Filed March 2, 2009
File No. 000-27251**

Dear Mr. O'Brien:

We have reviewed your filings and have the following comments. In some comments we have asked you to provide us with additional information so we may better understand your disclosure. Please do so within the time frame set forth below. You should comply with the remaining comments in all future filings, as applicable. Please confirm in writing that you will do so and also explain to us in sufficient detail how you intend to comply by providing us with your proposed revisions. If you disagree with any of these comments, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. Please understand that after our review of all of your responses, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Form 10-K for the Fiscal Year Ended December 31, 2008

Environmental Matters, page 20

1. We note your disclosure that you have reserves for known unindemnified environmental matters for which you will be responsible. Please tell us, with a view toward future disclosure, the effects that compliance with federal, state and local provisions which have been enacted or adopted regulating the discharge of materials into the environment, or otherwise relating to the protection of the environment, may have upon your capital expenditures, earnings and competitive position. See Item 101(c)(1)(xii) of Regulation S-K.

Item 1A. Risk Factors, page 21

2. We note your disclosure that the risks described may not be the only risks you face and that there may be risks that you do not yet know of. In future filings, please delete the second and third sentences of the first paragraph. All material risks should be described in your disclosure. If risks are not deemed material, you should not reference them.

Item 3. Legal Proceedings, page 30

3. We note your disclosure on page 20 that you have received notices of alleged violations of environmental laws. Please describe for us, with a view toward future disclosure, any proceedings required to be disclosed under Instruction 5 to Item 103 of Regulation S-K.
4. Please quantify for us, with a view toward future disclosure, the relief sought by the California counties in the litigation commenced in the Superior Court of California, and the class action lawsuits filed in the United States District Court for the District of Kansas.

Item 7. Management's Discussion and Analysis of Financial Condition....., page 35

Historical Results of Operations, page 36

5. We note you have identified Travel Centers of America, Inc as your predecessor. We also note in your presentation and discussion that you combined the pre and post transaction periods in the combined financial statements in 2007 without the pro forma adjustments under Article 11 of Regulation S-X. Note that for the purpose of discussing your results of operations, you must discuss the periods covered by your historical financial statements. If you determined that a supplemental discussion in MD&A based on pro forma financial information is appropriate, then the pro forma financial information may be presented in a

format consistent with Article 11 of Regulation S-X. It is inappropriate to merely combine pre and post period financial information without the relevant pro forma adjustments. In this regard, please include a discussion of your historical results of operations for the predecessor period from January 1, 2007 to January 31, 2007 and the successor period from February 1, 2007 to December 31, 2007.

Same Site Results Comparisons, page 38

6. We note that you combined the pre and post transaction periods' for the 2007 same site financial information and the related operating results discussion. We note you use the same site fuel sales volume, fuel margin, total non-fuel revenues, operating expense and rent and royalty revenues in your presentation without the relevant pro forma adjustments under Article 11 of Regulation S-X. We believe such presentation and discussion to be inappropriate. If you believe the presentation and discussion is important to enhance understanding of your business and operations, you should provide them on a pro forma basis including the relevant pro forma adjustments.

Summary of Contractual Obligations and Commitments, page 53

7. We note your presentation of contractual obligation regarding the leases with Hospitality Trust. However, we cannot reconcile the presented amount to the minimum lease payment amount disclosed in Note 13 on page F-22. Please explain and revise to clarify your disclosures, as appropriate.
8. Please present your capital lease obligations in the contractual obligation table as required by Item 303 (a) (5) of Regulation S-K.

Item 15. Exhibits and Financial Statement Schedules, page 60

9. It appears that schedules and exhibits related to Exhibit 10.18, the loan and security agreement dated November 19, 2007, have not been filed on EDGAR. Please refile this agreement in your next periodic report, including all related schedules and exhibits.

Financial Statements and Notes

13. Leasing Transactions, page F-24

10. We note your disclosure that "[a]lthough they are legally owned by Hospitality Trust, the assets related to the qualifying capital improvements we sell to Hospitality Trust remain on our balance sheet after the sales and are amortized over the lives of the assets or the remaining term of the lease, whichever is

shorter, as depreciation and amortization expense.” We also note that the majority of your leases with Hospitality Trust are classified as operating leases. In that regard, explain to us and clarify in your disclosures your GAAP basis to continue reporting the sold capital improvement assets on the balance sheet.

18. We note the discussion of the items the compensation committee considered in awarding the cash bonus and share award to Mr. O'Brien. Please identify and discuss in greater detail, with a view toward future disclosure, the elements and measurements of financial performance that the compensation committee used in determining Mr. O'Brien's annual bonus, and explain how the amount of the bonus was determined.

Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.
