NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2020

Note 1 - Summary of Significant Accounting Policies

Muzinich Capital LLC, (the "Company"), was organized September 2007 and became a registered broker-dealer on June 2, 2008. The Company is a member of the Financial Industry Regulatory Authority and is subject to regulation by the United States Securities and Exchange Commission and the Financial Industry Regulatory Authority.

The Company was formed to provide private placement services to its clients in connection with various financing transactions.

As a limited liability company, members of the Company shall not be obligated personally for any debts, obligations or liabilities of the Company solely by reason of being a member. The Company shall continue in perpetuity unless the Company is dissolved and its affairs wound up upon the occurrence of certain events defined in the limited liability company operating agreement.

Revenue Recognition

The Company recognizes revenue upon the placement of private financing transactions for its clients when a contract with a customer exists, when a performance obligation has been identified and when the transaction price has been determined.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash Equivalents

For purposes of the statement of cash flows, cash equivalents include highly liquid debt instruments purchased with original maturities of three months or less.

Note 1 - Summary of Significant Accounting Policies (Continued)

Income Taxes

Effective after the acquisition by the majority member, of the interest from the minority member, the Company became a single member limited liability company. Therefore, the Company is classified as a disregarded entity for income tax purposes. As such, there is no provision for Federal and State income taxes as the income or loss of the Company is included in the income tax return of the sole member.

Management of the Company is not aware of any issues or circumstances that would unfavorably impact its tax status. Management has determined that the Company had no uncertain tax positions that would require financial statement recognition.

The Company believes it is no longer subject to Federal, State or other taxing jurisdiction income tax examination for years prior to 2017.

Note 2 - Related Party Transactions

The Company has an administrative services agreement with an affiliate who is the sole member of the Company. The agreement provides that the affiliate shall pay for the following expenses: salaries and benefits, occupancy, office and marketing and allocate them to the Company. Monthly allocations amounted to \$1,250. Pursuant to the agreement, such allocation is treated as a capital contribution by the member.

The Company shares office space with its sole member and rental charges are included in the administrative services agreement. Professional standards require all leases with a term greater than 12 months to be recognized on the balance sheet through a right of use asset and a lease liability and the disclosure of key information pertaining to lease agreements.

Note 3 - Concentration of Credit Risk

The Company maintains cash balances at a financial institution. Accounts at the institution are insured by the Federal Deposit Insurance Corporation up to \$250,000.

Note 5 - New accounting Development (Continued)

Note 6 - Contingencies

In March 2020, the outbreak of COVID-19 (coronavirus) caused by a novel strain of the virus was recognized as a pandemic by the World Health Organization, and the outbreak has become increasingly widespread in the United States, including in each of the areas in which the Company operates.
