REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Management and Member,
EM Securities LLC:

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition EM Securities LLC (the "Company"), as of September 30, 2022, and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of September 30, 2022, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

WithumSmith+Brown, PC

We have served as the Company's auditor since 2016.

NOTES TO FINANCIAL STATEMENT

SEPTEMBER 30, 2022

NOTE 1. DESCRIPTION OF ORGANIZATION AND BUSINESS

EM Securities LLC (the "Company") provides broker dealer services including financial advisory services, underwriting and selling group participant, placement agent and similar services, and investing in securities. The Company is a broker dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company is a wholly owned subsidiary of Evolution Media Capital LLC ("EMC").

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

These financial statements were prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Accounts Receivable and Allowance for Credit Losses

Accounts receivable are customer obligations due under normal trade terms. The Company performs continuing credit evaluations on each customer's financial condition and senior management reviews accounts receivable on a periodic basis to determine if any receivable will potentially be uncollectible. After all attempts to collect a receivable have failed, the receivable is written off.

Effective October 1, 2020, the Company adopted ASC Topic 326, Financial Instruments – Credit Losses ("ASC 326"). ASC 326 impacts the impairment model for certain financial assets measured at amortized cost by requiring a current expected credit loss ("CECL") methodology to estimate expected credit losses over the entire life of the financial asset, recorded at inception or purchase. Under the accounting update, the Company has the ability to determine there are no expected credit losses in certain circumstances. The Company identified fees receivable carried at amortized cost as impacted by the new guidance. ASC 326 specifies that the Company adopt the new guidance prospectively by means of a cumulative-effect adjustment to the opening retained earnings as of the beginning of the first reporting period effective. The Company believes there is no impact to opening member's equity upon adoption of ASC 326. The allowance for credit losses is based on the Company's expectation of the collectability of financial instruments carried at amortized cost, including fees receivable utilizing the CECL framework. The Company considers factors such as historical experience, credit quality, age of balances and current and future economic conditions that may affect the Company's expectation of the collectability in determining the allowance for credit losses. The Company's expectation is that the credit risk associated with fees receivables is not significant until they are 90 days past due on the contractual arrangement and expectation of collection in accordance

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

with industry standards. There was an allowance for credit losses of \$131,750 at September 30, 2022.

Income Taxes

The Company is a limited liability company, treated as a disregarded entity for federal, state and most city income tax purposes; it is subject to minor city income taxes but these are assumed by the Company's parent. The Company therefore does not incur income taxes at the Company level. Instead its earnings and losses are passed through to the member and included in the calculation of the member's tax liability. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Uncertain Tax Positions

In accordance with GAAP, the Company is required to determine whether a tax position of the Company is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized could result in the Company recording a tax liability that would reduce member's equity. This policy also provides guidance on thresholds, measurement, de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition that is intended to provide better financial statement comparability among different entities. However, management's conclusions regarding this policy may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analysis of and changes to tax laws, regulation and interpretations thereof.

Management has analyzed the Company's tax positions and has concluded that no liability for unrecognized tax benefits should be recorded as of September 30, 2022.

Concentrations

All cash deposits are held by one financial institution and therefore are subject to the credit risk at that financial institution. The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

For the year ended September 30, 2022, approximately 91% of the Company's revenues are from 5 clients.

NOTES TO FINANCIAL STATEMENT

SEPTEMBER 30, 2022

NOTE 3. RELATED PARTY TRANSACTIONS

The Company has an agreement with EMC, under which all expenses of the Company are borne by EMC.

NOTE 4. NET CAPITAL REQUIREMENTS

As a broker dealer the Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1). In accordance with the net capital provisions of Rule 15c3-1, the Company is required to maintain minimum net capital as defined of not less than the greater of \$100,000 or 6-2/3% of the Company's total aggregate indebtedness. The basic concept of the net capital rule is liquidity; its objective being to require a broker dealer to have at all times sufficient liquid assets to meet its current liabilities. As of September 30, 2022, the Company had net capital of \$2,922,313, which exceeded the minimum requirement of \$100,000 by \$2,822,313.

NOTE 5. RULE 15C3-3

The Company does not handle cash or securities on behalf of customers and accordingly has no obligation under SEC Rule 15c3-3.
