Management's Discussion and Analysis of Financial Condition and Results of Operations, page 39

1. In future filings, please consider expanding your management's discussion and analysis to provide a balanced and meaningful discussion of known material trends and uncertainties that will, or are reasonably likely to, have a material impact on your revenues or income or result in your liquidity decreasing or increasing in any material way. For example, consider discussing the deceleration of your revenue growth and any trends related to your negative cash flows to the extent any are known trends or uncertainties that you expect may continue to impact your results in future periods. Further, please discuss in reasonable detail any economic or industry-wide factors relevant to your company and any material opportunities, challenges and risks you may

face in the short and long term and the actions you are taking to address them. For guidance, please consider Sections III.A and III.B of SEC Release No. 33-8350.

2. Please tell us what consideration was given to separately quantifying the revenue attributable to subscription services, consulting services and E-learning content. See ASC 280-10-50-40. As part of your response, please tell us how you considered providing similar disclosure in your MD&A as well as discussing the changes in each revenue category.

Metrics, page 19

3. Please tell us what consideration you have given to disclosing a dollar retention rate metric, or other renewal rate metric, on a quarterly basis. In this regard, we note that it appears that your revenue growth is becoming more dependent upon revenue from existing clients and less dependent upon the acquisition of new clients.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings to be certain that the filings include the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In responding to our comments, please provide a written statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filings;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filings; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
