Compensation Disclosure.....As these bonds are being issued as part of the *DC Rebuild Bond Program*, SMBX will not be charging a capital raise fee for this offering.

Securities.....**DC Brau Brewing LLC Series A 03-2032 Bonds**

Number..... up to **200,000**

Issuance Price.....**\$10.00** per unit/bond

Minimum Amount..... **\$500,000**

Maximum Amount.....**\$2,000,000**

Maturity.....Each bond will mature **120** months after its issuance date in **March 2032**

InterestThis bond yields a fixed interest at **6.5%** Interest is accrued daily beginning on the offering’s completion date or bond issuance date. The bond issuance date will be the date that investors receive their bond certificates. An investor should expect to receive principal + interest payments on their bonds each month on the same day until the maturity of the bond or for as long as the investor holds the bond. (For example, if the bond’s issuance date is July 9, 2021, then the accrual period for the bond’s interest payment in August will be from July 9, 2021 to August 8, 2021. The first principal + interest payment the investor will receive will then be August 9, 2021). Any payment date that lands on a bank holiday or weekend or at the end of the month on a day that every month may not have (i.e. the 31st of a month, only some months have 31^{sts}), then investors will be paid the following business day.

Principal.....The principal is the original amount an investor invests in the offering. It is also the amount which accrues interest during the life of the bond. As principal is paid down each month over **120** months, interest will also decrease and will be calculated based on the remaining principal until the principal on an investment is fully paid back to an investor.

Status.....Oversubscription (in the form of investment commitments over the target fundraise amount) is allowed during the offering, but once the offering is completed, oversubscription will be capped at the maximum fundraise amount. The final offering will be capped at the maximum fund raise amount of **\$2,000,000** (Maximum amount) and will be filled on a first-come first-serve basis based on transactions that are fully completed and settled. The deadline to reach the target amount is at least 21 days from the start of the offering (the remaining offering period will always be highlighted to the investor on the offering's page). If the sum of the investment commitments does not equal to or reach the minimum target offering amount at the offering deadline, then either 1) an issuer accepts a lower fund raised amount and investors invested in the bonds also confirm this change to the offering, at which case, the offering will be finalized and processed through accordingly or 2) an issuer extends the offering deadline to a future date beyond the original deadline and continue to raise funds accordingly in hopes to meet their target fundraise amount, and investors invested in the bonds also confirm this change to the offering or 3) no securities will be sold in the offering and investment commitments will be cancelled and committed funds will be credited back to investors' bank accounts or credit cards.

Offering Period.....The offering begins at 9:30am PT on **Friday, September 17, 2021**, and ends at 5pm PT at least 21 days from the offering go-live date.

Redemption and Repayment.....This offering begins repayment 1 month after its bond issuance date on the same day as the bond issuance date each month, with the initial payment of principal + interest being withheld from the successful offering and remaining in the issuer's escrow until release 1 month after issuance; subsequent payments are made the same day as the bond issuance date each month until maturity in **March 2032**.

Subordination and Acceleration Rights.....This security is a subordinated bond and second lien debt that are *contingent to the provisions* at the bottom of the 'Classification of Bonds' Section on Pages 11/12 (See classification of bonds section on page 11 for more details).

Survivor's Option.....There is no survivor's option for this security. The bond may however, be transferred by an authorized representative of the current beneficial owner of the bond to a new beneficial owner provided the new beneficial owner qualifies to register an account with SMBX to receive the bond's future payments. See Survivor's option for more details.

Resale Restrictions.....Securities issued pursuant to Section 4(a)(6) are not freely transferrable by the investor/purchaser during the one year period beginning when the securities are issued, unless such securities are transferred to the issuer of the securities, an accredited investor, as part of an offering registered with the commission, or to a member of the family of the purchaser.

Risk Factors

Your crowdfunding investment in the bonds and in **DC Brau Brewing LLC** will involve risks. This section summarizes some but not all of the specific risks and investment considerations with respect to an investment in the bonds. This prospectus does not describe all of those risks and investment considerations, including risks and considerations relating to your particular circumstances. Neither **DC Brau Brewing LLC**, nor SMBX, nor any financial service provider related to this offering, are responsible for advising you of these risks now or as they may change in the future. You should not invest any funds in this offering unless you can afford to lose your entire investment. In making an investment decision, investors must rely on their own examination

of **DC Brau Brewing LLC** and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document. The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature. These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

You should consult with your own financial, tax and legal advisors, to carefully consider the following discussion of risks, among other matters, before deciding whether an investment in the bonds is suitable for you. These bonds are not an appropriate investment for you if you are not knowledgeable about important features of the bonds or financial matters in general. You should not purchase bonds unless you understand and know you can bear these investment risks.

