## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Member of  
Kelson Capital, LLC

We have audited the accompanying statement of financial condition of Kelson Capital, LLC as of June 30, 2017, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the statement of financial condition. The Company's management is responsible for this financial statement. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of financial condition. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Kelson Capital, LLC as of June 30, 2017, in accordance with accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part of this financial statement.

KELSON CAPITAL, LLC

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2017

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization – Kelson Capital, LLC (the “Company”), a limited liability company, was organized in the state of New Jersey on November 18, 2008. The duration of the Company is perpetual. The Company is registered as a broker/dealer with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company acts as a placement agent for institutional investment money managers. The Company markets the specialized investment management strategies for institutional investors.

Basis of presentation - The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Concentrations of Credit Risk - The Company is engaged in various brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company’s own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company’s policy to review, as necessary, the credit standing of each counterparty.

In addition, the Company’s cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

Cash Equivalents - For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

Accounts Receivable – Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is provided for those accounts receivable considered to be uncollectible based upon management’s assessment of the collectability of accounts receivable, which considers historical write-off experience and any specific risks identified in customer collection matters. Bad debts are written off against the allowance when identified. As of June 30, 2017, management believes no allowance for uncollectible accounts receivable is necessary.

KELSON CAPITAL, LLC

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2017

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, creates a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

Level 1 inputs have been applied to value cash equivalents on the statement of financial condition. No valuation techniques have been applied to all other assets and liabilities included in the statement of financial condition. Due to the nature of these items, all have been recorded at their historical values.

KELSON CAPITAL, LLC

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2017

NOTE 3 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the Financial Industry Regulatory Authority, the Company is subject to the Uniform Net Capital Rule, which requires the maintenance of minimum net capital and requires that the ratio of aggregated indebtedness to net capital, both as defined, shall not exceed 1500%. At June 30, 2017, the Company's net capital and required net capital were \$82,388 and \$5,000 respectively. The ratio of aggregate indebtedness to net capital was 14.49%.

NOTE 4 - RELATED PARTIES

The Company is wholly owned by Kelson Group I LLC (the "sole member"). The Company rents office space from its sole member on a month to month basis. The amount per month is \$5,000.

NOTE 5 - INCOME TAXES

The Company is considered a disregarded entity for federal income tax purposes. Income taxes are therefore the responsibility of the sole member of the Company.

The Company accounts for any potential interest or penalties related to possible future liabilities for unrecognized income tax benefits as interest/other expense. The Parent is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2014.

NOTE 6 - CONCENTRATION

There were three major customers of the Company that represented 33%, 32%, and 11% of fee revenue for the year ended June 30, 2017. The respective accounts receivable balances were \$0, \$110,000, and \$0 as of June 30, 2017.

NOTE 7 - SUBSEQUENT EVENT

On August 17, 2017 the Company made capital distributions totaling \$100,000.
