Filed March 17, 2010
File No. 333-165526**

Dear Mr. Chien:

We have reviewed your filing and have the following comments. Where indicated, we think you should revise your document in response to these comments. If you disagree, we will consider your explanation as to why our comment is inapplicable or a revision is unnecessary. Please be as detailed as necessary in your explanation. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filing. We look forward to working with you in these respects. We welcome any questions you may have about our comments or any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. Please note that where we provide examples to illustrate what we mean by our comments, they are examples and not complete lists. If our comments are applicable to portions of the filing that we have not cited as examples, please make the appropriate changes in accordance with our comments. You should review each comment and consider its applicability to your entire filing.
2. Please provide us with copies of all graphics, maps, photographs, and related captions or other artwork including logos that you intend to use in the prospectus. Such graphics and pictorial representations should not be included in any preliminary prospectus distributed to prospective investors prior to the time we complete our review.

3. Section (a)(2) of Rule 419 defines a blank check company as a company that is issuing penny stock that is “a development stage company that has no specific business plan or purpose or has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies, or other entity.” In discussing the definition of a blank check company in the adopting release, the Commission stated that it would “scrutinize offerings for attempts to create the appearance that the registrant has a specific business plan, in an effort to avoid the application of Rule 419.” See Release No. 33-6932 (April 28, 1992).

Your disclosure indicates that you are a new company with no operating history, have no regularly paid employees and have not begun to earn revenues. In view of the foregoing, your business appears to be commensurate in scope with the uncertainty ordinarily associated with a blank check company. Please provide us with a detailed analysis describing why you believe that you are not a blank check company.

4. In light of the fact that you have limited assets and are conducting an offering which will not raise any capital for you, please advise us as to the reasons that you are conducting this offering of selling shareholders’ interests in you.
5. We note that you are registering the resale of securities received by the selling shareholders in March 2010. Please provide a detailed, legal analysis regarding why this offering should not be considered an indirect primary offering. Refer to C&DI, Securities Act Rules 612.09 available on our website at <http://www.sec.gov/divisions/corpfin/guidance/securitiesactrules-interps.htm>.
6. Please eliminate all references to Regulation S-B in the registration statement as Regulation S-B was replaced and Regulation S-B’s substantive disclosure requirements were integrated into new scaled disclosure provisions of Regulations S-K over two years ago. See Release No. 33-8876 (Dec. 19, 2007) and “A Small Entity Compliance Guide” available on our website at <http://www.sec.gov/info/smallbus/secg/smrepcosysguid.pdf>.
7. Please provide the disclosure called for by Item 502(b) of Regulation S-K.
8. Throughout the prospectus you make various statements about the status of your business that are inconsistent or inaccurate. Please review your entire registration statement and revise these statements and any other inconsistent or inaccurate statements to accurately reflect the current status of your business. For example, see the following:
 - See your statement on page 7 that you only have \$1225 cash on hand. From your financial statements it appears that your sole asset of \$1225 is a receivable due from a related party and not cash.

- See your statement on page 9 that the success of your business depends on your management's ability to acquire "more customers." The reference to "more customers" implies that you currently have some customer whereas in fact you have no current customers.
9. We note your disclosure that the 122,500 shares of common stock being offered by this registration statement were issued in valid private placements. Please provide us your analysis as to how these shares were issued in valid private placements under Section 4(2) of the Securities Act of 1933, as amended, including the facts that support your view that the issuance of the shares were pursuant to valid private placements.
 10. We note that you recently completed a "spin-off" from USChina Channel. Please provide us your analysis as to why you believe it was appropriate for you not to register this spin-off of shares under the Securities Act. Please see our Staff Legal Bulletin No. 4, available on our website at <http://www.sec.gov/interps/legal/slbcf4.txt>.

