**TPEG Securities, LLC**  
**Notes to Financial Statements**  
**For the Year Ended December 31, 2023**

**Note 1: Description of Business**

TPEG Securities, LLC (the “Company”) is a limited liability company organized in the State of Texas on October 15, 2007. The Company is a registered member of the Financial Industry Regulatory Authority (“FINRA”) as a broker/dealer, and with the Securities and Exchange Commission (“SEC”) under the Federal Securities Exchange Act of 1934 (“Act”).

The Company acts as an advisor for certain private placement offerings and does not carry customer accounts, hold customer funds or securities, or introduce accounts on a fully disclosed basis to a clearing firm.

**Note 2: Summary of Significant Accounting Policies**

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) which is required by the SEC and FINRA.

Use of Estimates

The presentation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash or cash equivalents. The Company maintains cash deposits with federally insured financial institutions that may, at times, exceed federally insured limits. The Company has not incurred any losses from such accounts, and management considers the risk to be minimal.

Fair Value of Financial Instruments

Cash, accounts receivable, and accounts payable are short-term in nature and accordingly are reported in the statement of financial condition at fair value or carrying amounts that approximate fair value.

**TPEG Securities, LLC**  
**Notes to Financial Statements**  
**For the Year Ended December 31, 2023**

**Note 2: Summary of Significant Accounting Policies (Continued)**

**Receivables and Credit Policy**

Receivables from customers are stated at the amounts management expects to collect. The carrying amounts of receivables are reduced by a valuation allowance, if needed, that reflects management's best estimate of the amounts that will not be collected. Management individually reviews all receivable balances and based on an assessment of current creditworthiness, estimates the portion, if any, of the balance that will not be collected. Management provides for probable uncollectable amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to the respective receivable account. In Management's opinion, any potential allowance for uncollectable accounts would not be material to the Financial Statements as of December 31, 2023.

**Note 3: Revenue Recognition**

Revenue from contracts with customers consists entirely of private placement offerings income. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

The Company earns revenue on the sale of interests in private placement offerings in the period in which customer subscriptions to such offerings are funded, upon the Company reaching the minimum subscription requirement of such offerings. Revenue is recognized on a settlement basis as this is the date that services are rendered, and the performance obligations have been satisfied. There were no unsatisfied performance obligations at December 31, 2023.

**Note 4: Related Party Transactions**

The Company has an expense sharing agreement with Trinity Private Equity Group, LLC ("TPEG"), a business owned and operated by the principal members of the Company. The sharing agreement calls for monthly payments of \$6,500. Total amount paid during the year ended December 31, 2023 was approximately \$75,000.

For each deal that closes, the Company pays a transaction fee on the total equity raised to TPEG. Total amount paid during the year ended December 31, 2023 totaled \$9,665,648 and is included in general operating expenses in the accompanying statement of operations.

**TPEG Securities, LLC**  
**Notes to Financial Statements**  
**For the Year Ended December 31, 2023**

**Note 4: Related Party Transactions (Continued)**

Commissions are paid to the principal members of the Company on the total amount they raise for each deal. During the year December 31, 2023, total commissions paid to the principal members were \$6,107,115 and is included in commissions and support staff in the accompanying statement of operations.

The principal members of the Company are partners in various LLCs that purchase real estate for which the Company receives its private placement offerings income. During the year ending December 31, 2023, the total amount invested by the principal members was approximately \$16.5M. Total revenue recognized from these deals for which the principal members are investors was approximately \$19.7M and is included in private placement offerings in the accompanying statement of operations.

**Note 5: Net Capital Requirements**

The Company is subject to the net capital requirements of rule 1Sc3-1 of the Securities Exchange Commission, which requires a broker dealer to have at all times sufficient liquid assets to cover indebtedness. In accordance with the rule, the Company is required to maintain a minimum net capital of \$5,000 or 1/15 of aggregate indebtedness. As of December 31, 2023, the Company had net capital, as defined, of \$44,827 which exceeded the required minimum net capital by \$39,097. Aggregate indebtedness at December 31, 2023 totaled \$85,956 and the ratio of aggregate indebtedness to net capital was 191.75%.

**Note 6: Income Taxes**

The Company is organized as a Texas limited liability company. The profits and losses of the Company flow through to the members and will be taxed at the individual level rather than the Company level; therefore, no provision or liability for federal income taxes has been included in the consolidated financial statements. The Company is subject to state income taxes.

The Company applies ASC 740-10, Income Taxes, in establishing standards for accounting for uncertain tax positions. The Company evaluates uncertain tax positions with the presumption of audit detection and applies a “more likely than not” standard to evaluate the recognition of tax benefits or provisions. ASC 740-10 applies a two-step process to determine the amount of tax benefits or provisions to record in the financial statements. First, the Company determines whether any amount may be recognized and then determines how much of a tax benefit or provision should be recognized. As of December 31, 2023, the Company had no uncertain tax positions. Accordingly, the Company has not recognized any penalty, interest or tax impact related to uncertain tax positions.

The Company is no longer subject to U.S. Federal income tax examinations by tax authorities for years before 2020 or subject to Texas franchise tax examinations for years before 2017.

**TPEG Securities, LLC**

**For the Year Ended December 31, 2023**

**Note 8: Subsequent Events**

Management has evaluated subsequent events through February 28, 2024, the date the financial statements were available to be issued. There were no events noted that came to the attention of management that would require adjustments to or disclosure in the financial statements.