Risks to the investor/purchaser include but are not limited to the following:

Prepayment Risk. **DC Brau Brewing LLC** may choose to redeem these bonds when prevailing interest rates are relatively low, or **DC Brau Brewing LLC** may feel that they can issue bonds at a lower interest rate. This is considered prepayment risk. Your bonds are redeemable at a time of our choosing, **DC Brau Brewing LLC** may choose to redeem your bonds from time to time. If this happens, it will most likely happen when prevailing interest rates are lower than the interest rate paid on your bonds. If prevailing interest rates are lower when we choose to redeem your bonds, you may not be able to reinvest the redemption proceeds in a comparable bond at an effective interest rate as high as the interest rate on the bonds being redeemed.

Repayment Risk. Our ability to make payments on the bonds depends upon the results of our operations. **DC Brau Brewing LLC**, intends to honor its debt-servicing obligations. However, our ability to do so depends on our ability to generate sufficient revenue to service our bond interest payments. Failure to generate sufficient revenue could prevent us from making distributions or otherwise providing cash needed in order to make payments on the bonds. **DC Brau Brewing LLC Series A 03-2032 Bonds** are *subordinated bonds and second lien debt* and will follow the covenants in section Classification of Bonds on page 10.

Liquidity Risk. The Reg CF Securities are issued in a transaction exempt from registration under the 1933 Act and are not registered thereunder or any other law of the United States, or under the securities laws of any state or other jurisdiction. Reg CF Securities purchased through the SMBX platform cannot be resold, pledged, assigned or otherwise disposed of during the one-year period starting with the date of purchase, unless they are transferred: (1) to the company itself; (2) to an "accredited investor" (as defined in as defined in Regulation D under the 1933 Act); (3) in connection with a registered offering of the Reg CF Securities with the SEC; (4) to a family member of the Investor, or to a trust of the Investor or one of its family members; or (5) in connection with the Investor's death or divorce. Therefore, if you require liquidity in your investment, you should not invest in Reg CF securities.

There are **120** months of payments, which includes principal + interest for each payment, payable on the same day each month as the bond issuance date (unless it is a bank holiday, weekend day or falls at the end of the month where the same day may not be present in every month of the year i.e. the 31st only occurs in certain months, at which point payment will be made the following business day that is not a bank holiday), starting **1** month after the close of the offering. These bonds have no voting rights. There is no dilution involved, nor is there any consequence for the company's existing capital structure. The terms of this offering may not be modified in any way, other than by cancellation of the offering by **DC Brau Brewing LLC** or the SMBX, which must occur prior to issuance of the bonds, defined as immediately after the successful close of the offering.

Payment of Principal and Interest

Principal and interest on the bonds will be paid to owners of a beneficial interest in the bonds in accordance with the arrangements set out below and determined by the outcome of the offering. There are **120** months of payments. Payments include principal + interest, payable on the same day each month as the bond issuance date (unless it is a bank holiday, weekend day or falls at the end of the month where the same day may not be present in every month of the year i.e. the 31st only occurs in certain months, at which point payment will be made the following business day that is not a bank holiday), starting **1** month after the close of the offering. Interest in the bonds accrues daily and is paid out monthly at the end of each period. In the event of a transfer of bond(s), the beneficial holder of the bond(s) at the end of the period will receive the principal + interest on the bond(s) for that month and for the remainder of the time they hold the bond(s) until the maturity of the bond(s).*

*Terms of the transference of ownership and its subsequent interest accrual method and payment are subject to change by the SMBX at any given time. Investors will be notified if any changes do occur.

Interest and Interest Rates

Each fixed-rate bond will begin to accrue interest on its issuance date, and continue to accrue interest until its maturity date, or if earlier, its redemption or repayment date. The formula used for computing interest is the following:

Coupon Rate = Annualized Interest Payment / Par Value of Bond * 100

Redemption and Repayment

Unless otherwise stated in the applicable appendix, the bonds will be repayable and redeemable by our company prior to their stated maturity date, *subject to a 1-year minimum loan period*, but will otherwise not be redeemable at the discretion of investors prior to their stated maturity date, except in cases where nonperformance has triggered Rights of Acceleration clauses (please see Defaults and Rights of Acceleration, below). An early redemption made within the 1st year of the bond (the "restricted period"), will incur a 1% early redemption fee based on the initial raise amount that is due and payable to SMBX Inc. Any redemption made after the 1-year restricted period will not incur an additional fee.

