Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We note that you disclose a net gain of \$435,824 on page 2 for the period from May 17, 2007 (inception) to March 31, 2008. The Statements of Operations on page F-3 shows that you had a loss for this period of \$435,824. Please revise to disclose the correct amount on page 2.

Technical Brief, page 14

3. Refer to prior comment 16 and your response. It is unclear how your response addresses the comment. Financial Statements

Balance Sheets, page F-2

8. We reference your response to prior comment 37 in our letter dated May 22, 2008 and note that you have included \$105,000 as a contra-equity account on your balance sheet because these shares were issued to prepay for consulting services. Please tell us the basis for recoding the stock issued for consulting services as contra-equity on the balance sheet rather than as a prepaid expense (asset), which would be recorded to consulting expense in the period that the services are

performed. Please tell us the accounting literature you relied on for this accounting treatment. In addition, tell us your consideration of the guidance in EITF 00-18 and D-90.

Statements of Cash Flows, page F-4

9. Please tell us where you have discussed the expense of \$81,000 related to common stock and warrants issued for services disclosed in your statements of cash flows on page F-4.
10. Please revise your footnotes to disclose the nature of the adjustments to net loss for contributed capital in the statements of cash flows on page F-4.

Note 4 – Deferred Financing Costs, page F-7

11. Please tell us why the shares issued to date as part of the March 10, 2008 agreements are recorded as deferred financing costs.

Note 5 – Capital Stock, pages F-8 and F-9

12. We refer to our prior comment 41. Please revise to disclose the information required under paragraphs A240-242 of SFAS 123R. For example, disclose how you determined the inputs to the Black-Scholes model, including the volatility assumptions and the estimated fair value of you stock.
13. In addition, please tell us why the prices of the issuances of stock and warrants on March 25 and March 27, 2008 to an accredited investor and related to the consulting services agreements were issued at prices significantly below your quoted market prices and other recent issuances. Please tell us how you are accounting for these issuances at prices below quoted market prices.

Note 9 – Restated Financial Statements, pages F12 to F-14

14. Please revise to provide all the disclosures required by SFAS 154 for the restated financial statements, including the nature and amount of each error that has been corrected in the financial statements.

Exhibit 5.1

15. Please advise us in your response letter who is rendering the opinion provided in Exhibit 5.1, Israeli counsel, Zysman, Aharoni, Gayer & Co., or United States counsel, Sullivan & Worcester LLP. We note information provided on the website of Zysman, Aharoni, Gayer & Co. that it has a joint venture with Sullivan & Worcester LLP.
16. It appears that the assumptions in the third paragraph contain conclusions of law and are therefore inappropriate. Please obtain a revised opinion of counsel that removes the third paragraph.

17. We note the fifth paragraph of the opinion. Please obtain a revised opinion of counsel that makes clear that the law covered by the opinion includes not only the compilation referred to in this paragraph but also the applicable provisions of the Nevada constitution and reported judicial decisions interpreting these laws.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes all information required under the Securities Act of 1933 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

Notwithstanding our comments, in the event the company requests acceleration of the effective date of the pending registration statement, it should furnish a letter, at the time of such request, acknowledging that:

- should the Commission or the staff, acting pursuant to delegated authority, declare the filing effective, it does not foreclose the Commission from taking any action with respect to the filing;

- the action of the Commission or the staff, acting pursuant to delegated authority, in declaring the filing effective, does not relieve the company from its full responsibility for the adequacy and accuracy of the disclosure in the filing; and
- the company may not assert staff comments and the declaration of effectiveness as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.

In addition, please be advised that the Division of Enforcement has access to all information you provide to the staff of the Division of Corporation Finance in connection with our review of your filing or in response to our comments on your filing.

We will consider a written request for acceleration of the effective date of the registration statement as confirmation of the fact that those requesting acceleration are aware of their respective responsibilities under the Securities Act of 1933 and the Securities Exchange Act of 1934 as they relate to the proposed public offering of the securities specified in the above registration statement. We will act on the request and, pursuant to delegated authority, grant acceleration of the effective date.

We direct your attention to Rules 460 and 461 regarding requesting acceleration of a registration statement. Please allow adequate time after the filing of any amendment for further review before submitting a request for acceleration. Please provide this request at least two business days in advance of the requested effective date.
