NOTES TO FINANCIAL STATEMENTS

December 31, 2017

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of business: Brown, Lisle/Cummings, Inc. (The Company), located in Providence, Rhode Island, is a broker/dealer engaged in the sale of securities to customers located mainly on the East Coast.

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer and promptly transmit all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

A summary of the Company's significant accounting policies follows:

Recent financial reporting pronouncements: In May 2014 and in subsequent amendments, the Financial Accounting Standards Board (FASB) issued ASU No. 2014-09 which amended the Revenue from Contracts with Customers (Topic 606) of the Accounting Standards Codification. The core principle of the new guidance is that an entity should recognize revenue to reflect the transfer of goods and services to customers in an amount equal to the consideration the entity receives or expects to receive. The guidance will be effective for the Company for annual periods beginning after December 15, 2017. The Company is currently evaluating the impact on its financial statements.

In February 2016, FASB issued ASU No. 2016-02, Leases (Topic 842), which provides guidance for accounting for leases. The new guidance requires organizations to recognize the assets and liabilities for the rights and obligations created by leased assets, initially measured at the present value of the lease payments. The accounting guidance for lessors is largely unchanged. The ASU is effective for annual periods beginning after December 15, 2018. The Company is currently evaluating the impact this guidance will have on the Company's financial statements.

Income recognition: Securities transactions and the related commission revenues and expenses are recorded on a settlement date basis, which is generally the second business day following the date a transaction is executed. The effect of transactions executed but not yet settled is not significant.

Investment advisory income: Investment advisory fees are received quarterly but are recognized as earned on a pro rata basis over the term of the contract.

Property, equipment and depreciation: Property and equipment are stated at cost. Depreciation is computed using both straight-line and accelerated methods for financial reporting purposes and is based on estimates of useful lives, ranging from 5 to 10 years. The depreciation expense for the year ended December 31, 2017 was \$10,075 and accumulated depreciation at December 31, 2017 was \$98,502.

BROWN, LISLE/CUMMINGS, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income taxes: The Company is an S Corporation within the meaning of Internal Revenue Code Section 1361. Under this provision, profits are, with certain exceptions, taxed directly to the stockholders in proportion to their percentage of ownership.

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, *Income Taxes*. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

Management has determined there are no uncertain income tax positions.

Advertising costs: The Company charges advertising costs to expense as incurred. Advertising costs for the year ended December 31, 2017 were \$1,675.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Statement of cash flows: For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business.

Note 2. FAIR VALUE

Fair Value Hierarchy

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a hierarchy of fair value inputs. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

BROWN, LISLE/CUMMINGS, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

Note 2. FAIR VALUE (CONTINUED)

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- *Level 1.* Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date.
- *Level 2.* Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.
- *Level 3.* Unobservable inputs for the asset or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The Company has no assets and liabilities measured at fair value on a recurring basis as of December 31, 2017.

Additional Disclosures About the Fair Value of Financial Instruments (Including Financial Instruments Not Carried at Fair Value)

GAAP requires disclosure of the estimated fair value of certain financial instruments, and the methods and significant assumptions used to estimate their fair values. Financial instruments within the scope of these disclosure requirements are included in the following table. Certain financial instruments that are not carried at fair value on the Statement of Financial Condition are carried at amounts that approximate fair value due to their short-term nature and generally negligible credit risk. These instruments include cash and cash equivalents, short-term receivables, and other liabilities.

BROWN, LISLE/CUMMINGS, INC.

NOTES TO FINANCIAL STATEMENTS
December 31, 2017

Note 2. FAIR VALUE (CONTINUED)

The following table presents the carrying values and estimated fair values at December 31, 2017, of financial assets and liabilities, excluding financial instruments that are carried at fair value on a recurring basis, and information is provided on their classification within the fair value hierarchy.

The Plan's assets are held by T. Rowe Price Trust Co. Profit sharing contributions and safe harbor contributions for the year ended December 31, 2017 were \$109,300 and \$66,638, respectively.

BROWN, LISLE/CUMMINGS, INC.

NOTES TO FINANCIAL STATEMENTS

Note 4. OPERATING LEASE

The Company leases certain office space under a noncancelable agreement which expires in 2020 and requires minimum annual rentals. Rental expense for the year ended December 31, 2017 was \$121,647.

At December 31, 2017, future minimum lease payments for the office space were as follows:

Years ending December 31	
2018	\$ 126,585
2019	129,398
2020	21,566
	<u>\$ 277,549</u>

Note 5. CASH AND SECURITIES SEGREGATED UNDER FEDERAL AND OTHER REGULATIONS

The Company is exempt from segregated reserve bank accounts for the benefit of customers under Rule 15c3-3 as all transactions are cleared through another broker/dealer on a fully disclosed basis.

Note 6. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission (SEC) uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2017 the Company had net capital and net capital requirements of approximately \$190,012 and \$100,000, respectively. The Company's net capital ratio (aggregate indebtedness to net capital) at December 31, 2017 was 1.21 to 1.

Note 7. STATEMENT PURSUANT TO PARAGRAPH (d)(4) of RULE 17a-5

There are no material differences between the computation of aggregate indebtedness and net capital and that of the corresponding computation prepared by and included in the Company's unaudited Part IIA Focus Report filing as of December 31, 2017.

BROWN, LISLE/CUMMINGS, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

Note 8. NFS AGREEMENT

The Company has an agreement with National Financial Services, LLC (NFS). Under this agreement, NFS clears transactions on a fully disclosed basis for accounts of the Company and of the Company's customers, which are introduced by the Company and accepted by NFS. NFS maintains stock records and other records on a basis consistent with generally accepted practices in the securities industry and maintains copies of such records in accordance with the FINRA and SEC guidelines for record retention. NFS is responsible for the safeguarding of all funds and securities delivered to and accepted by it. NFS prepares and sends to customers monthly or quarterly statements of account. The Company does not generate and/or prepare any statements, billings or compilations regarding any account. The Company examines all monthly statements of account, monthly statements of clearing services, and other reports provided by NFS and notifies NFS of any errors. NFS charges the Company for clearing services. NFS also collects all commissions on behalf of the Company and makes payments to the Company for commissions.

The Company carries its receivable from NFS at cost. If a customer of the Company did not pay NFS a commission, the assets of that customer's account would be liquidated to cover any amount owed for the commission. Any shortfall between the value of the assets and the amount owed for the commission would have to be absorbed by the Company as bad debt. The Company has deemed an allowance for such a loss is unnecessary, since historically these losses have been minimal and immaterial.

The Company is required to maintain an escrow deposit account pursuant to the agreement with NFS. The balance of the escrow deposit account was \$50,000 at December 31, 2017.

For the year ended December 31, 2017, revenues generated from NFS were approximately 97% of total revenues. At December 31, 2017, amounts due from NFS in accounts receivable totaled \$78,957.

Note 9. OFF-BALANCE-SHEET RISK AND CONCENTRATION OF CREDIT RISK

As discussed in Note 1, the Company's customer securities transactions are introduced on a fully-disclosed basis with a clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers of the Company and is responsible for collection and payment of funds and receipt and delivery of securities relative to customer transactions. The clearing broker/dealer will also execute trades when requested by the Company. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that insure customer transactions are executed properly.

The Company maintains its cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash. The amount on deposit at December 31, 2017 exceeded insurance limits by approximately \$74,000.

Note 10. SUBSEQUENT EVENTS
