REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
Foros Securities LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Foros Securities LLC (the "Company") as of December 31, 2020, and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2020, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

WithumSmith+Brown, PC

We have served as the Company's auditor since 2016.

FOROS SECURITIES LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

December 31, 2020

1. Nature of business

Foros Securities LLC (the "Company") is an entity organized under the laws of the state of Delaware on May 5, 2009. The firm primarily provides consulting services on mergers, acquisitions, divestitures, joint ventures, restructurings, reorganizations, capital raising activities, private placements, defensive strategies and similar transactions.

The Company is a wholly-owned subsidiary of Foros Advisors LLC (the "Parent").

The Company is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA").

2. Summary of significant accounting policies

Basis of Presentation

The accompanying financial statement is presented in U.S. Dollars and has been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Cash

Cash aggregating approximately \$8,687,000 consists of cash, money market accounts and certificate of deposits which are held by financial institutions.

Other Assets

Included in other assets on the Statement of Financial Condition are fees receivable of \$1,507,921 and contract assets of \$25,965 which are carried at the amount expected to be received, and miscellaneous other assets of \$5,616.

Revenue Recognition

The company recognizes revenue in accordance with ASC Topic 606, *Revenue from Contracts with Customers* ("ASC Topic 606") which requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance requires an entity to follow a five step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate the transaction price to the performance obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies a performance obligation. In determining the transaction price, an entity may include variable consideration only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized would not occur when the uncertainty associated with the variable consideration is resolved.

Our principal sources of revenue are derived from two segments: M&A advisory fees and opinion fees, as more fully described below. The new revenue recognition guidance does not apply to revenue associated with financial instruments, interest income and expense, leasing and insurance contracts. The following is a description of principal activities, separated by reportable segments, from which the Company generates its revenue.

FOROS SECURITIES LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

December 31, 2020

2. Summary of significant accounting policies (continued)

M&A advisory fees. The Company provides advisory services on mergers and acquisitions (M&A). Revenue for advisory arrangements is generally recognized at the point in time that performance under the arrangement is completed (the closing date of the transaction) or the contract is cancelled. However, for certain contracts, revenue is recognized for advisory arrangements in which the performance obligations are simultaneously provided by the Company and consumed by the customer. In some circumstances, significant judgment is needed to determine the timing and measure of progress appropriate for revenue recognition under a specific contract. Retainers and other fees received from customers prior to recognizing revenue are reflected as contract liabilities.

Opinion fees. The Company earns fees for related advisory work by providing fairness opinions. The Company records opinion fee revenues at the point in time, gross of related expenses, when the performance obligation for the services are completed or the contract is canceled under the terms of each assignment or engagement.

Transaction success fees: The company provides merger and acquisition advisory services whereby the fees for such services are dependent on the success of the transaction. Therefore, revenue for these arrangements is generally recognized at the point in time that performance under the arrangement is completed and the transaction has closed.

Receivables and Contract Balances

The Company had outstanding fees receivables related to revenue from contracts with customers totaling \$2,083,888 and \$1,507,921 as of January 1, 2020 and December 31, 2020, respectively. The Company had contract assets totaling \$27,157 and \$25,965 as of January 1, 2020 and December 31, 2020, respectively. As of January 1, 2020 and December 31, 2020, the Company had contract liabilities of \$0 and \$239,583, respectively.

Disaggregated Revenue

Disaggregation of revenue is presented on the face of the Statement of Operations by type of revenue streams the Company earns.

Risks and Uncertainties?

The outbreak of the novel coronavirus ("COVID-19") in many countries continues to adversely impact global commercial activity and has contributed to significant volatility in financial markets. The World Health Organization has declared COVID-19 a "Public Health Emergency of International Concern." The Global impact of the outbreak continue to evolve, and as cases of the virus have continued to be identified, many countries have reacted by instituting quarantines and restrictions on travel. Such actions are creating disruption in global supply chains, and adversely impacting a number of industries. The outbreak could have a continued adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate adverse impact of COVID-19. Nevertheless, COVID-19 could have a material impact on the Company's financial statements.

FOROS SECURITIES LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

December 31, 2020

2. Summary of significant accounting policies (continued)

Income Taxes

The Company is a single member limited liability company. Accordingly, it is a disregarded entity for tax purposes and is not subject to taxes on its income. The Company's Sole Member is subject to the New York City Unincorporated Business Tax ("UBT"). As the liability associated with the UBT is principally the result of the operations of the Company, the UBT, which is calculated using currently enacted tax laws and rates, is reflected on the books of the Company, in accordance with the provisions of the Income Taxes Topic of the Financial Accounting Standards Board Accounting Standards Codification. This Topic requires the consolidated current and deferred tax expense (benefit) for a group that files a consolidated tax return to be allocated among the members of the group when those members issue separate financial statements. For the year ended December 31, 2020, the UBT tax expense was a debit of \$98,575, which relates to a change in estimates, of which \$73,671 is included in accrued expenses as of December 31, 2020.

At December 31, 2020, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Company's management to make estimates and assumptions that affect the amounts disclosed in the financial statement. Actual results could differ from those estimates.

3. Related party transactions

Pursuant to an administrative services agreement with its Parent, the Company recognizes rent and other general and administrative expenses based on the terms and conditions stipulated in the agreement.

As of December 31, 2020, the balance due to the Parent under these arrangements was approximately \$316,000.

4. Net capital requirement

The Company, as a member of FINRA, is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1. This Rule requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness as defined to net capital, shall not exceed 15 to 1. The rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2020, the Company's net capital was approximately \$3,976,000 which was approximately \$3,683,000 in excess of its minimum net capital requirement of \$293,000.

FOROS SECURITIES LLC

NOTES TO STATEMENT OF FINANCIAL CONDITION

December 31, 2020

5. Exemption from Rule 15c3-3

The Company limits its business activities pursuant to footnote 74 to SEC Release 34-70073, and as discussed in Q & A 8 of the related FAQ issued by SEC staff. Accordingly, there are no items to report under the requirements of this Rule

6. Concentrations of credit risk

The Company maintains its cash balances in bank accounts at financial institutions, and at times the balance may exceed the federally insured limit. The Company is subject to credit risk to the extent any financial institution with which it conducts business is unable to fulfill contractual obligations on its behalf.

Due to the predominantly transactional nature of the Company's business, the revenues were attributable to a limited number of customers.

During the year ended December 31, 2020, the Company received approximately 90% of its total revenue from four clients. As of December 31, 2020, revenue from one of these clients was still outstanding.

7. Subsequent events

The Company has evaluated subsequent events. There are no subsequent events which require disclosure in the notes to the financial statements.
