MSC-BD, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization and business

MSC-BD, LLC (the “Company”) is a Florida limited liability company formed on July 10, 2006. As a limited liability company, the member’s liability is limited to its investment. The Company is a wholly owned subsidiary of Madison Street Capital, LLC (the “Member”), an Illinois limited liability company. The Company is a broker-dealer and is registered with the Securities and Exchange Commission (“SEC”). The Company is a member of the Financial Industry Regulatory Authority and approved to conduct private placements and provide investment banking, mergers and acquisitions, and financial and capital advisory services to clients in various industries. The Company also offers its customers mutual funds and variable annuity products.

Cash

The Company maintains its bank account in a high credit quality financial institution. The balance at times may exceed federally insured limits.

Revenue from Contracts with Customers

Revenue from contracts with customers includes private placement and advisory services related to capital raising activities and mergers and acquisitions transactions as well as commissions. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on appropriate measure of the Company’s progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events.

The Company recognizes commission revenue upon issuance or renewal of an insurance policy as this satisfies the only performance obligation identified by the Company.

MSC-BD, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue from Contracts with Customers (Continued)

Revenue from private placement and advisory services is generally recognized at the point in time that performance under the agreement is completed (the closing date of the transaction) or the contract is terminated. However, for certain contracts, revenue is recognized over time for advisory agreements in which the performance obligations are simultaneously provided by the Company and consumed by the customer. Advisory agreements often contain nonrefundable retainer fees, and/or success fees, which may be fixed or represent a percentage of the value that the customer receives, if and when the transaction is completed (“success fee”). In some circumstances, significant judgment is needed to determine the timing and measure of progress appropriate for revenue recognition under a specific contract. If a promised good or service is not distinct, the Company combines that good or service with other promised goods or services until it identifies a bundle of goods or services that is distinct. In some cases, this would result in the Company accounting for all the services promised in a contract as a single performance obligation and, if unfulfilled, retainers received would be reflected as deferred revenue on the accompanying Statement of Financial Condition. The Company has evaluated its nonrefundable retainer fees to ensure they relate to the transfer of goods or services, as a distinct performance obligation, in exchange for the retainer. Retainers received from engagements in which performance obligations were not satisfied prior to the end of 2023 amounted to \$15,000.

The Company recognizes certain retainer revenue from contracts with customers at the point in time in which specified deliverables are transferred to the Company’s customers. The amount of retainers recognized upon the fulfillment of the aforementioned performance obligations without the completion of a transaction, or formal termination of the engagement, was approximately \$102,500 which is included in Investment Banking revenue in the accompanying Statement of Operations. Success fees are recognized upon the consummation of a transaction as this satisfies the only performance obligation identified by the Company.

The Company recognizes fees from private placements upon the sale of each interest in an offering as this satisfies the only performance obligation identified by the Company.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses. Actual results could differ from the estimates that were assumed in preparing the financial statements.

MSC-BD, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Company is a single-member limited liability company and is considered a disregarded entity for federal income tax reporting purposes. Accordingly, the Company does not file a separate income tax return. Therefore, the effects of the Company's operations are passed through to the Member for taxation purposes. The Company's Member is taxed as a partnership.

The Company follows the provisions of FASB Accounting Standards Codification 740-10 ("ASC 740-10"), Accounting for Uncertainty in Income Taxes. Under FASB ASC 740-10, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, including its status as a pass-through entity, and the decision not to file a return.

The Company has evaluated each of its tax positions and has determined that it has no uncertain tax positions for which a provision or liability for income taxes is necessary.

Accounts Receivable

Accounts receivable are non-interest-bearing, uncollateralized obligations receivable in accordance with the terms agreed upon with each customer. The Company regularly reviews its accounts receivable for any uncollectible amounts. The review for uncollectible amounts is based on an analysis of the Company's collection experience, customer credit worthiness, and current economic trends. Based on management's review, no allowance for credit losses is considered necessary.

NOTE 2 - NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital equal to the greater of \$5,000 or 6 2/3% of aggregate indebtedness as well as a ratio of aggregate indebtedness to net capital that shall not exceed 15 to 1, both as defined.

At December 31, 2023, the Company had net capital of \$13,513, which was \$8,513 above its required minimum net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 4.87 to 1.00.

MSC-BD, LLC

DECEMBER 31, 2023

NOTE 3 - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through the date the financial statements were issued.

NOTE 4 - CONTINGENCIES

The Company is subject to litigation in the normal course of business. The Company has one litigation matter in progress at December 31, 2023, as defendant.

The matter in progress at December 31, 2023 pertains to the Company as a defendant, along with many other broker dealers, for its sale of investments in a family of Funds. Investors and regulators allege, among other things, that the Funds are Ponzi schemes and that the organizers and officers of the Funds took undisclosed fees and payments from the Funds. The Company sold approximately \$2 million of investments in the Funds. The resolution of this matter is unknown.

NOTE 5 - CONCENTRATIONS

Approximately 71% of the Company's investment banking revenue was earned from three customers. Approximately 99% of accounts receivable at December 31, 2023, is due from one customer.

NOTE 6 - RELATED PARTY TRANSACTIONS

The Company operates from office space provided by its president and chief compliance officer at no cost to the Company.

A sister company at times pays or assumes operating expenses of the Company for which it subsequently forgives the amount to which it is entitled to be reimbursed. During 2023, the sister company paid or assumed approximately \$28,416 of such expenses of the Company which were forgiven by the sister company. This amount has been included as forgiveness of indebtedness revenue within the accompanying Statement of Operations.

NOTE 6 - RELATED PARTY TRANSACTIONS (Continued)

Financial position and results of operations could differ from the amounts in the accompanying financial statements if these related party transactions did not exist.
