Form 10-K for the Year Ended December 31, 2009

Management's Discussion and Analysis of Financial Condition and Results of Operations, page 19

1. We have reviewed your response to prior comment 1 in our letter dated September 21, 2010, and we disagree with your conclusion. Please revise your filings to include the quantitative information that you provided on page 26 of Form S-1/A filed June 6, 2007, that is, a chart that quantifies the volumes sold and prices of your products for all periods presented in your financial statements. We refer you to Item 303(a)(3)(iii) and Instruction 4 to 303(a) for further guidance.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In responding to our comments, please provide a written statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

You may contact Suying Li at (202) 551-3335, or Sandy Eisen at (202) 551-3864, if you have questions regarding comments on the financial statements and related matters. Please contact me at (202) 551-3489 with any other questions

Sincerely,
