1. We note from your response to our prior comment 5 that you contributed contracts for 11 VLGCs under construction, options to build two additional VLGCs along with \$1.9 million in cash to Dorian and as a result, you obtained an equity interest in Dorian of 30%. We also note from your response that you valued the shares received based on the price of those shares on the closing date of the transaction, in accordance with IAS 27. In light of your disclosures in your Form 6-K furnished on February 24, 2014, that during the three months ended December 31, 2013, you recognized a gain of \$41.4 million as a result of this transaction, please provide us details as to how you determined or calculated the \$41.4 million gain recognized.