Unless the applicable appendix states that the bond is not redeemable at our option prior to its stated maturity date, then on the first day of the following accrual period, we may redeem those bonds, in whole by giving written notice to SMBX, Inc. at least 30 days before the redemption date. The redemption date will always coincide with the monthly payment date. (For example, if the monthly payment date is the 5th of each month, the redemption date will also be on the 5th of the month).

Interest payments will cease to accrue at 5pm PST on the day before the first day of a new accrual period. (For example, if the monthly principal + interest payments are on the 5th of each month, we will only redeem our bonds on the 5th of a given month. Interest will be accrued up until the 4th of the month for the previous period and will be paid to investors accordingly). Unless otherwise specified in the applicable supplement, the redemption or repayment price will equal 100% of the remaining principal amount of the bond, any applicable early redemption fee, plus accrued and unpaid interest to the date of redemption or repayment, but no future interest payments will be made on that bond. This payment will be wired to SMBX, Inc. by 5 PM PST the day before the redemption date.

We also may at any time purchase bonds, including those otherwise tendered for repayment by a holder, or a holder's duly authorized representative through the exercise of the Survivor's Option described below, at any price or prices in the open market or otherwise. We retain the discretion to purchase these bonds at any price available on the market.

Survivor's Option

The "Survivor's Option" is a provision in a bond in which an issuer agrees to repay that bond, if requested by the authorized representative of the current beneficial owner of that bond, following the death of the current beneficial owner of the bond, so long as the bond was acquired by the current beneficial owner some time prior to the request.

There is no Survivor's Option for this bond. However, in the event of the death or incapacitation of the current beneficial owner of the bond, our company agrees to repay this bond, according to and consistent with its prearranged maturity schedule, as determined by the outcome of the offering, if requested by the authorized representative of the current beneficial owner of that bond, following the death or incapacitation of the current beneficial owner of the bond, so long as the bond was acquired by the current beneficial owner in a legal and legally-verifiable manner. At such point, the transfer of ownership to the new beneficial owner will have occurred. Receipt of payments through maturity of the bond by the new beneficial owner of the bond will require that the new beneficial owner register an account with SMBX, and qualify to register such an account. Subsequent paperwork relating to the transference of the physical bond certificates will also be processed by SMBX on behalf of **DC Brau Brewing LLC**. Unless the supplement in appendices relating this bond offering states otherwise, the Survivor's Option does not apply to this bond.

Requests for transfer of ownership by the authorized representative of the current beneficial owner of that bond may be sent to support@thesmbx.com or by calling 415-869-8819 between 9am PT and 5pm PT Monday through Friday.

Classification of Bonds

Subordinated Bonds – Second Lien Debt

These bonds are subordinated bonds and second lien debt that are *contingent to the following provisions at the bottom of this section*. See *Other Bond Provisions* on the next page. As a result, these bonds have a subordinated claim to the collateral pledged on the "Senior Loan" and is subordinated in right of payment to our "Senior Indebtedness" to the extent and in the manner set forth in the Subordinated Indenture, as described below. The Subordinated Indenture generally defines "Senior Indebtedness" as any indebtedness for money borrowed, including all of our indebtedness for borrowed and/or purchased money, and all of our obligations arising from past senior liabilities that were outstanding on the date we executed the Subordinated Indenture, or were created, incurred or assumed after that date, and all deferrals, renewals, extensions and refunds of that indebtedness or obligations, unless the instrument creating or evidencing the indebtedness provides that the indebtedness is subordinate in right of payment to any of our other indebtedness.

Holders of *subordinated bonds and second lien debt* may be fully subordinated to interests held by creditors holding senior debt, or other beneficial owners with legal claim to liabilities in the event that we enter into a receivership, insolvency, liquidation or similar legal proceedings. However *subordinated bonds and second lien debt* will be senior to all existing and future subordinated indebtedness that **DC Brau Brewing LLC** may incur.

We will not be able to make any principal, premium or interest payments on the *subordinated bonds and second lien debt* or repurchase our *subordinated bonds and second lien debt* if there is a default or event of default on any Senior Indebtedness that would allow acceleration of the maturity thereof and that is not remedied and we and the trustee for the Subordinated Indenture (the "Subordinated Trustee") receive notice of this from the holders of any Senior Indebtedness or the Subordinated Trustee receives notice from us.

