**Re: Quest Energy Partners, L.P.  
Amendment No. 2 to Registration Statement on Form S-1  
Filed September 28, 2007  
File No. 333-144716**

Dear Mr. Grose:

We have reviewed your response letter and the amended filing and have the following comments regarding executive compensation. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Form S-1/A

Executive Compensation and Analysis, page 139

1. We note your response to our previous comment 7 regarding the competitive harm you believe you would suffer if information regarding your performance targets was disclosed. Please explain in reasonable detail exactly how competitors would use the targets to glean specific information that could be used to cause you harm. Please include a discussion of specific facts and circumstances, including how companies compete in your industry. Put another

way, please explain how the information regarding your targets would provide your competitors with “valuable knowledge” regarding your plans for growth in your developing operative areas given the disclosure that you already make public, such as the disclosure under the heading “Future Capital Expenditures” in your MD&A on page 105.

2. Further, please explain how disclosure of your targets would cause you competitive harm in your “intense competition for executive talent.” We note that you will be required to disclose total compensation for the covered years. Please explain what additional harm could result from disclosing one discreet component of that compensation.

#### Closing Comments

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Act of 1933 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company’s disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

Notwithstanding our comments, in the event the company requests acceleration of the effective date of the pending registration statement, it should furnish a letter, at the time of such request, acknowledging that:

- should the Commission or the staff, acting pursuant to delegated authority, declare the filing effective, it does not foreclose the Commission from taking any action with respect to the filing;
- the action of the Commission or the staff, acting pursuant to delegated authority, in declaring the filing effective, does not relieve the company from its full responsibility for the adequacy and accuracy of the disclosure in the filing; and
- the company may not assert staff comments and the declaration of effectiveness as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in connection with our review of your filing or in response to our comments on your filing.

We will consider a written request for acceleration of the effective date of the registration statement as confirmation of the fact that those requesting acceleration are aware of their respective responsibilities under the Securities Act of 1933 and the

Securities Exchange Act of 1934 as they relate to the proposed public offering of the securities specified in the above registration statement. We will act on the request and, pursuant to delegated authority, grant acceleration of the effective date.

We direct your attention to Rules 460 and 461 regarding requesting acceleration of a registration statement. Please allow adequate time after the filing of any amendment for further review before submitting a request for acceleration. Please provide this request at least two business days in advance of the requested effective date.
