Management's Discussion and Analysis of Financial Condition and Results of Operations  
Financial Overview, page 40

1. We note your response to comment 2. Disclose, in future filings, how the customer accounts related to the margin loan loss were "well margined" considering you only recovered \$5 million from the liquidation of collateral.

Item 3. Quantitative and Qualitative Disclosures about Market Risk  
Margin Loans, page 59

2. We note your response to comment 2. Given that margin loans represent a significant portion of total assets, the differing risk levels associated with these types of loans as well as the events and circumstances which lead to the gross losses and minimal recoveries recognized, please address the following in order to provide investors with an enhanced understanding of the Company's exposures as it relates to the margin loans:

- Disaggregate your margin loans by type, amount and underlying strategy; and
- Disclose if you revised or enhanced your policies for margin loans in response to the loss incurred.

You may contact Michelle Miller at 202-551-3368 or Marc Thomas at 202-551-3452 if you have questions regarding comments.

Sincerely,

Division of Corporation Finance