If any *subordinated bond and second lien debt* is declared due and payable before the stated maturity date or in connection with a distribution of our assets to creditors pursuant to a dissolution, winding up, liquidation or reorganization, any principal, premium or interest owing to holders of our Senior Indebtedness will be paid to those holders before any holders of *subordinated bonds and second lien debt* will be paid. However, if such amounts were previously paid to the holder of a *subordinated bond and second lien debt* or the Subordinated Trustee, the holders of our Senior Indebtedness will not have first rights to such amounts previously paid but will have first rights to such amounts going forward.

Until all Senior Indebtedness is repaid in full, the holders of subordinated bonds will be subrogated to the rights of the holders of Senior Indebtedness to receive payments or distributions of our assets. Due to differing subordination provisions in various series of subordinated debt securities issued by us and our predecessors, in the event of a dissolution, winding up, liquidation, reorganization, insolvency, receivership or other proceeding, holders of the subordinated bonds may receive more or less, ratably, than holders of some of our other series of our outstanding subordinated debt securities.

Other Bond Provisions

This \$2,000,000 *subordinated bond and second lien debt* structure also follows the below provisions:

DS DS
BS JH

1. DC Brau Brewing LLC has received written consent from Live Oak Banking Company (the banking institution where its current senior debt is with as of September 2021) of its intentions to bring on additional debt temporarily (up to \$2,000,000), and to raise those funds on the SMBX platform while DC Brau Brewing LLC remains an existing banking client at Live Oak Banking. DC Brau Brewing LLC has notified Live Oak Banking Company that DC Brau Brewing LLC plans to use the funds raised from the SMBX offering to *refinance the existing \$2,300,000 loan with Live Oak Banking Company*.
2. Within a 90-day period of the Funding Date Completion (funding receipt date) for the Bond Offering on the SMBX, DC Brau Brewing LLC will provide SMBX with proof of payment of remaining balance of their loan with Live Oak Banking Company and proof of the Release of Obligations (Release of Liens) on all Assets as listed on the SBA Loan Agreement with Live Oak Banking Company for their existing \$2,300,000 loan. The release of obligations will include a request by DC Brau Brewing LLC to Live Oak Banking Company to file a termination of the existing lien on the \$2,300,000 loan. (UCC-3 filing).
3. DC Brau Brewing LLC authorizes SMBX Inc. to file a second Uniform Commercial Code filing (UCC-1) in the appropriate jurisdiction to register and prioritize all business assets (only) on the existing loan to be recognized as second in line for repayment (after the Live Oak Banking Company loan has been repaid) in the event of a default or other financial recovery situations. This action defines the classification of this bond structure as a *subordinated bond and second lien debt*.
4. Negative Pledge Agreement: DC Brau Brewing LLC agrees to not borrow additional/future 'senior debt' that will compromise its ability to repay this \$2,000,000 bond obligation. The terms of this Negative Pledge Agreement shall remain in effect so as long as this Bond Structure remains in effect. But DC Brau Brewing LLC may borrow subsequent 'subordinated debt' that is junior to this \$2,000,000 bond structure such as other unsecured debt.

Defaults and Rights of Acceleration

This Indenture defines an event of default as any one of the following events: our failure to make scheduled payment when due on any bonds; our failure to make scheduled payment on any bonds within 30 days after the scheduled payment is due; our breach of any of our other covenants contained in this Indenture that is not cured within 90 days after written notice to us by the intermediary on behalf of bondholders; and certain events involving our bankruptcy, insolvency or liquidation. Payment of principal of these bonds may or may not be accelerated in the case of a default. However, intermediary will determine the proper course, based on what is in the best interests of bondholders.

Collection of Indebtedness

If we fail to make scheduled payments on these bonds, or if we are over 30 days late on a payment on these bonds, on behalf of the interests of bondholders, the intermediary to this transaction (SMBX) will demand in writing that we pay to an escrow account set up for bondholders, for the benefit of the bondholders, under the applicable Indenture, the amount which is due and payable on those bonds. If we fail to pay the required amount on demand and up to 30 days from the missed payment date, under the covenants contained in this indenture, we will be contractually obligated to sell/convert any business assets into cash (see Other Provisions section on page 11/12 for more details) and use the proceeds to pay back bondholders for as much of the debt owed as possible at that point in time, if not in full. Finally, if the funds recovered by selling/converting any business assets do not cover the entire debt that is owed and we are unable to cure our debt obligations on these bonds within 90 days from the initial written notice, the intermediary, on behalf of bondholders may take further actions including instituting judicial proceedings, or referring out to a third-party collection agency, in an order that the intermediary determines is in the best interests of bondholders.

