NOTE 1. ORGANIZATION AND NATURE OF BUSINESS

Overview

Universal Solar Technology, Inc. (the “Company”) was incorporated under the laws of the State of Nevada on July 24, 2007. The Company’s common shares trade on the OTC Exchange Market under the trading symbol UNSS. The Company’s principal and registered office is located at 19547 Bold River Road, Tomball, Texas 77375. Our telephone number is (832)229-7046 and our web address is www.universalsolartechnology.com. The information provided on our website is not part of this Annual Report on the OTC Disclosure Statement and is therefore not incorporated by reference in this Annual Report on the OTC Disclosure Statement.

The Company’s business focus has moved in the direction of a fintech renewable energy platform development as well as the planned installation of a closed loop waste to energy technology with a global consequential impact.

NOTE 2. AMENDED AND RESTATED 2018 FINANCIAL STATEMENTS

Non-Reliance on Previously Issued Financial Statements

On March 1, 2020, the Company reached a determination to amend and restate the Company’s financial statements and related disclosure notes for the year ended December 31, 2018 (“2018 financial statements”) included in its Annual Reports on the OTC Disclosure Statement. On the same date, the Company determined that the 2018 financial statements should no longer be relied upon because of material accounting and presentation errors that resulted in a material misstatement on those financial statements.

Accounts Receivables and Equity Amended and Restated

On February 18, 2017, the Company recorded approximately \$22.4 million as a debit to Receivables (“receivables”) and a credit to the Opening Equity Account (“equity”). The Company did not create a contra equity account to offset potential nonrealization, and in October 2019, after failed attempts to collect, the Company determined that the receivables of approximately \$22.4 million would not be realized.

Upon consultation, the Company determined that the receivables were not recorded and presented in accordance with Accounting Standards Codification (“ASC”) 505-10-45-2. According to ASC 505-10-45-2 reporting a note as an asset is generally not appropriate, except in very limited circumstances where there is substantial evidence of intent and ability to pay in a reasonably short period of time.

The Company did not have evidence that the other party had the intent and the ability to pay in a reasonably short period of time, the receivables were not secured by a letter of credit nor other liquid collateral, and the receivables were not collected prior to the issuance of the 2018 financial statements. Therefore, the receivables should not have been recorded and presented as an asset.

(a) 2018 as Reported receivables	22,352,877	0
(b) 2018 as Amended and restated receivables	0	(100)

(a) For the year ended December 2018 receivables as reported in the Company's Annual Report on the OTC Disclosure Statement filed on April 23, 2019.

(b) Amended and restated receivables value to zero based on non-realization.

	\$

(d) Amended and restated equity value to (155,500).

In sum, the Company reduced both the receivables and equity by \$22.4 million in order to correct the material accounting error.

Amended and Restated Effects on Common Shares

The Company shows the effects on earnings (loss) per share in the table that follows. According to ASC 250-10-50-7 when financial statements are restated to correct an error, the Company shall disclose the effect on each financial statement line item, and any per-share amounts affect for each prior period presented.

	\$	
(e) 2018 as Reported net loss	(262,537)	0
(f) 2018 as Amended and restated loss per share	(0.0004)	0

(e) For the year ended December 2018 net loss as reported in the Company's Annual Report on the OTC Disclosure Statement filed on April 23, 2019.

(f) Adjusted value based on amendment and restatement.

To calculate the loss per common share the Company divided net loss (262,537) by 600,549,974 the average weighted outstanding shares.

As a result of the amendment and restatement, the Company's 2018 receivables and equity accounts were materially impacted. At the same time, there was no impact to net loss and loss per common share.

2019 Financial Statements

The Company did not file its Annual Report on the OTC Disclosure Statement for the calendar year ended December 31, 2019, ("2019 financial statements) by the due date. The delay was attributed to the length of time taken to review, amend and restate the Company's 2018 financial statements. The unaudited 2019 financial states are included in this filing and presented in a comparative format.

NOTE 3. GOING CONCERN UNCERTAINTY

Our unaudited 2019 financial statements and unaudited amended and restated 2018 financial statements have been prepared as a going concern basis in accordance with generally accepted accounting principles in the United States. The going concern basis assumes that we will continue in operations for the next 12 months and will be able to realize our assets and discharge our liabilities and commitments in the normal course of business.

Our lack of revenue, recurring losses, negative cash flows from operating activities, stockholders' deficit, need for additional financing and the uncertainties surrounding our ability to obtain such financing raise substantial doubt about our ability to continue as a going concern. The Company's anticipated merger with Entrex will position the Company to generate revenue from a more diverse strategic investment approach. Likewise, we are in the final stages of negotiations for a partnership with a waste to energy company which will position us for revenue generation within the next 12 months.

The achievement of these goals is paramount to the mitigation of the factors described. To fail in completing these actions will cast substantial doubt as to our ability to continue as a going concern for a period of 12 months after the date our financial statements included in this Annual Report on OTC Disclosure Statement are issued. If we become unable to continue as a going concern, we may have to liquidate our assets, and potentially realize significantly less than the values at which they are carried on our financial statements, and the holders of our securities could lose all or part of their investment.

