GENERATIONAL CAPITAL MARKETS, INC.
Notes to Financial Statements
December 31, 2021

Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

Generational Capital Markets, Inc. (the Company) was organized in August 2006 as a Nevada corporation. The Company is a wholly owned subsidiary of Generational Capital, LLC (Parent), a Nevada limited liability company. The Company is registered with the Securities and Exchange Commission (SEC) as a broker-dealer in securities and is a member of the Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC).

The Company is considered a Non-Covered Firm exempt from 17 C.F.R. § 240.15c3-3 relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5. The Company limits its business activities exclusively to receiving transaction-based compensation for identifying potential merger and acquisition opportunities for clients, referring securities transactions to other broker-dealers, or providing technology or platform services and participating in distributions of securities (other than firm commitment underwritings) in accordance with the requirements of paragraphs (a) or (b)(2) of Rule 15c2-4.

The Company's operations consist of merger and acquisition services, primarily through referrals from a related party, to private businesses located throughout the United States.

Significant Accounting Policies:

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The Company's financial asset and liability amounts reported in the statement of financial condition are short-term in nature and approximate fair value.

GENERATIONAL CAPITAL MARKETS, INC.
Notes to Financial Statements

Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

Revenue Recognition

Revenue from contracts with customers includes fees from merger and acquisition (M&A) services. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events.

Revenue is generally recognized at the point in time that performance under the arrangement is completed, the closing date of the transaction. During the year ended December 31, 2021, all merger and acquisition revenue was recognized at the point in time that performance under the arrangement was completed, the closing date of the transaction.

Management Fees - Parent

The Company incurs management fees to its Parent primarily related to the Parent's and other related parties' participation in the Company's merger and acquisition activities. Management fees are discretionary and recorded when the amounts are determined and authorized by the Company.

Income Taxes

The Company is included in the consolidated federal income tax return and combined Texas return with its Parent. The Parent has elected to be taxed as a corporation. Income taxes are recorded using the separate company method to comply with financial reporting rules. Any resulting provision or benefit for income taxes is recorded as a receivable from or payable to Parent.

As of December 31, 2021, open Federal tax years subject to examination include the tax years ended December 31, 2018 through December 31, 2020.

The Company is also subject to various other state income taxes.

GENERATIONAL CAPITAL MARKETS, INC.
Notes to Financial Statements
December 31, 2021

Note 2 - Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, should not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2021, the Company had net capital of \$114,779, which was \$97,860 in excess of its required net capital of \$16,919 which is the greater of 6 2/3% of aggregate indebtedness or its minimum dollar requirement of \$5,000. The Company's net capital ratio was 2.21 to 1.

Note 3 - Related Party Transactions/Economic Dependency/Concentrations

The Company is under the control of and economically dependent on its Parent and an affiliate, Generational Equity, LLC (GE). The Company also has a concentration of services provided by its Parent and GE. The existence of that control, dependency, and concentration creates operating results and financial position significantly different than if the Companies were autonomous. Transactions between the Company and its Parent and the Company and GE were not consummated on terms equivalent to arm's length transactions.

Under an Affiliate Agreement between the Company's Parent and GE, the Company is to provide security related merger and acquisition services to clients of GE, under its own engagement agreements. During 2021, \$5,672,012 or 100% of merger and acquisition services revenue was earned as a result of GE client referrals.

The Company and its Parent entered into a Facilities Agreement (Agreement) effective January 2008 and latest amendment dated September 2016. The Agreement automatically renews for successive one-year terms, unless written notice is given by either party not less than thirty days prior to the expiration of the initial or any subsequent term. The Agreement has been renewed through 2022. The Parent provides the Company with certain office facilities and services under this Agreement. The Parent may also pay certain expenses on behalf of the Company. The Parent allocates a pro-rata portion of such expenses incurred by Parent on account of the Company. In making such allocation, the Parent equates the proportional cost of each facility or service with the proportional use or benefit derived by the Company, currently 50% of the Parent's costs. The expense allocation may change with the respective use and benefit of facilities or services. Expenses allocated to the Company under this Agreement during 2021, totaled \$67,067, of which \$43,067 was for office facilities and \$24,000 was for office services. The office facilities and office services are included in occupancy and equipment - Parent in the accompanying statement of income. The Company has prepaid its Parent a total of \$72,374 at December 31, 2021 of which \$64,874 was for office facilities and \$7,500 was for office services.

GENERATIONAL CAPITAL MARKETS, INC.
Notes to Financial Statements
December 31, 2021

Note 3 - Related Party Transactions/Economic Dependency/Concentrations (continued)

The Company incurred and paid \$3,757,281 in management fees during 2021 to its Parent, primarily related to the Parent's and other related parties' participation in the Company's merger and acquisition activities. As of December 31, 2021, there were no management fees due to Parent.

Management and registered securities representatives of the Company are also management and employees of the Parent. The Parent provides for all salaries and certain benefits to these dual company employees at no cost to the Company. Compensation and related costs of the Company consisted of commissions, bonuses, 401k matching contributions and payroll taxes for management and registered securities representatives earned as a direct result of the Company's merger and acquisition services revenue.

The Parent acts as common paymaster for the Company. The Company advances the funds required for compensation and related costs to its Parent who then pays the Company's compensation and related costs.

The Company is a participating employer in a 401k plan and a HSA plan offered by GE. For the year ended December 31, 2021, Company 401k matching contributions totaled \$14,819. These matching contributions are recorded as compensation and related costs in the accompanying statement of income.

Note 4 - Income Taxes/Related Party Transactions

The Parent, filing a consolidated federal income tax return with the Company, allocated the Company's current taxable loss. The Company reduced its federal income tax payable to its Parent and recorded a federal income tax benefit of \$15,000 related to the Company's allocated federal tax loss.

The Parent, filing a combined Texas return with the Company, allocated the Company's share of Texas state taxes. The Company increased its state income tax payable to its Parent and recorded state income tax expense of \$13,384 related to the Company's allocated Texas state tax.

The Company files separate state income tax returns in California and Illinois. There was no state income tax payable and the state income tax expense was \$1,050 related to these states.

GENERATIONAL CAPITAL MARKETS, INC.
Notes to Financial Statements
December 31, 2021

Note 5 - Concentration of Credit Risk

The Company has cash held at a Texas bank, totaling \$368,563 or approximately 78% of the Company's total assets at December 31, 2021. Cash held was in excess of the FDIC insurance of \$250,000; therefore, there was a credit risk at December 31, 2021 of \$118,563. Cash balances fluctuate daily.

Note 6 - Contingencies

There are currently no asserted claims or legal proceedings against the Company, however, the nature of the Company's business subjects it to various claims, regulatory examinations, and other proceedings in the ordinary course of business. The ultimate outcome of any such action against the Company could have an adverse impact on the financial condition, results of operations, or cash flows of the Company.

Note 7 - Subsequent Events

The Company has performed an evaluation of events and transactions that have occurred subsequent to December 31, 2021, through March 29, 2022, the date which the financial statements were available to be issued.
