In order to enhance our understanding of how you prepare your financial statements and assess your internal control over financial reporting, we ask that you provide us with information that will help us answer the following questions.

How do you evaluate and assess internal control over financial reporting?

In connection with your process to determine whether your internal control over financial reporting was effective, please describe whether and how you considered controls to address financial reporting risks that are relevant to all locations where you have operations.

If you have an internal audit function, please describe it and explain how, if at all, that function impacted your evaluation of your internal control over financial reporting.