Opening New Bond Series and Future Funding

Nothing in the terms of this offering prohibit or otherwise prevent **DC Brau Brewing LLC** from issuing subsequent bonds or funding itself in the future by any means determined appropriate or necessary by the principals of **DC Brau Brewing LLC**, provided that such funding methods do not violate securities law or any issuance limits placed by securities law on issuers, regardless of withholding exemptions.

Funding Portal Bankruptcy Contingencies

In the un-likelihood of a bankruptcy or insolvency event for SMBX Inc., where SMBX Inc. is no longer in business and is unable to perform the services in this contract including providing its post offering services in facilitating the monthly bond payments to investors, SMBX Inc. will notify **DC Brau Brewing LLC** in writing within 30 days of any such event and will provide specific options to **DC Brau Brewing LLC** to either 1) early redeem its bonds and pay back investors the remaining principal on the bonds immediately, or 2) transfer their funding portal relationship to another funding portal that SMBX has secured as their replacement funding portal that will help facilitate the remaining monthly bond payments for **DC Brau Brewing LLC** to its investors. If option 2 is selected at the time of the event, this bond structure remains intact, and no terms will be amended in the aftermath of its issuance date. This will be a bond term that SMBX Inc. will negotiate into its contract with the replacement funding portal.

REGISTRATION AND SETTLEMENT

Book-Entry System

All of the bonds we offer will be issued by our company and provided directly to investors in a pdf “certificate form” via email through the SMBX portal, and a record of ownership will be kept in “book-entry only form”, recorded in the SMBX backend database, and will be represented to investors in their “Portfolio.”

SMBX back-office accounting system automatically records which bondholders have been issued bonds by our company. However, SMBX does not manage, possess, or handle securities exchanged across its platform. All issuances are directly between the issuer and bondholders.

Registration, Transfer, and Payment of Certified Bonds

Registration. Registration of beneficial ownership of bonds in the book entry system is automatically triggered at the successful close of the offering after bonds have been issued, allocated, in specific cases reconfirmed by investors, and registered in the book entry system automatically populates the registrant ID of the registered bond holder. The transaction is also recorded in the investor’s “Portfolio” history and current bond holdings so that investors are able to see their positions at any given point in time. Finally, a physical digital bond certificate is also generated, electronically signed, and distributed directly to investors via email. The SMBX facilitates this process on our behalf and at our direction only.

Transfer. Transfer of ownership of bonds from one registered investor to another investor involves the current owner directly transferring their beneficial ownership of the bond to the new owner for a cash amount agreed to by both parties or by some other method of agreement. Please note however, that the requirements of transference in the first year is subjected to Reg CF rules where Reg CF Securities purchased through the SMBX platform cannot be resold, pledged, assigned or otherwise disposed of during the one-year period starting with the date of purchase, unless they are transferred: (1) to the company itself; (2) to an “accredited investor” (as defined in as defined in Regulation D under the 1933 Act); (3) in connection with a registered offering of the Reg CF Securities with the SEC; (4) to a family member of the Investor, or to a trust of the Investor or one of its family members; or (5) in connection with the Investor’s death or divorce. In the event there is a transfer of bonds from the original owner to a new owner, both the original and new owners should contact the issuer and the SMBX to notify them of the change in ownership so that both the issuer and SMBX may record the transfer of ownership in the books and records. This transfer must be done in accordance to the bylaws of the issuer. The record of the old certificate will then be void and a new certificate will be created, executed and distributed to the investor via email.

Payment. Payments made between investors and issuers at issuance and between issuer and investors upon scheduled bond payments are all directed through a qualified third party, which are our Payments Processor/Escrow bank agent(s), North Capital Private Securities Corporation and Boston Private Bank and Trust Company. SMBX does not hold, manage, possess or otherwise handle customer securities or funds. When an investor makes an investment commitment, our company will direct SMBX to direct our payments processor to withdraw the funds from the investor’s bank account or credit card in order to be placed in an escrow account operated by North Capital Private Securities Corporation. At the close of the offering, our company will direct SMBX to promptly direct our payments processor to transmit funds from North Capital to the issuer (us) when the aggregate amount of investment commitments from all investors is equal to or lesser than the maximum target amount of the offering provided it has been agreed to by the issuer (us), and the cancellation period for each investor has expired. Likewise, investors will direct SMBX to direct Boston Private to withdraw funds (principal + interest paid) from the monthly bond payments escrow account and deposit to their linked bank account.

