminates

Subject to shareholder approval as described elsewhere in this Circular under the heading, “Amendment of Amended and Restated Stock Option Plan”, as permitted by a recent TSX Staff Notice, if an option expires during, or within five business days after, a trading blackout period imposed by the Corporation to restrict trades in the Corporation’s securities, then, notwithstanding any other provision of the Plan, the option shall expire ten business days after the trading black-out period is lifted by the Corporation.

Except as described below, an option is personal to the optionee and is non-transferable and non-assignable, other than by will or the laws relating to intestacy. Notwithstanding the foregoing, an optionee may transfer an option to any of the following permitted assigns: (i) the recipient’s spouse, (ii) a trustee, custodian or administrator acting on behalf of or for the benefit of the recipient or the recipient’s spouse, (iii) a personal holding corporation, partnership, trust or other entity controlled by the recipient or the recipient’s spouse, or (iv) a registered retirement income fund or a registered retirement savings plan (as each such term is defined in the *Income Tax Act* (Canada)) of the recipient or the recipient’s spouse.

Subject to shareholder approval as described elsewhere in this Circular under the heading, “Amendment of Amended and Restated Stock Option Plan”, shareholder approval is required to amend the Stock Option Plan to (a) increase the number of Common Shares reserved for issuance under the Stock Option Plan (including a change from a fixed maximum percentage of Common Shares to a fixed maximum number of Common Shares), (b) change the manner of determining the exercise price so that the exercise price is less than the market price of the Common Shares on the date of grant; or (c) increase the aggregate number of Common Shares in respect of which options have been granted and remain outstanding so that such number of Common Shares, when taken together with all of the Corporation’s security based compensation arrangements, at any time results in (i) the number of Common Shares reserved for issuance to insiders pursuant to stock options exceeding 10% of the issued and outstanding Common Shares; (ii) the issuance to insiders pursuant to stock options, within a one-year period, of a number of Common Shares exceeding 10% of the issued and outstanding Common Shares (excluding Common Shares issued pursuant to security based compensation arrangements during the preceding one-year period). In addition, shareholder approval is required to amend options granted under the Stock Option Plan to (a) reduce the exercise price, or cancel and reissue options so as to in effect reduce the exercise price, for the benefit of insiders of the Corporation, or (b) extend the termination date beyond the original expiration date for the benefit of insiders of the Corporation, except in certain circumstances where the Corporation has imposed a trading black-out, as described below.

Also subject to shareholder approval as described elsewhere in this Circular under the heading, “Amendment of Amended and Restated Stock Option Plan”, and subject to the restrictions in the preceding paragraph, the Board may, in its discretion, and without obtaining shareholder approval, amend, suspend or discontinue the Stock Option Plan, and amend or discontinue any options granted under the Stock Option Plan, at any time.

Without limiting the foregoing, the Board may, without obtaining shareholder approval, amend the Stock Option Plan, and any options granted under the Stock Option Plan, to (i) amend the vesting provisions, (ii) amend the termination provisions, except in certain limited circumstances as described in the preceding paragraph, (iii) amend the eligibility requirements of eligible recipients which would have the potential of broadening or increasing insider participation, (iv) add any form of financial assistance, (v) amend a financial assistance provision which is more favorable to eligible recipients, (vi) add a cashless exercise feature, payable in cash or securities, whether or not the feature provides for a full deduction of the number of underlying Common Shares from the reserved Common Shares, (vii) add a deferred or restricted share unit or any other provision which results in the eligible recipients receiving securities while no cash consideration is received by the Corporation, and (viii) make amendment of a housekeeping nature or to comply with the requirement of any regulatory authority.

The Stock Option Plan contains provisions for certain adjustments in the event of a corporate reorganization, including an amalgamation or merger of the Corporation with or into another Corporation, and for accelerated vesting of options in the event of a change of control (as defined in the Plan) of the Corporation.

The Corporation does not provide financial assistance to participants under the Stock Option Plan. There are no entitlements under the Stock Option Plan that have been granted but are subject to ratification by the Corporation's shareholders.

The amendments to, and the restatement of, the Stock Option Plan by the Board of Directors on February 22, 2007 was conditionally approved by the TSX. As described elsewhere in this Circular, certain changes approved by the Board are subject to shareholder approval under the rules of the TSX. Certain other changes approved by the Board were of a housekeeping nature and do not require shareholder approval.
