Form S-1

General

1. Please include a prospectus for all the securities registered.
2. Please provide the staff with the Janney Montgomery Scott board book for the transaction.
3. Securities are offered pursuant to prospectuses, not proxy statements. Several times you refer to a proxy statement, for example, on the cover page, when a reference to a prospectus would be more appropriate.

6. Revise this section to include the percentage of shares that Cape Bancorp officers and directors will own at the minimum of the range. Additionally, disclose the percentage of shares to be owned by current directors of Boardwalk Bancorp at the minimum of the range assuming they receive the maximum 678,569 shares. Please also disclose whether the calculation of 678,569 shares includes any shares that may be acquired upon the exercise of stock options and converted to Cape Bancorp shares.

Risk Factors

General

7. The purpose of the Risk Factors section is to discuss the most significant factors that make the offering speculative or risky. It is not intended to be a place for the Company to offer assurances. However, you make reference to the Company’s inability to offer assurances as to the following: (a) the banking franchise’s value, (b) the price of the common stock, and (c) the tax-exempt status of the charitable foundation. Instead of stating the Company’s inability to make assurances, please revise these portions of the Risk Factors section to merely state the material risks that exist due to the uncertainties addressed.

Subscribers who purchase shares in the offering ...., page 20

8. Please disclose the dilution rate purchasers in the offering would experience at the minimum of the offering range as a result of the issuance of the merger shares.
