Form 10-Q for the Quarterly Period Ended March 31, 2019

Item 1. Financial Statements

Notes to Financial Statements (Unaudited)

14. Segment Reporting, page 45

1. We note that you have changed from four reportable segments to one reportable segment. Please explain why it is appropriate to continue to provide segment disclosures (e.g., segment revenues, segment expenses, segment operating earnings, segment assets/liabilities, disaggregated segment revenues by business line disclosures, etc.) and how your current disclosures are consistent with ASC 280. In this regard, if you have only one reportable segment, explain why it is appropriate to present business line level information here. Please advise or revise your future filings to remove all such "segment" and business line references and information.

2. We note your presentation of segment results, segment revenues, segment expense, and segment operating earnings here and within the "Segment Analysis" section of Management's Discussion and Analysis, beginning on page 82. We also note your presentation of segment balance sheets on pages 94-95. Please tell us why you believe this presentation complies with ASC 280-10-50, given your determination that you have one segment. In addition, tell us why you believe your presentation of the segment results (page 82) and segment balance sheets (pages 94-95) complies with the prominence considerations under Question 102.10 of the updated Non-GAAP C&DI.

In closing, we remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.
