Dear Mr. Morgan:

We have reviewed your filing and have the following comments. Where indicated, we think you should revise your documents in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Information Statement

General

1. Please tell us whether you intend to register any securities issued in connection with the spin-off under the Securities Act. We note from your press releases that Wachovia Securities is serving as financial advisor to Acuity Brands in the transaction and that SpinCo management intends to conduct a roadshow in the fall prior to the distribution date.
2. Please include an Interests of Certain Persons in the forepart of the document if any executive officers or directors will receive any benefits or remuneration not

received by other shareholders in connection with the spin-off. See Item 3 of Schedule 14C.

3. Please clarify throughout the filing whether the receipt of the IRS letter ruling to the effect that the spin-off will be tax-free to stockholders is a condition to the spin-off or whether you intend to consummate the spin-off even if you do not receive this ruling. For example, on page F-7 you state a favorable tax ruling is a condition to the transaction; however, on page 18 you state that an unfavorable ruling would result in a substantial corporate tax liability. In addition, revise your filing to state that you will receive a tax opinion from counsel, such as on pages 10 and 33. File copies of these tax documents as exhibits to your amended Form 10. See Item 601(b)(8) of Regulation S-K.
4. Please clarify in the filing whether all the conditions in the distribution agreement will have occurred prior to sending the information statement, such as receipt of the IRS ruling and final approval by Acuity Brands' board of directors.

Questions and Answers about SpinCo and the Spin-off, page 7

5. Please disclose why no shareholder vote is required for the spin-off.
6. Please briefly describe the material terms of the distribution agreement.
7. Please quantify the costs of the transaction, including material restructuring charges and costs to operate as a standalone company.

Summary Financial Data, page 13

8. Please disclose pro forma earnings per share for the most recent year and interim period giving effect to the spin-off shares. Please also disclose separately by type of security anti-dilutive shares not included in the calculation of diluted earnings per share. Please also provide similar disclosure on page 43 of the filing.

Cautionary Statement Regarding Forward-Looking Statements, page 16

9. Section 21E(a)(1) of the Exchange Act expressly states that the safe harbor for forward-looking statements only applies to an issuer that, at the time that the statement is made, is subject to the reporting requirements of section 13(a) or section 15(d). Please revise accordingly.

Risk Factors, page 17

10. Please provide the information investors need to assess the magnitude of the risk. For example, quantify:

- the costs of operating as a stand alone company on page 17,
- the potential corporate tax payable by Acuity Brands is the spin-off fails to qualify for tax-free treatment on page 18,
- the potential cost of terminating the services agreement with Acuity Brands on page 19, and
- your debt service obligations and the funds that are available to satisfy your debt payments on page 26.

The Spin-Off, page 28

11. Please describe the background for the spin-off. For example, please identify the outside advisors to the company, such as Wachovia Securities, and the material business, legal and financial issues considered. See Items 1005(b) and 1011(a)(1) of Regulation M-A.

Relationship between Acuity Brands and Us Following the Spin-Off, page 35

Capitalization, page 40

13. Please revise the common stock and paid in capital line item to show the components in each category after distribution. Please also disclose the number of common shares of authorized, issued and outstanding on a pro forma basis in the capitalization table. On page 11 and page 39, you indicate that you will distribute amounts to Acuity Brands in connection with the spin-off. Please disclose and tell us how this distribution is reflected in the capitalization table. Please revise your capitalization table accordingly.

Pro Forma Financial Information, page 42

14. On page F-16, you indicate that as part of the distribution agreement, Spinco expects to assume or otherwise refinance \$75 million in debt. You also indicate that assumptions regarding debt issuances are based on Spinco's anticipated financial condition at the time of the spin-off. Given that the terms of the refinancing of the \$75 million assumed by Spinco may be different than current terms included in your historical financial statements, please tell why you do not anticipate having a pro forma statement of operations adjustment related to interest expense on your new refinancing agreements under these circumstances.
15. Please tell us what consideration you gave to the impact of your tax disaffiliation agreements, transition services agreement, long-term incentive plans, deferred savings plans and other employment benefit plans on your pro forma results of

operations. Please also tell us what consideration you gave to the impact of employee options on earnings per share of Spinco after the conversion of Acuity Brands stock options to Spinco stock options at the time of distribution.

16. You indicate that the cash outlay required to service interest incurred on your long-term debt is not known at this time, since it is dependent upon your future performance and liquidity needs. Please revise your table of contractual cash obligations to include a line item for estimated interest payments on your long-term debt based on its current terms. Because the table is aimed at increasing transparency of cash flow, we believe these payments should be included in the table. Please also disclose any assumptions you made to derive these amounts in a footnote to the table.