NOTE 4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Company's unaudited 2019 financial statements and unaudited amended and restated 2018 financial statements, were approved by the Board of Directors on June 19, 2020 and have been prepared in accordance and conformity with generally accepted accounting principles as issued by the Financial Accounting Standards Board (FASB) using the accounting policies described herein.

Basis of Measurement

These financial statements are presented in US dollars which is the functional and reporting currency. The financial statements are prepared on a historical cost basis. In addition, these financial statements have been prepared using the accrual basis of accounting.

Estimates and Assumptions

The preparation of the condensed financial statements in conformity with generally accepted accounting principles, United States, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The most significant estimates in the Company's financial statements relate to fixed assets. Actual results could differ from those estimates.

Upon consultation, the Company recognized that while fixed assets were presented at historical costs, depreciation was not accumulated. As a result the Company adopted the Straight-line Depreciation Method for fixed assets with a useful life of five years. The Company adjusted the financial statements to reflect accumulated depreciation for 2017 and 2018 combined as follows:

	\$
(g) 2018 as Reported accumulated depreciation	0
(h) 2018 as prior period adjustment	(11,149)

(g) For the year ended December 2018 value as reported in the Company's Annual Report on the OTC Disclosure Statement filed on April 23, 2019.

(h) The Company recorded \$27,871 in fixed assets for the year ended December 31, 2018 and December 31, 2017.

Accumulated depreciation adjustment was calculated as: \$27,871 divided by 5 years equals \$5,574. However, since depreciation was not recorded in 2017 and 2018 an adjustment in the amount of \$11,149 was recorded.

The adoption and adjustment for depreciation did not have a material effect on net loss, the prior period adjustment to the retained earnings account was follows:

	\$	
(i) 2018 as Reported retained earnings	(243,263)	0
(j) 2018 as prior period adjustment	(254,412)	(5)

(i) Retained earnings as reported in 2018.

(j) Retained earnings prior period adjustment for accumulated depreciation for the years ended December 31, 2018 and December 31, 2017.

Advertising Expense

In accordance with ASC 720-35-05-1, the Company expensed advertising costs as they were incurred.

Contractors Expense

The Company recorded administrative support and third-party vendors in this account.

Dues and Subscription Expenses

The Company recorded fees associated with OTC Markets, professional publications, software services in this account.

Other Business Expenses

The Company recorded non-capitalized equipment, office supplies, reimbursements, bank charges, postage, printing services and utilities in this account.

Lease Expense & Accrued Lease Liability

On January 1, 2019, we adopted Accounting Standards Update (“ASU”) No. 2016–02, Leases, as amended by ASU 2018–10, Codification Improvements to Topic 842, ASU 2018–11, Targeted Improvements, and 2019–01, Codification Improvements. These ASUs required the recognition of lease assets and lease liabilities for virtually all leases and required disclosure of key information about leasing arrangements. We elected to adopt these new standards prospectively.

The Company had a two-year sub-lease agreement with a company that had surplus space. The lease began March 2017 and ended March 2019. The monthly payments were \$3,200 per month. Upon inquiry, the Company disclosed that while it paid \$58,460 for leasing, there was an outstanding balance of \$18,340 (“outstanding balance”) which is payable by December 31, 2020. Of the outstanding balance, \$9,600 is attributable to 2019, and \$8,740 is attributed to 2018.

In 2018, the Company did not properly expense and accrue for the lease liability applicable to the period. With the adoption of ASU 2018-10 and to correct this accounting error, the Company recorded expenses and accrued lease liability for 2018 as follows:

	\$	
(k) 2018 as Reported lease expense	26,200	0
(l) 2018 as prior period adjustment	8,740	33

(k) Rent and Lease Expense as reported in 2018.

(l) Retained earnings prior period adjustment for lease expense \$8,740 the amount incurred but not paid for the year ended December 31, 2018. After this adjustment retained earnings were (263,152).

	\$	
(m) 2018 as Reported accrued lease liability	0	0
(n) 2018 as prior period adjustment	8,740	100

(m) Accrued lease liability as reported in 2018.

(n) Retained earnings prior period adjustment for accrued lease liability \$8,740 the amount incurred but not paid as of December 31, 2018.

The landlord did not take legal action nor did the landlord impose interest on the outstanding balance. The Company has agreed to pay the remaining balance of \$18,340 by December 31, 2020. For the avoidance of doubt, the landlord is not a related party.

NOTE 5. FIXED ASSETS

Fixed Assets comprised of furniture, desktop computers, fax machines, phone and security systems at December 31:

	years	\$
(o) 2018 as Reported fixed assets		27,871
(p) 2018 as prior period adjustment and restatement fixed assets	5	18,113

(o) Fixed Assets were purchased in 2017, but the Company did not record depreciation for the years ended December 31, 2018 and December 31, 2017. The Company presented the Fixed Assets at historical costs as shown.

(p) The Company estimated Fixed Assets useful estimated life as 5 years and using the straight-line method of depreciation, the Company recognized 2 years of accumulated depreciation. As of December 31, 2018, the fixed assets book value was \$18,113, the Company Accumulated depreciation as stated in Note 4.

		Loss Per Common Share (unaudited)	Loss Per Common Share (unaudited)
		2019	2018
