MUZINICH CAPITAL LLC
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2022

Note 1 - Summary of Significant Accounting Policies

Muzinich Capital LLC, (the "Company"), was organized September 2007 and became a registered broker-dealer on June 2, 2008. The Company is a member of the Financial Industry Regulatory Authority and is subject to regulation by the United States Securities and Exchange Commission and the Financial Industry Regulatory Authority.

The Company was formed to provide private placement services to its clients in connection with various financing transactions.

As a limited liability company, members of the Company shall not be obligated personally for any debts, obligations or liabilities of the Company solely by reason of being a member. The Company shall continue in perpetuity unless the Company is dissolved and its affairs wound up upon the occurrence of certain events defined in the limited liability company operating agreement.

Revenue Recognition

The Company recognizes revenue upon the placement of private financing transactions for its clients when a contract with a customer exists, when a performance obligation has been identified and when the transaction price has been determined.

For transactions with affiliated entities, no revenues are recognized since such revenue and associated expenses are charged directly to the affiliate.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 1 - Summary of Significant Accounting Policies (Continued)

Cash Equivalents

For purposes of the statement of cash flows, cash equivalents include highly liquid debt instruments purchased with original maturities of three months or less.

Income Taxes

Effective after the acquisition by the majority member, of the interest from the minority member, the Company became a single member limited liability company. Therefore, the Company is classified as a disregarded entity for income tax purposes. As such, there is no provision for Federal and State income taxes as the income or loss of the Company is included in the income tax return of the sole member.

Management of the Company is not aware of any issues or circumstances that would unfavorably impact its tax status. Management has determined that the Company had no uncertain tax positions that would require financial statement recognition.

The Company believes it is no longer subject to Federal, State or other taxing jurisdiction income tax examination for years prior to 2018.

Note 2 - Related Party Transactions

The Company has an administrative services agreement with an affiliate who is the sole member of the Company. The agreement provides that the affiliate shall pay for the following expenses: salaries and benefits, occupancy, office and marketing and allocate them to the Company. Monthly allocations amounted to \$1,250. Pursuant to the agreement, such allocation is treated as a capital contribution by the member.

MUZINICH CAPITAL LLC
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2022

Note 2 - Related Party Transactions (Continued)

The Company shares office space with its sole member and rental charges are included in the administrative services agreement. Professional standards require all leases with a term greater than 12 months to be recognized on the balance sheet through a right of use asset and a lease liability and the disclosure of key information pertaining to lease agreements.

Since the Company shares office space with its parent based on a cost share agreement and is not a signatory to the office space lease agreement, the standard has no significant effect on the financial statements.

The sole member will provide the Company with sufficient working capital to meet operations and minimum net capital requirements.

Any amounts owed to the company's parent are unsecured, interest free and due on demand.

Note 3 - Concentration of Credit Risk

The Company maintains cash balances at a financial institution. Accounts at the institution are insured by the Federal Deposit Insurance Corporation up to \$250,000.

Note 4 - Net Capital Requirements

The Company is subject to the net capital requirements of rule 15c3-1 of the Securities and Exchange Commission, which requires a broker-dealer to have at all times sufficient liquid assets to cover current indebtedness. In accordance with the rule, the Company is required to maintain minimum net capital of the \$5,000 or 1/15 of aggregate indebtedness.

At December 31, 2022, the Company had net capital, as defined, of \$7,299 which exceeded the required minimum net capital by \$2,299. Aggregate indebtedness at December 31, 2022 totaled \$45,247 and the ratio of aggregate indebtedness to net capital was 6.20 to 1.