Risk Factors, page 6

17. Please revise your risk factor subheadings so that each one conveys the specific risk to you. Currently, many of your subheadings merely state a general risk or a fact about your business. Please revise throughout as necessary to identify briefly in your subheadings the specific risks to you that result from the noted facts or uncertainties, and then elucidate as needed to provide details regarding each risk. Potential investors should be able to understand what the risk is and the result of the risk as it specifically applies to you.
18. As you disclose on page 22, please add a risk factor disclosing the risks associated with implementation of Sarbanes-Oxley requirements for smaller reporting companies such as you.
19. As you disclose on page 22, please add a risk factor disclosing the risks associated with competition that you face.
20. We note that you have 60,000,000 shares of authorized common stock and only 1,225,000 shares are currently issued and outstanding. Please add a risk factor that addresses the risks of having such a large number of authorized but unissued common stock, including the risks that your management may issue additional stock without further stockholder approval, thereby causing dilution of current company stockholders.

4. Our only Officer, Mr. Hong, has limited financial capability, page 7

21. Please describe Mr. Hong's "limited financial capability" and why this is a risk to you. Please also disclose the amount of time that Mr. Hong intends to spend running USChina Taiwan Inc. For example, do you expect Mr. Hong to continue to work 30 hours a week for you after the business has been organized?

6. Andrew Chien, Chairman of USChina Channel INC, is a related party, page 8

22. Please describe in detail the potential conflicts of interest that exist between you and Mr. Andrew Chien.
23. Please explain what you mean by the statement that "His service for USChina Taiwan is paid."

18. There is no trading market . . . , page 11

25. We note your reference to the OTCBB market as a “listing” in the prospectus. The OTCBB is a quotation medium and not an exchange on which securities are “listed.” Also, please note that you as the issuer may not apply for quotation on the OTCBB. Market makers may make applications for quotation of your stock once your registration statement becomes effective. Please revise your disclosure accordingly.

Selling Shareholders, page 14

26. The number of shares being sold by selling stockholders does not appear to total 122,500. Please advise.

Plan of Distribution, page 16

27. We note that your President will bear all costs related to the registration of common stock on behalf of the selling shareholders. Please tell us what consideration was given to recording the costs of such registration within the financial statements. Refer to SAB 1.B.1.

Directors, Executive Officers, Promoters and Control Persons, page 16

28. The number of shares owned by Ching-Sang Hong, which is 90% of the issued and outstanding shares as of March 15, 2010 of 1,225,000 shares, does not appear to be correct. The amount in the total column also appears to be incorrect. Please advise or revise to conform this disclosure with the disclosure on page 26 under the heading “Security Ownership of Certain Beneficial Owners and Management.”

Board of Directors and Executive Officers, page 16

Directors, page 16

For example, please explain what “fiducially duty” means and how clearing “every manager’s responsibilities for its clients or fiducially duty for its shareholders” is an advantage of the spin-off.

Federal Income Tax Consequence for Dividend Distribution, page 19

36. We note your summary disclosure of the services you provide. The nature and extent of your services, however, remain unclear. For each of these services, please provide disclosure describing the service in detail. For example, please explain the specific services you will provide in conjunction with helping clients to explore new strategies.
37. You disclose that you will focus on furnishing business consulting services such as helping companies become public through an IPO or reverse merger in the U.S. or

- Canada. Such activities would appear to involve providing legal advice. Please revise your prospectus to disclose the experience you have in providing such legal advice, how you intend to provide such legal advice (i.e., do you plan to hire attorneys to help you provide such advice) and whether any licenses are required to provide such legal advice. Please also disclose how you intend to provide tax advice to entrepreneurs in Asia.
38. 44. Please provide a more detail description of the survey you intend to use to "allocate" customers. Please also explain what it means to allocate customers and describe what it means when you disclose that the survey is a "deep communication" between you and business owners.
45. Please provide more detailed disclosure regarding the \$100,000 in expenses you expect to operate your business. For example, please describe what you mean by "investing parties" and what "research and investigation" will consist of.

46. We note that your President will offer the company an interest-free loan up to \$70,000 to cover expenses incurred in the company's start-up operations. Please disclose and tell us how you will account for such loan. Please cite the appropriate accounting literature relied upon.
47. We note that continuation of you as a going concern is dependent upon obtaining additional working capital and that you believe that you will be able to operate for the coming year by obtaining additional financial resources in the amount of \$70,000 from Mr. Ching-Sang Hong and \$30,000 from other sources of equity funding. Please provide us with your basis for your belief that you will be able to obtain \$30,000 from other sources of equity funding. Please also explain in more detail what it means to "operate on a very small scale" if you do not receive the loan from Mr. Hong and the equity funding.
