**Re: Emdeon Inc.
Amendment No. 4 to Registration Statement on Form S-1
Filed July 28, 2009
File No. 333-153451**

Dear Mr. Stevens:

We have reviewed your filing and have the following comments. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

General

1. We note that the registration statement covers the resale of Class A common shares that are being offered by officers, directors and major shareholders. Given the nature and size of the transaction, it appears that these selling stockholders may be underwriters within the meaning of Section 2(a)(11) of the Securities Act. Please revise your disclosure or advise.

2. Please continue the vertical black line all the way through your statement of operations.

3. Please expand your disclosure on page 58 and page 5 to clarify that consideration also included the issuance of 1,850,000 EBS units.

Notes to Consolidated Financial Statements, page F-7

4. We reissue a portion of comment five from our letter dated July 28, 2009. Paragraph 68(f) of SFAS141R requires disclosure of the acquisition-date fair value of the total consideration transferred. Please revise as previously requested to disclose the total acquisition-date fair value or consistent with paragraph 70 of SFAS 141R describe the disclosure required and the reason why you can not disclose the total acquisition-date fair value. That is, disclose why you can not disclose the fair value of the units of EBS Master issued to members of eRx.
