Dear Ms. Cutillo:

We have reviewed your draft registration statement and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter by providing the requested information and either submitting an amended draft registration statement or publicly filing your registration statement on EDGAR. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing the information you provide in response to these comments and your amended draft registration statement or filed registration statement, we may have additional comments.

General

1. The accounting comments issued below should also be addressed in the interim period financial information presented.

Summary

Our Business

Mortgage Originations, page 3

2. We note your disclosure on page 30 that approximately 35% of the aggregate outstanding loan balances in your servicing portfolio are secured by properties located in Texas, Louisiana and Ohio. Please revise your disclosure in the second paragraph of this section

and throughout the registration statement to present a more detailed picture of your loan concentrations and economic factors that impact any geographic concentrations within your loan or servicing portfolio.

Our Strengths

Consistent Ability to Produce High Quality Loans, page 8

3. We note your disclosure that since inception in 2005, you have focused on originating high quality residential mortgage loans. Please revise to include the average FICO scores and LTVs of loans originated since inception, and for the years ended December 31, 2011 and 2012.

Emerging Growth Company Status, page 13

4. We note that you are an emerging growth company. Please supplementally provide us with copies of all written communications, as defined in Rule 405 under the Securities Act, that you, or anyone authorized to do so on your behalf, present to potential investors in reliance on Section 5(d) of the Securities Act, whether or not they retain copies of the communications. Similarly, please supplementally provide us with any research reports about you that are published or distributed in reliance upon Section 2(a)(3) of the Securities Act of 1933 added by Section 105(a) of the Jumpstart Our Business Startups Act by any broker or dealer that is participating or will participate in your offering.

Registration Rights and Lock-Up Agreements, page 14

5. Please revise to state whether the Registration Rights Agreement includes any monetary penalties for failing to file a shelf registration statement or not having the shelf registration statement declared effective by a certain date, or confirm that there are no such penalties.

Risk Factors

Borrowers with adjustable rate mortgage loans..., page 33

6. Revise to state the number, percentage and aggregate amount of loans you service that are adjustable rate mortgage loans.

Management's Discussion and Analysis of Financial Condition and Results of Operations

Our Integrated Business Model, page 57

7. Revise this section to discuss the third portion of your three part business model, the correspondent warehouse lending through the former NattyMac. Please indicate the size of current operations, as well as the interest margin from this operation.

Results of Operations

Three Months Ended March 31, 2013 Compared to March 31, 2012

8. Please tell us, with a view towards improved disclosure, if management is able to determine the overall risk profile of your mortgage origination and servicing portfolios. For instance, are you able to determine if your lower credit quality borrowers also represent higher LTV at origination? To the extent that you are able to monitor the credit exposure from your borrowers, please supplementally provide us with information on the current makeup of your portfolio.

Total Expenses, page 64

9. In your disclosure on page 114 you indicate that 11% of your employees were involved in your servicing and compliance operations. You also disclose throughout the registration statement that you intend to increase your servicing operations. Since servicing is a fairly labor intensive activity, please revise this section to discuss management's view of the likely growth in expenses as you implement your strategy.

Liquidity and Capital Resources

10. In your discussion of your three segment business strategy, beginning on page 101, you indicate that an increasing portion of your business going forward will be from funding warehouse lines for correspondent lenders, and by servicing MSRs. Please clarify, if true, that you are able to fund the warehouse lines for your correspondent lenders using the credit lines discussed on page 82. Alternatively, if your financing platform will require other sources of funding, please revise this section to discuss the changes to your funding needs as this portion of your business expands.
11. Similarly, please revise this section to discuss the main funding sources for the advances required as part of your servicing operations.

Financings, page 81

12. Revise the table on page 82 to include the outstanding amounts and to provide the actual interest rates of each of the lines of credit.

Mortgage Servicing Rights, page 88

13. Please revise to provide in tabular format sufficient information to enable the investor to understand the impact changes in interest rates will reasonably likely to have on the current or future financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources of the company for the periods presented in accordance with Item 303(a)(4) of Regulation S-K.
