## **Notes to Financial Statements**

### **December 31, 2021**

---

#### **1. Organization and Summary of Significant Accounting Policies**

Sabadell Securities USA, Inc. (the “Company”), a wholly owned subsidiary of Banco Sabadell S.A., incorporated on May 23, 2008, is a broker-dealer registered with the Securities and Exchange Commission (“SEC”) and a member of the Financial Industry Regulatory Authority (“FINRA”). The Company’s registration with FINRA was effective as of May 21, 2009. The operations start date was February 24, 2010, upon receiving approval from the Federal Reserve to commence operations. On October 26, 2010, the Company received FINRA approval for an expansion of certain business lines including: mutual fund retailer, municipal securities broker, private placements of securities, and investment advisory services.

The Company provides introductory brokerage and investment services primarily for Banco Sabadell S.A. and its subsidiaries. Custody of securities owned by customers of the Company and all securities transactions are settled through a third party clearing broker on a fully disclosed basis. Revenues derived from these services are recognized in the accompanying statement of income.

Following is a description of the significant accounting policies and practices followed by the Company in the preparation of the accompanying financial statements. These policies conform to U.S. generally accepted accounting principles (“U.S. GAAP”).

##### **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

##### **Cash and Cash Equivalents and Deposit with Clearing Broker**

Cash and cash equivalents consist of cash in banks, money market funds, and firm margin accounts at the clearing institution. There is also a deposit held with the clearing institution in accordance with the clearing agreement. These funds are considered restricted cash and are presented in the statement of financial condition as deposit with clearing broker.

##### **Customers’ Securities Transactions**

Customers’ securities transactions and the related riskless principal trading fees, commissions, and expenses are recorded on a trade date basis. The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon, and the risks and rewards of ownership have been transferred to/from the customer. Receivable from customers and payable to brokers, if any, represent security transactions that have not settled.

##### **Securities Owned**

Securities owned are recorded on a trade date basis and carried at fair value, and the related changes in fair value are included in other income in the statement of income.

##### **Income Taxes**

The Company is subject to U.S. federal and state income taxes. The Company utilizes an asset and liability approach to account for income taxes. The asset and liability approach requires recognition of deferred tax assets and liabilities for expected future tax consequences of temporary differences between the carrying amounts and tax basis of assets and liabilities. Deferred tax assets are required to be reduced by a valuation allowance to the extent that management believes

**Sabadell Securities USA, Inc.**  
**Notes to Financial Statements**  
**December 31, 2021**

---

it is more likely than not that the deferred tax asset will not be realized. Management has determined that a valuation allowance is not necessary as of December 31, 2021.

The Company recognizes tax benefits from uncertain tax positions when it is more likely than not that the related tax positions will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits of the tax positions. An uncertain tax position is a position taken in a previously filed tax return or a position expected to be taken in a future tax return that is not based on clear and unambiguous tax law. The Company measures tax benefits related to uncertain tax positions based on the largest benefit that has a greater than 50% likelihood of being realized upon settlement. If the initial assessment fails to result in recognition of a tax benefit, the Company subsequently recognizes a tax benefit if (i) there are changes in tax law or case law that raise the likelihood of prevailing on the technical merits of the position to more-likely-than-not, (ii) the statute of limitations expires, or (iii) there is a completion of an examination resulting in a settlement of that tax year or position with the appropriate agency. The Company would recognize interest and penalties related to unrecognized tax positions in the provision for income taxes and other liabilities. Management has identified no uncertain tax positions at December 31, 2021. The Company is no longer subject to U.S. federal or state income tax examinations by tax authorities for years before 2018.

**Net Capital Requirements**

The Company is subject to the SEC Uniform Net Capital Rule ("Rule 15c3-1"), which requires the maintenance of minimum net capital, as defined, equal to the greater of \$5,000 or 6 2/3% of aggregate indebtedness, as defined. At December 31, 2021, the Company had net capital of \$6,979,175 which was \$6,964,042 in excess of the minimum amount required.

The Company claims exemption from the SEC's Customer Protection Rule ("Rule 15c3-3"). Section (k)(2)(ii) of Rule 15c3-3 allows for this exemption since all customer transactions are cleared through other broker-dealers on a fully-disclosed basis.

**2. Cash Segregated Under Federal Regulations**

Rule 15c3-3 under the Securities and Exchange Act of 1934 (the "Rule") specifies certain conditions under which brokers and dealers carrying customer accounts are required to maintain cash or qualified securities in a special reserve bank account for the exclusive benefit of customers. The Company clears all transactions with and for customers on a fully disclosed basis, and the Company does not otherwise hold funds or securities for, or owe money to customers. The Company claims exemption from the provisions of Rule 15c3-3 pursuant to the provisions of subparagraph (k)(2)(ii).

**3. Related Party Transactions**

The Company entered into a Networking and Services Agreement with Banco de Sabadell, S.A. – Miami Branch (the "Branch") that commenced on May 1, 2009 and is periodically reviewed and amended. Under this agreement, salaries and bonuses, rent, IT support, HR support and administration and other general services are paid to the Branch and are considered related party transactions.

Included in the statement of income are revenues and expenses resulting from various securities trading with certain affiliates, as well as fees for administrative services performed by the Company under the terms of various agreements.

**5. Fair Value of Financial Instruments**

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a hierarchy that prioritizes inputs used to determine fair value measurements into three levels based on the observability and transparency of the inputs:

- Level 1    Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2    Observable inputs other than Level 1 inputs, including quoted prices for similar assets and liabilities, quoted prices for identical assets and liabilities in less active markets and other inputs that can be corroborated by observable market data.
- Level 3    Unobservable inputs supported by little or no market activity or data and inputs requiring significant management judgment or estimation.

The following table presents the Company's fair value for assets and liabilities measured at fair value on a recurring basis as of December 31, 2021:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
<b>Assets</b>				
Securities owned (1)	\$ 3,088,598	\$ -	\$ -	\$ 3,088,598
Total assets at fair value	<u>\$ 3,088,598</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,088,598</u>

(1) Consists of a U.S. Government Treasury Debt Security

There are no liabilities measured at fair value on a recurring basis at December 31, 2021.

**Level 1 Valuation Techniques**

The valuation of U.S. Government Treasury debt securities is based on quoted prices for identical assets in active markets that can be accessed as of the measurement date.

U.S. GAAP requires the disclosure of estimated fair value of financial instruments including those financial instruments for which the Company did not elect the fair value option or are not measured at fair value on a recurring basis. The fair value of such instruments has been derived, in part, from the amount and timing of future cash flows and estimated discount rates.

Due to the short term maturity or repricing frequency, the carrying value was considered to approximate the fair value for cash and cash equivalents, and deposit with clearing broker. Management considered such instruments to be classified as Level 1.

(the Company) identified the following provisions of 17 C.F.R. § 240.15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3(k)(2)(ii), and (2) the Company stated that it met the identified exemption provisions throughout the year ended December 31, 2021 without exception. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) under the Securities Exchange Act of 1934.
