Notes to the Financial Statement
As of and for the Year Ended June 30, 2022

As Restated

(1) Organization and Nature of Business

Clearview Trading Advisors, Inc. (the “Company”) is a C-Corporation incorporated in the state of New York on October 17, 2006. It is organized to be active in various aspects of the securities industry and is registered to be a broker-dealer with the Financial Industry Regulatory Authority (FINRA) and the Securities and Exchange Commission (SEC). The Company is a non-clearing broker and does not handle any customer funds or securities. The Company was located in New York City through January 31, 2021. Effective that date, the Company moved its operations to Tenafly, New Jersey. Customers are located throughout the United States.

The Company’s current membership agreement with FINRA states the firm will operate under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that rule. None of the business activities conducted by the Company during the year ended June 30, 2022 fall under Paragraph (k)(2)(ii). Accordingly, the business activities conducted by the Company during the year ended June 30, 2022 relied upon Footnote 74 of the SEC Release No. 34-70073.

On January 25, 2021 the Company entered a Stock Purchase Agreement with CTA Holdings LLC to sell 95% of the issued and outstanding capital stock of the Company to CTA Holdings LLC. The transaction is contingent upon receiving FINRA approval under Rule 1017 application. As of June 30, 2022, the transaction was pending FINRA approval. See footnote 2 for more information.

(2) Restatement

As part of a 2019 FINRA cycle examination, the Company has signed an Acceptance, Waiver and Consent on September 15, 2022 to settle alleged rule violations related to the Company’s previous business line activity of brokerage activities with low priced securities and related anti-money laundering systems and procedures. The Acceptance, Waiver and Consent stipulates a censure and \$100,000 fine to the Company. The Acceptance, Waiver and Consent was accepted by FINRA on November 21, 2022.

The Company is restating its financials for the year ending June 30, 2022 to accrue a liability of \$100,000 for the Acceptance, Waiver and Consent.

(3) Summary of Significant Accounting Policies

Significant Credit Risk and Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management of the Company to use estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

There were no liabilities subordinated to claims of general creditors during the year ended June 30, 2022.

Cash and Cash Equivalents

The Company has defined cash and cash equivalents as highly liquid investments with original maturities of less than 90 days that are not held for sale in the ordinary course of business. Cash and cash equivalents include money market accounts. Financial instruments that potentially subject the Company to credit risk consist primarily of cash and cash equivalents and amounts due from broker dealers. The Company maintains cash and money market balances with commercial banks and other major institutions. At times, such amounts may exceed Federal Deposit Insurance Corporation limits.

(3) Summary of Significant Accounting Policies (Continued)

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses.

Income Taxes

The Company accounts for income taxes using the asset and liability method. Under this method, deferred tax assets and liabilities are recognized with respect to the future tax consequences attributable to differences between the tax basis of assets and liabilities and their carrying amounts for financial statement purposes. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the period that includes the enactment date.

Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, Income Taxes. Under the guidance, the Company assesses the likelihood, based on technical merit, that the tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of the reporting period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change. The Company recognizes the accrual of any interest and penalties to unrecognized tax benefits in income tax expense.

The Company is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The company believes that the tax years 2018 to 2021 may still be subject to income tax examination.

Fair Value of Financial Instruments

The Company's financial instruments, including cash, prepaid expenses and accounts payable and accrued expenses, are carried at cost, which approximates their fair value because of the short-term nature of these assets and liabilities.

(4) Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c-3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At June 30, 2022 the Company had net capital of \$(99,844) which was \$(199,844) less than its required net capital of \$100,000. The Company had a percentage of aggregate indebtedness to net capital of (-764.16%) as of June 30, 2022.

(5) Related Party Transactions

A registered representative of the Company is also a managing director of Net Lease Capital. The Company earned \$2,461,115 from Net Lease Capital in private placement fees as shown on the statement of operations for the year ended June 30, 2022.

(6) Concentrations

There was one major customer of the Company, Net Lease Capital, that represented 100% of the private placement revenue for the year ended June 30, 2022.

CLEARVIEW TRADING ADVISORS, INC.

Notes to the Financial Statement
As of and for the Year Ended June 30, 2022
As Restated

(7) Income Taxes

The provision for income taxes for the year ended June 30, 2022 is as follows:

Current income tax expense

Federal	\$ -
State and local	<u>403</u>
Total Current	<u>403</u>

Deferred income tax expense

Federal	-
State and local	<u>-</u>
Total deferred	<u>-</u>
Total provision for income taxes	\$ <u>403</u>

Deferred income taxes are provided for the temporary differences between the financial reporting basis and the tax basis of the Company's assets and liabilities. The tax effects of the temporary differences that give rise to the significant portions of the deferred income tax assets as of June 30, 2022 are a Net operating loss (NOL) carry-forward of approximately \$815,000. This NOL gives rise to a deferred tax asset of approximately \$275,000. The deferred tax asset is fully offset by a valuation allowance in the same amount, which results in no deferred tax asset being reflected on the Statement of Financial Condition. The utilization of the NOL will reduce future year's Provisions for income taxes. If not fully utilized, approximately \$635,000 of the NOL will expire by June 30, 2038 and approximately \$180,000 will be available indefinitely.

(8) Subsequent Events

The Company has evaluated subsequent events through August 1, 2023, the date these financial statements were available for issuance. Management has concluded that there were no significant events requiring recognition and/or disclosure in the financial statements, except for the following:

On September 7, 2022, the sole existing shareholder made an additional paid-in capital deposit of \$150,000.

On September 8, 2022, the sole existing shareholder made an additional paid-in capital deposit of \$100,000.

On September 16, 2022, the Company signed an Acceptance, Waiver and Consent with FINRA for a \$100,000 fine.

On November 21, 2022, FINRA accepted the Acceptance, Waiver and Consent.
