Form 10-K for the Fiscal Year Ended December 31, 2013

Adjusted Performance Measure, Excluding Certain Non-Recurring Charges, page 15

1. We note your disclosure and reconciliation of your non-GAAP measure, Adjusted Results of Operations. Please expand your disclosure to provide the information required by Item 10(e) of Regulation S-K. Specifically, management should disclose the reasons they believe the non-GAAP measure provides useful information to investors and the additional purposes, if any, for which management uses the non-GAAP measure. In addition, please revise your presentation of Adjusted Results of Operations to reconcile it to its most comparable GAAP measure. In that regard, please note that it is not appropriate to present a full non-GAAP income statement. Refer to Question 102.10 of

the Compliance and Disclosure Interpretations for Non-GAAP Financial Measures which can be found at <http://www.sec.gov/divisions/corpfin/guidance/nongAAPinterp.htm>.

Note 11. Retirement Plans, page 35

2. Please disclose the significant terms of the statutory retirement plans that cover your non-U.S. employees, including but not limited to how the minimum funding requirements are calculated and the amounts that you were required to fund for each of the years presented in your financial statements, to the extent material.

Note 13. Enterprise Geographic Concentrations, page 39

3. Please tell us why depreciation and amortization related to Latin America was a negative amount for the year ended December 31, 2012.

Form 10-Q for the Fiscal Quarter Ended September 30, 2013

Note 2. Acquisitions

4. We note that the \$5.1 million in goodwill recorded as part of the acquisition of Augmentum Consulting, Ltd. exceeds the net assets acquired. Please explain in detail the factors such as the acquired workforce and expected synergies that contributed to a purchase price that resulted in this amount of goodwill.

Note 4. Accounts Receivable, page 12

5. Please expand upon your Accounts Receivable note in future filings to discuss your accounting policy as it relates to accounts receivable and the related allowance, including but not limited to 1) how and when you deem an account to be uncollectible, 2) an accounts receivable aging schedule and 3) whether you establish specific or general reserves, or both, as well as how the reserves are calculated. In this regard, we note that accounts receivable is a significant portion of total assets and has continued to increase period over period. Please provide us with your proposed disclosure.

Item 4. Controls and Procedures

6. We note that the material weakness previously identified as of December 31, 2012 has been remediated as of June 30, 2013. Please explain in detail the steps you have taken and procedures you implemented to correct the material weaknesses you identified.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are
