REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member
of Tigress Financial Partners, LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Tigress Financial Partners, LLC as of December 31, 2017, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of Tigress Financial Partners, LLC as of December 31, 2017 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of Tigress Financial Partners, LLC's management. Our responsibility is to express an opinion on Tigress Financial Partners, LLC's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to Tigress Financial Partners, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Wei Wei & Co., LLP

We have served as Tigress Financial Partners, LLC's auditor since 2012.

TIGRESS FINANCIAL PARTNERS, LLC
NOTES TO FINANCIAL CONDITION
DECEMBER 31, 2017

Note 1 - Organization

Tigress Financial Partners, LLC (the "Company") is a limited liability company organized in 2010 in the State of Delaware. The Company is a wholly owned subsidiary of Tigress Holdings LLC (the "Parent"). The Company is a registered broker-dealer under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority ("FINRA") since October 2011. The Company introduces all transactions with and for customers on a fully disclosed basis with its clearing broker.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Property and Equipment

Property and equipment are stated at cost. The cost of property and equipment is depreciated over the estimated useful lives of the related assets, which is five years. Leasehold improvements are amortized over the lesser of the remaining term of the related lease or the estimated useful lives of the assets. Depreciation and amortization are computed on the straight-line method.

Income Taxes

The Company as a limited liability Company is treated as a disregarded entity and included in the Parents tax return for federal, state, and city income tax purposes. A partnership is not a tax paying entity for federal and state income tax purposes. Income, loss, deductions and credits pass through proportionately to its members and are taxed at the individual members' income tax rates. Accordingly, no provision for income taxes is provided in the financial statements.

The Company follows the provisions of Financial Accounting Standards Board Accounting Standards Codification (the "FASB ASC") 740-10-25, "Accounting for Uncertainty in Income Taxes." Assets and liabilities are established for uncertain tax positions taken or expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold based on the technical merits of the positions. Estimated interest and penalties related to uncertain tax positions are included as a component of income tax expense. The Company does not have any uncertain tax positions.

The accompanying notes are an integral part of these financial statements.

TIGRESS FINANCIAL PARTNERS, LLC
NOTES TO FINANCIAL CONDITION
DECEMBER 31, 2017

Note 2 - Summary of Significant Accounting Policies (continued)

Income Taxes (continued)

Currently, the 2014, 2015 and 2016 tax years are open and subject to examination by the taxing authorities.

Cash and Cash Equivalents

The Company considers all demand and time deposits and all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Receivables from Clients and Due from Employees and Brokers

Receivables are stated at cost, net of an allowance for doubtful accounts if required. Receivables outstanding longer than the payment terms are considered past due. The Company maintains an allowance for doubtful accounts for estimated losses when necessary resulting from the failure of customers to make required payments. The Company reviews the accounts receivable on a periodic basis and makes allowances where there is doubt as to the collectability of individual balances. As of December 31, 2017, no allowance was necessary.

Recent accounting pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, "Revenue from Contracts with Customers." This standard, along with its related amendments, requires companies to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The Financial Accounting Standards Board (FASB) issued (ASU) No. 2015-14 that deferred the effective date until annual periods beginning after December 15, 2018. Earlier adoption is permitted subject to certain limitations. The Financial Accounting Standards Board (FASB) allows two adoption methods under ASC 606. Companies are permitted to either apply the requirements retrospectively to all prior periods presented, or apply the requirements in the year of adoption, through a cumulative adjustment. The Company believe that it will not have a material impact on its financial statements.

The accompanying notes are an integral part of these financial statements.

Note 2 - Summary of Significant Accounting Policies (continued)

Fair value of financial instruments

FASB ASC 820, Fair Value Measurements and Disclosures, defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

FASB ASC 820 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with FASB ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs - Unadjusted quoted market prices for identical assets and liabilities in an active market that the Company has the ability to access.

Level 2 Inputs - Inputs other than the quoted prices in active markets that are observable either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3 Inputs - Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurement

As of December 31, 2017, other than securities owned (see below) there was no asset that were required to be reported at fair value. The carrying values of non-derivative financial instruments, including cash, due from clearing broker, due from employee and brokers, other assets and accounts payable and accrued expenses, approximate their fair values due to the short term nature of these financial instruments. There were no changes in methods or assumptions used during the year ended December 31, 2017.

The following table shows the major categories of investments measured at fair value at December 31, 2017, grouped by the fair value hierarchy:

Realized and unrealized gains and losses are included in investment return, along with interest and dividends, in the statement of income.

Note 3 - Concentrations

The Company maintains cash balances in one financial institution, which are insured by the Federal Deposit Insurance Corporation (FDIC) for up to \$250,000 per institution. From time to time, the Company's balances may exceed these limits. There were no uninsured funds as of December 31, 2017.

Note 4 - Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of a minimum net capital, as defined, of the greater of \$100,000 or one-fifteenth of aggregate indebtedness, as defined. At December 31, 2017, the Company had net capital of \$1,046,522, which exceeded its requirement by \$946,522. Additionally, the Company must maintain a ratio of aggregate indebtedness to net capital of 15:1 or less. At December 31, 2017, this ratio was .1551 to 1.

Note 5 - Related Party Transactions

During the year ended December 31, 2017, the Parent made an additional capital contribution of \$660,848, which consisted of \$630,848 in mutual funds, \$20,000 in cash and a forgiveness of a \$10,000 loan. As of December 31, 2017 the Company has receivables from the Parent and affiliates of \$72,000.

TIGRESS FINANCIAL PARTNERS, LLC
NOTES TO FINANCIAL CONDITION
DECEMBER 31, 2017

Note 8 - Contingency

The Company introduces all customer transactions in securities traded on U.S. securities markets to another New York Stock Exchange member firm on a fully-disclosed basis. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to non-performance by customers or counter parties.

The Company's exposure to credit risk associated with the non-performance of customers and counter parties in fulfilling their contractual obligations pursuant to these securities transactions can be directly impacted by volatile trading markets which may impair the customer's or counter party's ability to satisfy their obligations to the Company. In the event of non-performance, the Company may be required to purchase or sell financial instruments at unfavorable market prices resulting in a loss to the Company. The Company does not anticipate non-performance by customers and counter parties in the above situations.

The Company seeks to control the aforementioned risks by requiring customers or counter parties to maintain margin collateral in compliance with various regulatory requirements, the clearing broker's guidelines and industry standards. The Company monitors required margin levels daily and, pursuant to such guidelines, requires the customer to deposit additional collateral, or to reduce positions, when necessary.

Note 9 Securities owned

At December 31, 2017, securities owned were comprised of two mutual funds which were contributed by the Parent.

The following schedule summarizes the Company's investment fair value and return for the year ended December 31, 2017:
