File Numbers: 333-157055 and 811-22274

Dear Ms. Winick:

We have reviewed the registration statement of Nuveen New Jersey Municipal Value Fund (the "Fund") filed on January 30, 2009 on Form N-2 under the Securities Act of 1933 (the "1933 Act") and the Investment Company Act of 1940 (the "1940 Act").

Our comments are set forth below. The captions we use below correspond to the captions the Fund uses in its registration statement. You should consider a comment made with respect to one section, however, to apply to similar disclosure elsewhere in the registration statement,

Prospectus

Cover Page

1. Move "Estimated Offering Expenses" from the pricing table to a footnote thereto, consistent with the tabular format presented in Item 1.g of Form N-2.

Prospectus Summary

1. The Offering – Please inform the staff whether FINRA has approved the terms of the underwriting arrangement.

2. Who May Want to Invest – Clarify why an investor seeking "diversification" of an investment portfolio would want to invest in a non-diversified closed-end municipal fund concentrating in New Jersey.

3. Investment Objectives and Policies – Please state whether the Fund will count investments in inverse floating rate securities toward the 80% test.

4. Investment Adviser – With respect to the accrued liabilities used in the definition of “Managed Assets”, you exclude Fund liabilities representing “financial leverage”. Does “financial leverage” only mean traditional forms of leverage, such as debt securities and preferred stock?

5. Investment Adviser -- Is the “complex-level fee” the subject of a no-action letter or an exemptive order? If not, supplementally explain to the staff why the imposition of such a fee is consistent with the Investment Company Act of 1940 (the “1940 Act”).

6. Special Risk Considerations – Inverse Floating Rate Securities Risk – (a) Disclose whether the Fund will deposit its municipal bonds with “special purpose trusts”. (b) Disclose that the Fund also may invest in tender option bonds issued by “special purpose trusts”. (c) Disclose whether the Fund will enter in to any support agreements with “special purpose trusts”. (d) Supplementally explain to the staff whether the “inverse floating rate securities” will be counted as leverage for purposes of calculating the advisory fee. (e) Supplementally inform the staff whether the Fund’s investment in “inverse floating rate securities” will be considered a “senior security” subject to the 300% asset coverage requirement of Section 18 to the 1940 Act.

7. Include a paragraph on the risk of conflicts of interest arising from the fact that the Investment Adviser has an incentive to invest in “inverse floating rate securities” which results in an increase in its advisory fee.

8. Supplementally inform the staff as to the procedures and guidelines the Board of Trustees will follow to monitor any potential conflicts of interest that may arise from the Fund’s and the Investment Adviser’s involvement with “interest floating rate securities” and “special purpose trusts”.

9. Include a paragraph on the risk that NRSRO’s may be mistaken in their credit ratings and may be slow in ascertaining changes in the circumstances of issuers that may affect such credit ratings.

10. Please ensure that any risks pertaining specifically to New Jersey are fully disclosed in the prospectus.

Municipal Securities

11. (a) Clarify how inverse floaters and tender option bonds are used by the Fund to advance its investment objective. (b) May the Fund invest in both inverse floaters and tender option bonds issued by the same special purpose trust?
