

News Release

Alexco Closes C\$9 Million Flow-Through Equity Financing

May 30, 2017 – Alexco Resource Corp. (TSX:AXR, NYSE-MKT:AXU) (“Alexco” or the “Company”) announces that it has closed the previously announced flow-through private placement (the “Offering”) with an underwriter (the “Underwriter”). With full subscription of the over-allotment option and increase to the deal announced previously, the Company has issued a total of 4,205,820 flow-through common shares (the “Flow-Through Shares”) at a price of C\$2.15 per share for gross proceeds C\$9,042,513.

In connection with the Offering, the Company has paid the Underwriter a cash commission equal to 6% of the gross proceeds from the sale of the Flow-Through Shares. The Underwriter also received 126,174 warrants, being that number of warrants equal to 3% of the number of Flow-Through Shares sold. Each warrant entitles the holder to acquire one non-flow-through common share of the Company at a price of C\$2.15 until May 30, 2019.

The net proceeds from the sale of the Flow-Through Shares will be used for expenditures on the Company’s Keno Hill District exploration properties, which qualify as Canadian exploration expenses (within the meaning of the *Income Tax Act* (Canada)). The Company will renounce such Canadian exploration expenses with an effective date of no later than December 31, 2017. With completion of this Offering, the Company is fully funded for all planned 2017 expenditures.

Certain directors and senior officers of the Company participated in the Offering by purchasing an aggregate of 66,730 Flow-Through Shares. Accordingly, the Offering constituted to that extent a “related party transaction” under applicable Canadian securities laws. The Company did not file a material change report more than 21 days before the expected closing of the Offering as the details of the Offering and the participation therein by related parties of the Company were not settled until shortly prior to closing and the Company wished to close on an expedited basis for sound business reasons.

The Flow-Through Shares issued under the Offering are subject to a hold period and may not be traded until October 1, 2017 except as permitted by applicable securities legislation and the rules and policies of the Toronto Stock Exchange.

About Alexco

Alexco Resource Corp. owns the Bellekeno silver mine, one of several mineral properties held by Alexco which encompass substantially all of the historical Keno Hill Silver District located in Canada’s Yukon Territory. Employing a unique business model, Alexco also provides mine-related environmental services, remediation technologies and reclamation and mine closure services to both government and industry clients through the Alexco Environmental Group, its wholly-owned environmental services division.

This news release does not constitute an offer to sell or a solicitation of an offer to buy nor shall there be any sale of any of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful, including in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any securities laws of any state of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the U.S. Securities Act) unless registered under the U.S. Securities Act and applicable state securities laws or pursuant to an exemption from such registration requirements.

Some statements ("forward-looking statements") in this news release contain forward-looking information concerning the Offering and the use of proceeds thereof, the Company's anticipated results and developments in the Company's operations in future periods, planned exploration and development of its properties, plans related to its business and other matters that may occur in the future, made as of the date of this news release. Forward-looking statements may include, but are not limited to, statements with respect to the anticipated use of proceeds from the Offering and future exploration and development activities. Forward-looking statements are subject to a variety of known and unknown risks, uncertainties and other factors which could cause actual events or results to differ from those expressed or implied by the forward-looking statements. Such factors include, among others, risks related to conditions precedent to closing of the Offering, including regulatory approval of the Offering, not being satisfied in a timely manner or at all; risks related to Alexco's ability to raise additional capital; actual results and timing of exploration and development activities; actual results and timing of mining activities; actual results and timing of environmental services activities; actual results and timing of remediation and reclamation activities; conclusions of economic evaluations; changes in project parameters as plans continue to be refined; future prices of silver, gold, lead, zinc and other commodities; possible variations in mineable resources, grade or recovery rates; failure of plant, equipment or processes to operate as anticipated; accidents, labour disputes and other risks of the mining industry; First Nation rights and title; continued capitalization and commercial viability; global economic conditions; competition; and delays in obtaining governmental approvals or financing or in the completion of development activities. Forward-looking statements are based on certain assumptions that management believes are reasonable at the time they are made. In making the forward-looking statements included in this news release, the Company has applied several material assumptions, including, but not limited to, the assumption that the Company will be able to raise additional capital that the proposed exploration and development will proceed as planned, and that market fundamentals will result in sustained silver, gold, lead and zinc demand and prices. There can be no assurance that forward-looking statements will prove to be accurate and actual results and future events could differ materially from those anticipated in such statements. The Company expressly disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise, except as otherwise required by applicable securities legislation.
