Specially Serviced Loan Detail (Part II) ~ Servicer Comments (End of Period)

Disclosure Control #	Resolution Strategy	Comments
57	Modification	<p>The loan is secured by a 21,344 sf retail property in Sacramento, CA built in 2005. Q2-2008 NCF DSCR is .28 with an occupancy of 100%, Q1-2008 NCF DSCR was .14 with an occupancy of 100%, and YE 2007 NCF DSCR was 1.20 with an occupancy of 90%. The decline in NCF is a result of a 64% EGI decline from U/W. Per Borrower, tenants at the property have been making partial rent payments, if any, since the beginning of 2008 thus causing the decline in EGI and NCF. As a result , the Borrowers have advised that they have invested \$200,000 since January 2008, and they further advise that they have depleted their out-of-pocket funds going forward. In July 2008, the Borrower requested a material modification of the payment terms for the loan, and access to reserve funds in order to meet debt service payments. The Borrower desires to continue to own the property, and anticipates being able to turn the Property around within the next six to twelve months if they receive a modification of the loan terms. The Borrower has been able to keep the loan current and expects to be able to make the July 2008 debt service payment. However, as of 07/23/08, \$1,862.36 of the July 2008 tax constant still remains unpaid. The delinquency of the July 2008 payment is due to the Borrower paying the old tax constant amount rather than the new tax monthly constant. Effective 07/23/08, the loan has been transferred to the Special Servicer. Loan will be removed from the watchlist with Sept 2008 reporting.</p>
