**Re: Snowdon Resources Corporation
Amendment No. 4 to Registration Statement on
Form SB-2
Filed January 23, 2007
File No. 333-134943**

Dear Mr. Schorn:

We have limited our review of your filing to the items previously addressed in our comment letter of October 17, 2007. The staff has decided to reissue those comments in their entirety, for more substantive and explanatory disclosure for potential investors in the prospectus.

As appropriate, please amend your registration statement in response to these comments. You may wish to provide us with marked copies of the amendment to expedite our review. Please furnish a cover letter with your amendment that keys your responses to our comments and provides any requested information. Detailed cover letters greatly facilitate our review. Please understand that we may have additional comments after reviewing your amendment and responses to our comments.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Act of 1933 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.
