HGP SECURITIES LLC
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 1 – DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Operations

HGP Securities, LLC (the Company) was formed on April 9, 2008 and has been a registered broker-dealer with the Financial Industry Regulatory Authority (FINRA) since September 22, 2009. The Company provides capital raising services and merger and acquisition advisory services to companies in the health-care industry. Hawkeye Bay Capital, LLC (member) is the sole owner of HGP Securities, LLC. As a limited liability company, the member's liability is limited to their investment.

Summary of Significant Accounting Policies

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Revenue Recognition – Revenue from contracts with customers includes investment banking revenue from placement and advisory services. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on appropriate measure of the Company's progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events.

The Company provides placement and advisory services related to capital raising activities and mergers and acquisitions transactions. Revenue from advisory agreements is generally recognized at the point in time that performance under the agreement is completed (the closing date of transaction) or the contract is cancelled. However, for certain contracts, revenue is recognized over time for advisory agreements in which the performance obligations are simultaneously provided by the Company and consumed by the customer. In some circumstances, significant judgement is needed to determine the timing and measure of progress appropriate for revenue recognition under a specific contract. Retainers and other fees received from customers prior to recognizing the revenue are reflected as contract liabilities.

The Company recognizes success fee revenues from capital raising services and merger and acquisition advisory services upon completion of a success fee-based transaction. The Company recognizes certain retainer revenue from contracts with customers upon delivery of a list of possible participants to the transaction and delivery of specified marketing materials as these are the performance obligations identified by the Company. The amount of retainer revenue recognized without the consummation of a success fee-based transaction or formal termination of an engagement was \$233,000 and has been included in investment banking revenue in the accompanying Statement of Operations.

Cash- Cash consists of cash on deposit at a major financial institution. From time to time the account balances may be in excess of amounts insured by the Federal Deposit Insurance Corporation. Management does not believe the Company is exposed to any significant credit risk.

HGP SECURITIES LLC
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 1 – DESCRIPTION OF OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounts receivable – Accounts receivable are non-interest-bearing uncollateralized obligations receivable in accordance with the terms agreed upon with each customer. The Company regularly reviews its accounts receivable for any uncollectible amounts. The review for uncollectible amounts is based on an analysis of the Company's collection experience, customer credit worthiness, and current economic trends. Based on management's review of accounts receivable, no allowance for credit losses is considered necessary.

Property and Equipment – Property and equipment are recorded at cost. Depreciation is provided by use of straight-line methods over the estimated useful lives of the respective assets. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized. When items of property or equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in the results of operations.

Securities owned - Securities owned consist of money market funds. The securities owned are valued at fair value. Proprietary securities transactions are reported on the trade date as if they had settled.

NOTE 2 – NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires that the Company maintain minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2023, the Company had net capital of \$1,744,498 which was \$1,734,849 in excess of its required net capital of \$9,649. The Company's ratio of aggregate indebtedness to net capital was .08 to 1.0 as of December 31, 2023.

NOTE 3 – INCOME TAXES

As a limited liability company, the tax consequences of the Company's operations all pass through to the sole member. Accordingly, the Company's financial statements do not include a provision for income taxes. Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740 Accounting for Income Taxes, requires management to evaluate tax positions taken by the Company and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing jurisdictions. Management has analyzed the tax positions taken by the Company and has concluded that, as of December 31, 2023, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the Company's financial statements. The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 – LEASE COMMITMENTS

The Company leases office space under a non-cancelable operating lease expiring in 2025. The Company recognizes and measures its leases in accordance with FASB ASC 842, Leases. The Company recognizes the lease liability and a right of use (ROU) asset on its balance sheet by recognizing the lease liability based on the present value of its future lease payments. The Company uses an incremental borrowing rate of 5% based on what it would approximately have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The ROU asset is subsequently measured throughout the lease term at the amount of the remeasured lease liability (present value of the remaining lease payments), less the unamortized balance of lease incentives received.

HGP SECURITIES LLC
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 4 –LEASE COMMITMENTS (continued)

Maturity of the lease liability under the noncancelable operating lease is as follows:

<u>Year Ending December 31,</u>		
2024		47,941
2025		24,175
Total	\$	72,116
Total undiscounted lease payments		\$ 72,116
Less imputed interest		<u>(2,787)</u>
Total lease liability		<u><u>\$ 69,329</u></u>

The Company's office space lease requires it to make variable payments for the Company's proportionate share of operating expenses (i.e., building's property taxes, insurance, and common area maintenance). These variable lease payments are not included in lease payments used to determine the lease liability and are thus recognized as variable costs when incurred.

The total lease cost including variable costs associated with this lease for the year ended December 31, 2023 was approximately \$67,749.

The lease liability exceeds the ROU asset due to an unamortized lease incentive.

Pursuant to respective month-to-month sublease agreements, the Company received rental income during 2023 from one related entity in the amount of approximately \$16,859 and from an unrelated entity in the amount of \$3,000 that have been included in other revenue within the accompanying Statement of Operations. The due from related party as of December 31, 2023, in the amount of \$3,130 arises from the Company's sublease agreement with the related entity.

NOTE 5 – RETIREMENT PLAN

The Company sponsors a profit-sharing plan under Section 401(k) of the Internal Revenue Code benefiting substantially all employees, as defined. Employees are eligible to participate as of the date of their employment. Employer contributions to the plan totaling approximately \$48,804 were expensed by the Company for 2023.

NOTE 6 – SUBSEQUENT EVENTS

Subsequent events were evaluated through the date the financial statements were issued.

HGP SECURITIES LLC
NOTES TO FINANCIAL STATEMENTS
December 31, 2023

NOTE 7 – CONTINGENCIES

The Company is subject to litigation in the normal course of business. The Company has no litigation in progress at December 31, 2023.

NOTE 8 – RELATED PARTY TRANSACTIONS

See Note 4 for a description of a sublease agreement in place with a related party.

An owner of the Company's member paid for operating expenses of the Company in the amount of \$113,744 during the year ended December 31, 2023. This amount has yet to be reimbursed by the Company as of December 31, 2023 and is included in due to related party in the accompanying statement of financial condition.

Financial position and results of operation could differ from the amounts in the accompanying financial statements if these transactions did not exist.

NOTE 9 – CUSTOMER CONCENTRATIONS

During 2023, the Company had five customers that accounted for approximately 84% of total revenues. Approximately 78% of accounts receivable at December 31, 2023 is due from one customer.

NOTE 10 – FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices in active markets for identical assets or liabilities the Company has the ability to access at the measurement date.

Level 2 inputs are inputs (other than quoted prices) that are observable for the asset or liability either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability developed using estimates and assumptions which reflect those that market participants would use. (The unobservable inputs are developed based on the best information available in the circumstances and may include the Company's own data.)

NOTE 10 – FAIR VALUE MEASUREMENT (continued)

The following table presents the Company's fair value hierarchy for those assets and liabilities:
