Notes to Statement of Financial Condition

December 31, 2022

1. Introduction and Basis of Presentation

Wellington Funds Distributors Inc. ("WFD") was incorporated in Delaware on October 29, 2009 and is a wholly-owned subsidiary of Wellington Management Funds Holdings LLP ("WMFH"). Wellington Management Group LLP ("WMG") is the ultimate parent of WMFH and through its subsidiaries, some of which are registered as investment advisers with the United States Securities and Exchange Commission ("SEC"), including its United States subsidiary Wellington Management Company LLP ("WMC"), provides investment management and investment advisory services primarily to institutions around the world. WFD operates as a broker-dealer pursuant to the Securities Exchange Act of 1934 and applicable state securities statutes. WFD is a member of Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation. WFD has a limited scope of business acting primarily as an introducing broker-dealer to offer interests in funds sponsored by its affiliates ("Wellington Management Sponsored Funds") and certain SEC-registered investment companies sub-advised by WMC registered under the Investment Company Act of 1940.

Basis of Presentation

The accompanying statement of financial condition have been prepared in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

The preparation of the statement of financial condition in conformity with US GAAP requires management to make estimates and assumptions that affect the amounts reported in the statement of financial condition and notes to the statement of financial condition. Actual results could differ from those estimates.

Events or transactions occurring after the period end date through the date the statement of financial condition was issued, February 21, 2023, have been evaluated in the preparation of the statement of financial condition.

2. Accounting Pronouncements Adopted During the Financial Period

There were no accounting pronouncements adopted during the fiscal year ended December 31, 2022.

3. Summary of Significant Accounting Policies

Cash and Cash Equivalents

Cash and cash equivalents consist of cash held with the bank and are stated at amortized cost, which approximates fair value. Cash balances held in the bank may exceed government deposit insurance limits, where available.

Services Agreement Fees

WFD receives a services fee from WMC primarily for the introduction of prospects and clients to WMC's United States investment management capabilities, by way of offering interests in the Wellington Management Sponsored Funds and certain SEC-registered investment companies sub-advised by WMC. Such fees are governed by the Inter-Company Services Agreement ("Services Agreement") between WFD and WMC. Services fee revenue is generated through the reimbursement of operating expenses of the Company plus a mark-up of 5% under the Services Agreement with WMC, further described in Note 4. The Company believes the performance obligation for providing these services is satisfied over time because the services are provided and consumed over time.

Income Taxes

WFD files state and federal income tax returns. WFD provides for income taxes at the applicable statutory rates. Current income tax is based on the taxable income for the current year. Deferred income tax, if any, results principally from the recognition of expenses for financial reporting purposes in years different from those in which the expenses are deductible for income tax purposes.

Fair Value

The carrying amounts of the following financial assets and financial liabilities approximate their fair values: receivables from affiliate, accounts payable and accrued liabilities.

Credit Risk

WFD maintains non-interest bearing cash and cash equivalent accounts at a financial institution, which may have credit risk. WFD has not experienced any losses in these accounts to date. WFD attempts to minimize this risk by monitoring the credit quality of the financial institution.

4. Related Party Transactions - Services Agreement

In consideration of such services, WMC pays WFD a Services Agreement Fee in an amount equal to one hundred and five percent (105%) of all costs incurred by WFD, excluding intercompany fees charged by other WMC affiliated entities, income taxes and interest. As part of the Services Agreement, WMC agrees to make available to WFD the services of certain of its officers and employees required by WFD in the conduct of its business as well as office space, equipment, administrative and support services.

Under the terms of the Services Agreement, the Right of Offset exists between WFD and WMC and effectively allows for the offsetting of receivables and payables between WFD and WMC. Therefore, only a net receivable or payable related to the activity under this agreement is recorded on the Statement of Financial Condition. The net payable as of December 31, 2022 to WMC was \$28,492. Payments are made in full on or before March 15 following the end of the taxable year.

5. Dividends

Dividend paid	\$ 450,000
---------------	------------

6. Net Capital Requirements

WFD is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of a minimum net capital and requires that the ratio of aggregate indebtedness to net capital be no more than 15 to 1.

As of December 31, 2022, WFD had net capital for this purpose of \$2,817,412 which was \$2,811,412 in excess of its minimum net capital requirement of \$5,000. WFD's ratio of aggregate indebtedness to net capital complied with the required limit and was 1.2%, at December 31, 2022.
