Unaudited Pro Forma Combined Condensed Consolidated Financial Statements, page 88

35. We note your reference to the historical financial statements of PBB as the basis for preparing the pro forma financial statements. Because the merger of CGB into PBB has not occurred, it appears the historical financial statements used to prepare the pro forma financial statements are those of CGB. Please revise to provide an expanded discussion of the basis for presenting the historical financial information of CGB as that of PBB prior to the scheduled merger of the two entities. Similarly, revise throughout the document.

Note 1. Basis of Presentation, page 92

36. Please revise here and elsewhere in the document, as applicable, to discuss in more detail the method(s) used by the Funds to determine the fair value of Manhattan Bancorp’s shares of \$5.20.

Note 3. Preliminary Pro Forma Adjustments, page 93

37. Please revise the adjustments to the pro forma financial statements to present each adjustment in a self-balancing format that allows a reader to trace the adjustment into the pro forma financial statements. Your revisions should include all material assumptions used to determine the amount of the adjustments, the basis used to determine the reasonableness of the assumptions, and enough information to easily recalculate the amount of the adjustments.

38. Please revise to provide pro forma adjustments that clearly remove each component of Manhattan Bancorp's historical equity.
39. Please revise pro forma adjustment I to disclose the amount of anti-dilutive shares that may be dilutive in the future. Similarly revise the footnotes to CGB's audited and unaudited financial statements included in this document. Refer to ASC 260.

42. Please revise the description of the loan maturities and repricing schedule on page 125 to explain the basis for considering repricings in this presentation. Industry Guide 3 requires that the presentation of loan maturities be presented based on the contractual maturities of the underlying loans.

Nonperforming Assets, page 125

43. Please revise this section to provide an expanded discussion of the changes in troubled debt restructured (TDR) loans between periods. Disclose your policy for removing loans from TDR status and how you account for the allowance for loan losses related to these loans subsequent to removal of that status.

44. Please revise to discuss the relationship of charge-offs to recoveries, considering significant recoveries in the same period(s) of the charge-offs and the recovery of loans for which no charge-offs are reflected in the table.
45. Please correct the reference to SOP 09-3 on page 128, or advise.

Investment Portfolio, page 128

46. Please revise the reference to PBB's investment securities in the table on page 129. These appear to be CGB's investment securities.
