**Re: Crater Mountain Resources, Inc.  
Amendment No. 7 to Registration Statement on Form S-1  
File No. 333-151085  
Filed August 25, 2009**

Dear Mr. Renken:

We have reviewed your amended filing and your response letter filed July 9, 2009, and we have the following comment in regards to your amended registration statement. Where indicated, we think you should revise your document in response to this comment. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

General

1. We note your response to our prior comment number 1 from our previous comment letter. Please provide disclosure on how the initial transaction from the registrant to Magellan Global Fund qualifies for an exemption from Section 5 of the Securities Act of 1933, as amended, in particular, how the registrant qualifies for the exemption under Regulation D of the Securities Act of 1933, which is a safe harbor of Section 4(2) of the Securities Act, given Magellan's potential status as an underwriter because of its apparent view to distribute the securities at the time it received the shares from the registrant. To the extent you believe that Regulation D still applies, please provide an in depth analysis on how you qualify for the safe harbor found in Regulation D. In particular, address Rule 502(d).

To the extent no exemption applies for the initial transaction, please revise your disclosure to explain how you did or did not comply with Section 5, and the implications to the company.
