REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Directors and Equity Owner of BMI Capital International LLC:

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of BMI Capital International LLC (the "Company") as of June 30, 2019, and the related notes (collectively referred to as the "financial statement"). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company as of June 30, 2019 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

BMI CAPITAL INTERNATIONAL LLC

Notes to Financial Statements
June 30, 2019

NOTE 1 – ORGANIZATION AND NATURE OF THE BUSINESS:

BMI Capital International LLC (the “Company”), a limited liability company, was originally organized in the State of Texas on June 18, 2012 as Morris Energy Advisors, Inc. and later converted their entity type and name in 2013 to Pretiosa Metalla LLC. The Company now operates its business from New York, New York as BMI Capital International LLC. The Company is a broker-dealer registered with the Securities and Exchange Commission (“SEC”), is a member of the Financial Industry Regulatory Authority, Inc. (“FINRA”), and is a member of the Securities Investor Protection Corporation (“SIPC”).

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(i), the Company’s business activities are the sale of private placements, mergers and acquisitions, and best efforts underwriting.

The Company may be dependent upon the Member for funding to continue operations for the foreseeable future. The Member has committed to do so, including at least for the upcoming year through August 31, 2020.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America (“Generally Accepted Accounting Principles”, or “GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition:

The Company earns investment banking revenues, consisting primarily of fees from Mergers & Acquisitions advisory services.

The Company earns fees from Mergers & acquisitions advisory services according to the terms of written engagement agreements with customers seeking a merger, acquisition, sale, or investment banking structuring. These agreements provide for various billing arrangements, such as initial and on-going retainers as well as success fees upon the closing of a transaction.

Effective July 1, 2018, the Company recognizes revenues in accordance with the new standard established by the Financial Accounting Standards Board (“FASB”): *Accounting Standards Codification Topic 606, Revenue from Contracts with Customers* (“ASC Topic 606”). The Company’s adoption of ASC Topic 606 did not have a material impact on its financial statements.

BMI CAPITAL INTERNATIONAL LLC

Notes to Financial Statements June 30, 2019

The Company's revenue recognition policies under *ASC Topic 606* have the following principles:

1. A valid contract is approved by both parties, who are committed to its completion.
2. The Company identifies its performance obligations under the contract terms.
3. The Company allocates its revenue under the contract among its performance obligations.
4. As the Company satisfies its performance obligations under the contract, it recognizes the associated revenue amount, subject to collection being received or reasonably assured.
5. Customer billings made in accordance with contract terms may differ in timing from the appropriate revenue recognition amount, in which case the Company records an asset or liability balance to properly state revenues in accordance with *ASC Topic 606*.

The Company recognizes Commissions expense and any other direct contract costs in the same accounting period as the related revenues.

Guarantees:

The Company had no guarantees, as defined by FASB ASC 460, Guarantees, as of June 30, 2019 or for the year then ended.

Accounts Receivable:

Management closely monitors outstanding accounts receivable and charges off to expense all balances that are determined to be uncollectible. There were no Accounts Receivable as of June 30, 2019.

Promotion Costs:

The Company expenses promotion costs as incurred.

Income Taxes:

The Company, with the consent of its Member, has elected to be a limited liability company. For tax purposes, the Company is treated like a partnership, therefore in lieu of business income taxes, the Member is taxed on the Company's taxable income. Accordingly, no provision or liability for Federal or State Income Taxes is included in these financial statements.

The Company accounts for any potential interest or penalties related to possible future liabilities for unrecognized income tax benefits as other expense.

The Company is required to file income tax returns in federal, state and local tax jurisdictions. The Company's tax returns are subject to examination by taxing authorities in the jurisdictions in which it operates in accordance with the normal statute of limitations in the applicable jurisdiction. For federal purposes, the statute of limitations is three years. Accordingly, the Company is no longer subject to examination of federal returns filed more than three years prior to the date of these financial statements. The statute of limitations for state and local purposes is generally three years, but may exceed this limitation depending upon the jurisdiction involved. Returns that were filed within the applicable statute remain subject to examination. As of June 30, 2019, no examinations have been initiated by any of the taxing authorities.

BMI CAPITAL INTERNATIONAL LLC

Notes to Financial Statements June 30, 2019

Equipment:

Equipment is stated at cost less accumulated depreciation. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized.

NOTE 3 – CASH:

The Company holds its cash only at one large federally insured U.S. bank.

NOTE 4 – NET CAPITAL:

As a broker-dealer, the Company is subject to the Securities and Exchange Commission's regulations and operating guidelines, which requires the Company to maintain a specified amount of net capital, as defined, and a ratio of aggregate indebtedness to net capital, as derived, not exceeding 15 to 1. The Company's net capital, as computed under Rule 15c3-1, was \$18,917 at June 30, 2019, which exceeds required net capital of \$5,000 by \$13,917. The ratio of aggregate indebtedness to net capital at June 30, 2019 was .58 to 1.

NOTE 5 – MEMBER'S EQUITY:

Mr. Robert Trapp is the sole member of the Company. In May 2019, FINRA gave regulatory approval for the Member to acquire the remaining 80% of the Company then owned by other Members. The transaction closed in May 2019.

NOTE 6 – OPERATING LEASES:

Effective November 1, 2017 the Company entered into an annual operating lease for a monthly subleasing expense of approximately \$2,449 per month for New York City office space. Beginning on November 1, 2018 these lease expenses increased to \$2,470 per month.

The Company has adopted ASC 842 *Leases*. Since the Company only uses short-term leases, ASC 842 has not had a material impact on its financial statements taken as a whole, and is not expected to have a material impact going forward.

NOTE 7 – CONCENTRATION:

During the year ended June 30, 2019, the Company conducted private placement and mergers & acquisitions advisory services for four customers amounting to 56%; 19%; 15% and 10% of its Total revenues.

BMI CAPITAL INTERNATIONAL LLC

Notes to Financial Statements June 30, 2019

NOTE 8 – SUBSEQUENT EVENTS:

The Company has evaluated events and transactions subsequent to the date of the statement of financial condition through the date these financial statements were available to be issued for matters requiring recognition or disclosure in these financial statements.

NOTE 9 – COMMITMENTS AND CONTINGENCIES

The Company had no commitments, no contingent liabilities and had not been named as a defendant in any lawsuit as of June 30, 2019, or during the twelve months then ended.

NOTE 10 – RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS:

The FASB has established the Accounting Standards Codification (“Codification” or “ASC”) as the authoritative source of generally accepted accounting principles (“GAAP”) recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates (“ASUs”).

For the year ending June 30, 2019, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the period then ended. The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company’s financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

NOTE 11 – EQUIPMENT:

Equipment is recorded net of accumulated depreciation and summarized by major classification as follows:

Equipment	\$	3,761	<u>Useful Life</u>
Less: accumulated depreciation		(3,761)	60 months
Equipment, net	\$	<u>-----</u>	

The Company has used the straight-line depreciation method.
