**Re: China Biologic Products, Inc.
Registration Statement on Form S-1/A
Filed December 1, 2009
File No. 333-160774**

Dear Mr. Kuo:

We have reviewed your amended filing together with the response letter sent by your counsel dated December 1, 2009 and have the following comments. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Item 16. Exhibits and Financial Statement Schedules

Notes to Consolidated Financial Statements – June 30, 2009, page F-5

Note 21 – Business Combinations, page F-34

1. We refer to your response to prior comment three. Based on your agreement, it appears that the company did obtain a controlling interest in Qianfeng upon payment of the second installment. Your agreement appears to indicate that the shareholder's rights of Dalin, which were entrusted to the company upon payment of the second installment,

include a 54% interest in Qianfeng's equity. Please further explain why you do not believe this interest in Qianfeng is a controlling financial interest upon payment of the second installment based on the guidance in paragraph 2 of ARB 51. Please note that paragraph 2 of ARB 51 states, "the usual condition for a controlling financial interest is ownership of a majority voting interest, and, therefore, as a general rule, ownership by one entity, directly or indirectly, of more than 50 percent of the outstanding voting shares of another entity is a condition pointing toward consolidation."

* * *

As appropriate, please revise your information statement in response to these comments. You may wish to provide us with marked copies of the revised document to expedite our review. Please furnish a response letter that keys your responses to our comments. Detailed cover letters greatly facilitate our review. Please file your cover letter on EDGAR under the form type label CORRESP. Please understand that we may have additional comments after reviewing your amendment and response to our comment.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings reviewed by the staff to be certain that they have provided all information investors require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that

- the company is responsible for the adequacy and accuracy of the disclosure in the filings;
- staff comments or changes to disclosure in response to staff comments in the filings reviewed by the staff do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in our review of your filing or in response to our comments on your filing.