TAX CONSEQUENCES TO U.S. HOLDERS

Debt Crowdfunding Securities

Our **DC Brau Brewing LLC Series A 03-2032 Bonds** are a form of debt securities. The bonds will accrue monthly interest payments on the outstanding principal like a loan and will be paid to investors on a monthly basis. The payments will include principal + interest. Our investors do not have an equitable interest in **DC Brau Brewing LLC**. They are essentially lenders to **DC Brau Brewing LLC** in which they are providing the funds for a specific transaction and are receiving interest payments according to the agreement. This type of transaction is different from an equity deal and, accordingly, the tax implications can differ.

Taxpayers investing in debt securities are typically not partners to an operating trade or business but are investors of the securities **DC Brau Brewing LLC** has issued. They do not get to participate in any financial upside of the business. Accordingly, the interest payments they receive on their bonds are typically classified as interest income. Interest on bonds, mutual funds, CDs, and demand deposits of \$10 or more is taxable. Taxable interest is taxed just like ordinary income. The investor will receive a 1099-INT at the end of the year that reflects the interest income they received and should file their taxes accordingly.

Ultimately investors need to carefully review any crowdfunding offering and make sure that they understand the tax ramifications. In addition, they should make sure to engage a qualified CPA or other tax professional to assist them with their tax return.

Safe harbor for SMBX. SMBX can determine whether and under what terms to allow an issuer to offer and sell securities in reliance on Securities Act Section 4(a)(6) through its platform, while also complying with all other provisions of Reg CF, including the prohibition on providing investment advice or recommendations. SMBX uses algorithmic scores that are objective in order to advise issuers, including advising the issuer on the range of bond yields to qualify for a bond offering on SMBX. However, SMBX does not advertise, make statements or otherwise represent that the offerings listed on its platform are safer or better investments than those listed on other platforms. SMBX also does not use subjective criteria when assessing an issuer.

Information about the offering is made available to the SEC and the general public no later than 21 days prior to execution of the sale of securities. Terms of Investor Participation

SMBX-origination is restricted to SMBX. SMBX-originated crowdfunding transactions must be conducted exclusively through SMBX.

Right to denial of platform access. SMBX will deny access to its platform to an issuer, or cancel an offering of an issuer, that the funding portal believes may present the potential for fraud or otherwise raises investor protection concerns. It will also deny access to its platform if it reasonably believes that it is unable to adequately or effectively assess the risk of fraud of the issuer or its potential offering.

Cancellation of offering. An offering may be cancelled, for reasons that may vary, by either SMBX or the issuer. Issuer and SMBX reserve the right to cancel an offering at any time at discretion. When an offering is cancelled, investors will receive notification by email of the offering's cancellation, and all investment commitments will be credited back to investors' bank accounts per standard ACH processing times.

By signing this agreement, you are acknowledging that investing in Reg CF securities includes risks, including loss of money invested. Securities Act Section 4(a)(6)(B) limits the aggregate amount of securities that can be sold by an issuer to an investor in reliance on Section 4(a)(6) during the latest 12-month period. Securities Act Section 4A(a)(8) requires that SMBX, as a Reg CF funding portal, make efforts to ensure that no investor has made purchases in the aggregate, from all issuers, that exceed the limits in Section 4(a)(6).

During the 12-month period preceding the date of such transaction:

A non-accredited investor's aggregate investment cannot exceed: (i) the greater of \$2,200 or 5% of the greater of the annual income or net worth of such investor, as applicable, if either the annual income or the net worth of the investor is less than \$107,000, not to exceed a maximum aggregate amount sold of \$107,000; or (ii) 10% of the greater of the annual income or net worth of such investor, as applicable, not to exceed a maximum aggregate amount sold of \$107,000, if both the annual income and net worth of the investor is equal to or more than \$107,000.

Accredited investors are not subject to investment limits. SMBX relies on an investor's representations concerning annual income, net worth and the amount of the investor's other investments in securities sold in reliance on Section 4(a)(6) through other intermediaries unless SMBX has a reasonable basis to question the reliability of the representation.

Acknowledgement of the restrictions on the cancellation of an investment. Investors have an unconditional right to cancel an investment commitment for any reason until 48 hours prior to the deadline identified in the issuer's offering materials. An investor can reconsider his or her investment decision until the final 48 hours of the offering. Thereafter, an investor will not be able to cancel any investment commitments made within the final 48 hours of the offering (except in the event of a material change to the offering).
