**Item 1.01. Entry into a Material Definitive Agreement.**

***General***

Entrex Carbon Market, Inc (fka UHF Logistics Group, Inc) (OTC:RGLG) executed a letter of intent with Empire Hydrogen Energy Systems, Inc. ([www.EmpireHydrogen.com](http://www.EmpireHydrogen.com)) to purchase 1000 of their fuel enhancement systems for installation in Entrex's mobile data centers with an estimated to cost of \$10,000,000.

The use of the Empire fuel enhancement system predicts a more complete burn within the generators utilized for Entrex's mobile data facilities which, through the resultant emission reduction, is anticipated to increase carbon offsets produced and monetized adding to the revenue stream of the mobile data centers.

Additionally, the installation of the Empire Hydrogen fuel enhancement systems projects 10-25 percent higher horsepower which in turn reduces Entrex's mobile data center's operating costs significantly.

Through these anticipated benefits Entrex anticipates significant increase in revenues while additionally meaningfully lowering operating costs for each of the mobile data facilities anticipated installed in 2024.

**SIGNATURE**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Dated: June 19, 2024
