Notes to Financial Statements

As of December 31, 2018

1. Summary of Significant Accounting Policies

Organization and Nature of Business

Silicon Valley Partners LLC (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority ("FINRA") effective March 17, 2011. The Company is a Delaware limited liability company and a wholly owned subsidiary of JBW Ventures LLC (the "Parent" and sole Member).

The Company is licensed to provide (a) advisory services for mergers and acquisitions and capital raising transactions; and (b) finance and accounting consulting services for early-stage private companies.

Since the Company is a limited liability company, the Member is not liable for the debts, obligations, or liabilities of the Company, whether arising in contract, tort or otherwise, unless the Member has signed a specific guarantee.

Basis of Presentation

The Company financial statements are presented on an accrual basis of accounting which is in accordance with Generally Accepted Accounting Principles in the US and required by FINRA and the SEC.

Estimates

The presentation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

On January 1, 2018, the Company adopted ASU 2014-09 *Revenue from Contracts with Customers* and all subsequent amendments to ASU (collectively, "ASC 606") using the modified retrospective method of adoption. ASC 606 created a single framework for recognizing revenue from contracts with customers that fall within its scope. Under ASC 606, revenue is recognized upon satisfaction of performance obligations by transferring control over goods or service to a customer. The adoption of ASC 606 did not result in any changes to beginning retained earnings for the year ended December 31, 2018 or net income for the preceding year-end. Services within the scope of ASC 606 include investment banking M&A advisory fees.

SILICON VALLEY PARTNERS LLC (A LIMITED LIABILITY COMPANY)

Refer to Revenue Recognition Note: Revenue from Contracts with Customers for further discussion on the Company's accounting policies for revenue sources within the scope of ASC 606.

Income Taxes

The Company is a limited liability company for income tax reporting purposes, and as such, is not subject to income tax. Accordingly, no provision for income taxes is provided in the financial statements.

The Company has adopted the provisions of FASB Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes. Under FASB ASC 740-10, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status and the decision not to file a return. The Company has evaluated each of its tax positions and has determined that it has no uncertain tax positions for which a provision or liability for income taxes is necessary.

Accounts Receivable

Accounts receivable represent receivables from customers from investment banking or consulting services. Management has determined that no valuation allowance is needed.

Fixed Assets and Depreciation

Depreciation is provided on a straight-line basis using estimated useful lives of two to five years. Depreciation expense for 2018 is \$609. Property is recorded at cost.

2. Concentrations

	<u>FYE 2018</u>
Customer #1	33%
Customer #2	24%
Customer #3	16%
Customer #4	12%

SILICON VALLEY PARTNERS LLC (A LIMITED LIABILITY COMPANY)

3. Commitments

The Company no longer maintains physical office space and has a virtual office. The Company does not have any long-term financial commitments.

4. Cash and Cash Equivalents

The Company consider investments with maturity dates of 90 days or less to be cash equivalents.

5. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2018, the Company had net capital of \$11,589, which was \$6,589 in excess of its required net capital of \$5,000. The Company's percentage of aggregate indebtedness to net capital was 39%.

6. Revenue with Contracts with Customers

Investment Banking, Merger and Acquisition (M&A) Services:

These services include agreements to provide advisory services to clients for which the Company charges the customers fees. The Company provides advisory services/ corporate finance activity including mergers and acquisitions, reorganizations, tender offers, and leveraged buyouts fundraising activity.

The client agreements generally contain nonrefundable retainer fees or success fees, which may be fixed or represent a percentage of value that the customer receives if and when the corporate finance activity is completed ("success fees"). In some cases, there is also an "announcement fee" that is calculated on the date that a transaction is announced based on the price included in the underlying sale agreement. The retainer fees, announcement fee, or other milestone fees, in certain circumstances, may reduce any success fee subsequently invoiced and received upon the completion of the corporate finance activity. The Company has evaluated its nonrefundable retainer payments, to ensure its fee relates to the transfer of a good or service, as a distinct performance obligation, in exchange for the retainer. If a promised good or service is not distinct, the Company combines that good or service with other promised goods or services until it identifies a bundle of goods or services that is distinct. In some cases, that would result in the broker-dealer accounting for all the services promised in a contract as a single performance obligation and the retainer revenue is classified as deferred revenue on the Statement of Financial Condition. There was no deferred revenue as of December 31, 2018.

7. Subsequent Events

On January 10, 2019, the parent of the Company, JBW Ventures LLC, formed a new wholly-owned subsidiary named SVP Consulting, LLC ("SVPC") to operate the finance and accounting consulting business historically operated by the Company. Concurrent with the formation of SVPC, the Company assigned its finance and accounting client engagement letters to SVPC. The assets and liabilities of the Company, such as accounts

receivable and accounts payable were retained by the Company and are expected to be collected and paid, respectively, in due course.

The Company evaluated subsequent events through February 15, 2019, the date its financial statements were issued. Other than the creation of SVP Consulting, LLC and the related assignment of finance and accounting client engagement letters from the Company to SVP Consulting, LLC, the Company did not identify any material subsequent events requiring adjustment to or disclosure in its financial statements.
