**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Members' and Board of Members of Treasury Brokerage, LLC

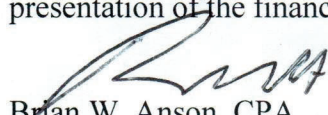

**Opinion on the Financial Statements**

I have audited the accompanying statement of financial condition of Treasury Brokerage, LLC as of December 31, 2022, and the related notes (collectively referred to as the financial statements). In my opinion, the financial statements present fairly, in all material respects, the financial position of Treasury Brokerage, LLC as of December 31, 2022, in conformity with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

These financial statements are the responsibility of Treasury Brokerage, LLC's management. My responsibility is to express an opinion on Treasury Brokerage, LLC's financial statements based on my audit. I am a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and am required to be independent with respect to Treasury Brokerage, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

I conducted my audit in accordance with the standards of the PCAOB. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. My audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. My audit also included evaluating the accounting principles used and significant estimates made by management, as evaluating the overall presentation of the financial statements. I believe that my audit provides a reasonable basis for my opinion.

Brian W. Anson, CPA

I have served as Treasury Brokerage, LLC's auditor since 2015.

**5. COMPUTATION OF DETERMINATION OF RESERVE REQUIREMENTS**

Under its membership agreement with FINRA and relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. §240.17a-5, the Company (1) does not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, (2) does not and will not carry accounts of or for customers, and (3) does not and will not carry PAB accounts. Consequently, a reserve requirement was not calculated, and a reconciliation to that calculation is not included herein.

**6. FAIR VALUE**

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritized the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes the transaction to sell the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820 are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

The Company had no levels to measure at December 31, 2022.

**7. SUBSEQUENT EVENTS**

The Company has evaluated subsequent events from the statement of financial condition through January 31, 2022, the date the financial statements were available to be issued. During this period, no subsequent events occurred that require recognition or disclosure in the financial statements.

**8. COMMITMENTS AND CONTINGENCIES**
