Notes to Unaudited Consolidated and Combined Financial Statements

Note 2. Property and Equipment, page 10

1. We note your response to prior comment one in our letter dated December 22, 2010. We also note the disclosures in your press release dated November 2, 2010, regarding the retention of Simmons & Company International to assist and advise you. As it pertains to your jack-up asset group, please provide to us your thorough analysis of each of the criteria of FASB ASC 360-10-35-21, (a) through (f), with respect to your September 30, 2010, financial statements, which you issued on November 9, 2010. For example, tell us how the Board of Director's decision to retain Simmons & Company International impacted your evaluation of subsection (f) of this standard. Additionally, please tell us when you began to contemplate filing petitions for relief under the United States Bankruptcy Code and when you began communicating with Hercules Offshore, Inc. regarding a potential purchase of your assets. In this regard, your response should also address management's assertion that your jack-up fleet asset value was fully recoverable based on expectations of undiscounted future cash flow from the operation of and eventual disposition of this asset class over their expected useful lives as of September 30, 2010. We may have further comments upon our review of your response.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

You may contact Suying Li at (202) 551-3335 or Sandy Eisen at (202) 551-3864 if you have questions regarding comments on the financial statements and related matters. Please contact me at (202) 551-3311 with any other questions.
