3. Please discuss whether your existing cash, cash equivalents, net cash from operations and sources of liquidity will be sufficient to fund your operations, anticipated capital expenditures and debt repayment obligations for at least the next twelve months. In addition, provide a discussion regarding the company's ability to meet its long-term liquidity needs. Note that we consider "long-term" to be the period in excess of the next twelve months. Refer to Section IV of the Commission's Interpretive Release on Management Discussion and Analysis of Financial Condition and Results of Operations which is located on our website at: <http://www.sec.gov/rules/interp/33-8350.htm>.

4. With respect to each of your contingent liabilities, please fully comply with the disclosure requirements of FASB ASC 450-20, including an estimate of the possible loss or range of loss or a statement that such an estimate cannot be made.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In responding to our comments, please provide a written statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
