**Re: Potlatch Forest Products Corporation
Form 10 Amendment No. 3
Filed November 6, 2008
File No. 001-34146**

Dear Mr. Covey:

We have reviewed your filing and have the following comments. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

Form 10 Amendment No. 3, Exhibit 99.1 Information Statement

Our Relationship with Potlatch Corporation After the Spin-off, page 30

Retained Obligation Agreement, page 31

1. Please file the retained obligation agreement with your next amendment and revise your disclosure appropriately, including describing all material restrictions, covenants, and conditions in sufficient detail.

2. Please clarify which Potlatch Corporation affiliate originated the \$100 million in REIT Conversion Indebtedness debentures.

3. We note pro forma adjustment (a) relates to your intention to immediately draw \$50 million from your credit facility. It appears this adjustment is not directly attributable the transaction nor factually supportable in the context of Article 11 of Regulation S-X. Please revise to remove this adjustment from the face of your pro forma financial statements. The Staff will not object to including this adjustment in a note to your pro forma financial statements with related disclosure indicating this adjustment is not included in your pro forma financial statements.

4. As it relates to pro forma adjustment (a), please tell us whether the components of the entry (i.e. change to rent expense and new compensation arrangements) are based on agreements executed in connection with the spin-off (i.e. directly attributable to the transaction and factually supportable). If the related amounts are based on actions that you intend to take once the spin-off is complete, it would appear that your pro forma adjustment should be removed because it would not meet the criteria per Article 11 of Regulation S-X. The Staff will not object to including this adjustment in a note to your pro forma financial statements with related disclosure indicating this adjustment is not included in your pro forma financial statements.

Debt and Credit Arrangements, page 57

5. Please clarify whether Potlatch Forest would be responsible paying an interest rate higher than 13% for the \$100 million in REIT Conversion Indebtedness it will retain should Potlatch Corporation's credit rating declines. If so, consider whether a risk factor is appropriate in light of the fact that Potlatch Forest will have no control over Potlatch Corporation.
6. Please clarify whether the retained obligation agreement's provision that any debt issuance in excess of \$50 million must be deposited with the indenture trustee applies to the expected revolving credit agreement. For example, if the company needs to draw an additional \$50 million from the revolving credit facility, in

addition to the \$50 million to be paid to NewCo, please clarify if those funds would be subject to the retained obligation agreement's restrictions and deposit requirements. If so, please clarify whether there are any provisions in the retained obligation agreement for waivers by Potlatch Corporation in the event Potlatch Forest would need cash under the credit facility for working capital purposes.

7. Please file the revolving credit agreement with your next amendment and revise your disclosure as appropriate to clarify all material restrictions, covenants, and conditions in sufficient detail.

Compensation Discussion and Analysis, page 81

8. We note that in response to comment two from our letter dated October 10, 2008 you have provided tabular compensation information. Please also provide Compensation Discussion and Analysis for these two executive officers as required by Item 402(b) of Regulation S-K.

9. Disclose assumptions made in the valuation of the stock awards by reference to a discussion of those assumptions in the registrant's financial statements, footnotes to the financial statements, or discussion in the Management's Discussion and Analysis. See the Instruction to Item 402(c)(2)(v) and (vi) of Regulation S-K.

Post-Employment Compensation, page 92

10. Please provide the succinct narratives required by Items 402(h)(3) and 402(i)(3) of Regulation S-K.

Description of Capital Stock, page 99

11. Please advise us when the anticipated stockholder rights plan is expected to be adopted by the board. If the anticipated stockholder rights plan will be adopted prior to effectiveness, please file the plan as adopted as an exhibit and revise the Description of Capital Stock section of your Information Statement with the appropriate details. We may have further comment.
