TPEG Securities, LLC
Notes to Financial Statements
For the Year Ended December 31, 2021

Note 1: Description of Business

TPEG Securities, LLC (the "Company") is limited liability company organized in the State of Texas on October 15, 2007. The Company is a registered member of the Financial Industry Regulatory Authority ("FINRA") as a broker/dealer, and with the Securities and Exchange Commission ("SEC") under the Federal Securities Exchange Act of 1934 ("Act").

The Company acts as an advisor for certain private placement offerings and does not carry customer accounts, hold customer funds or securities, or introduce accounts on a fully-disclosed basis to a clearing firm.

Note 2: Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) which is required by the SEC and FINRA.

COVID-19 pandemic

The COVID-19 pandemic has created significant public health concerns as well as economic disruption, uncertainty, and volatility which may negatively affect the Company's business operations. As a result, as the pandemic persists and/or if it worsens, management's accounting estimates and assumptions could be impacted in subsequent periods, and it is reasonably possible such changes could be significant (although the potential effects cannot be estimated at this time).

Use of estimates

The presentation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents

Cash and cash equivalents include investments with maturities at the time of acquisition of three months or less. The Company has not designated any other assets as cash equivalents in determining the net change in cash in the Statement of Cash Flows.

Credit risk

The Company maintains deposits at a financial institution which may at times exceed amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation ("FDIC"). The Company has not experienced any losses related to amounts in excess of FDIC limits.

TPEG Securities, LLC
Notes to Financial Statements
For the Year Ended December 31, 2021

Note 3: Revenue Recognition

Revenue from contracts with customers consists entirely of commission income. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

The Company earns revenue on the sale of interests in private placement offerings in the period in which customer subscriptions to such offerings are funded, upon the Company reaching the minimum subscription requirement of such offerings. Revenue is recognized on a settlement basis as this is the date that services are rendered, and the performance obligations have been satisfied. There were no unsatisfied performance obligations at December 31, 2021.

Note 4: Fair Value Measurement

The carrying value of cash and cash equivalents and accounts payable approximate fair value due to the short maturity of these instruments.

Note 5: Related Party Transactions

The Company shares office space, personnel, and other general expenses with a business owned and operated by the members of the Company. Total amount paid during the year ended December 31, 2021 was \$36,720. The Company also pays transaction fees to the same related entity which totaled \$10,010,940 for the year ended December 31, 2021.

Note 6: Net Capital Requirements

The Company is subject to the net capital requirements of rule 1Sc3-1 of the Securities Exchange Commission, which requires a broker dealer to have at all times sufficient liquid assets to cover indebtedness. In accordance with the rule, the Company is required to maintain minimum net capital of the \$5,000 or 1/15 of aggregate indebtedness. As of December 31, 2021, the Company had net capital, as defined, of \$1,451,471 which exceeded the required minimum net capital by \$1,351,473. Aggregate indebtedness at December 31, 2021 totaled \$1,499,967 and the ratio of aggregate indebtedness to net capital was 103.34%.

TPEG Securities, LLC
Notes to Financial Statements
For the Year Ended December 31, 2021

Note 7: Income Taxes

The Company is not a tax paying entity for federal income tax purposes, and thus no income tax expense has been recorded in the financial statements. The Company's taxable income is passed through its members' personal and business income tax returns.

The Company is subject to the Texas franchise tax, and total franchise tax accrued for the year ended December 31, 2021 was \$54,915.

The Company has also adopted the provisions of ASC Topic 740 (*Income Taxes*) relating to unrecognized tax benefits on January 1, 2009. This standard addresses the financial statement recognition, measurement and disclosure of uncertain tax positions, and requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. Because the Company is a partnership for federal income tax purposes, and therefore not a tax paying entity, there are no liabilities recorded for uncertain tax positions for the year ended December 31, 2021.

The Company is no longer subject to U.S. Federal income tax examinations by tax authorities for years before 2018 or subject to Texas franchise tax examinations for years before 2015.

Note 8: Subordinated Liabilities

There were no liabilities which were subordinated to the claims of general creditors at December 31, 2021.

Note 9: Subsequent Events

Management has evaluated subsequent events through February 23, 2022, the date the financial statements were available to be issued. There were no events noted that came to the attention of management that would require adjustments to or disclosure in the financial statements.
