SFI INTERNATIONAL LLC
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2017

Note 1: The Company and Its Significant Accounting Policies

The Company

SFI International LLC (the “Company”) was organized during February 2007 as a Delaware limited liability company for the purpose of investment banking. The Company is registered as a broker-dealer with the Securities and Exchange Commission and the Financial Industry Regulatory Authority. The Company is engaged in a single line of business as a securities broker-dealer. The Company members’ individual liability for Company debts is limited to their invested capital.

The Company has not generated any revenues from operations from its inception through December 31, 2017.

Significant Accounting Policies

Basis of Financial Statements

These financial statements are prepared on the accrual basis of accounting. Accordingly, all revenues are recorded when earned, and all expenses are recognized when incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Management is of the opinion that the estimates used and assumptions made in connection with the preparation of these financial statements are materially correct, however, actual results may differ.

Cash

The Company maintains all of its available cash at a national financial institution. The Company’s funds maintained at this financial institution are guaranteed by the Federal Deposit Insurance Corporation up to a maximum of \$250,000. In the ordinary course of business, the Company may, at times, maintain deposits in excess of this insured amount.

AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2017

Note 1: The Company and Its Significant Accounting Policies (Continued)

Significant Accounting Policies (Continued)

Income Taxes

The Company is not subject to federal or state income taxes. All items of income, gain, deduction, loss and credits are allocated and flow through to each member and are reported by them on their individual income tax returns.

The Company utilizes the provisions of Financial Accounting Standards Board ("FASB") ASC 740-10, Accounting for Income Taxes, which prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. Based on the Company's evaluation of tax positions taken in its 2014 through 2016 tax returns, or to be taken in its 2017 income tax returns, there are no significant uncertain tax positions requiring recognition in these financial statements as of December 31, 2017. In the event the Company is assessed interest or penalties by major tax jurisdictions, it will be included in the provision for income taxes in the financial statements.

Cash and Cash Equivalents

For purposes of reporting the Statement of Cash Flows, the Company considers all cash accounts, which are not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with a maturity of 3 months or less to be cash equivalents.

Note 2: Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule that requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed fifteen to one. As of December 31, 2017, the Company had net capital of \$8,516, which was \$3,516 in excess of its required net capital of \$5,000, and its net capital ratio was 1.05 to 1.

SFI INTERNATIONAL LLC
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2017

Note 3: Related Party Transactions

The Company has an expense sharing agreement with a related entity under common control. Under this agreement, the related party provides communication expenses on behalf of the Company. The Company is not required to repay these expenses. Total expenses under this agreement, for the year ended December 31, 2017, were \$334.

Note 4: Commitments and Contingencies

There are no commitments and contingencies that would have a material impact on these financial statements as of December 31, 2017.

Note 5: Recently Issued Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*, requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in accounting principles generally accepted in the United States of America (US GAAP) when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. In August 2015, the FASB issued ASU 2015-14 which defers the effective date of ASU 2014-09 one year making it effective for annual reporting periods beginning after December 15, 2017. The Company has not yet selected a transition method and is currently evaluating the effect the standard will have on the financial statements.

Note 6: Subsequent Events

The Company has evaluated events and transactions that occurred between December 31, 2017 and the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.
