REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members
of Tigress Financial Partners, LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Tigress Financial Partners, LLC as of December 31, 2020, and the related notes (collectively referred to as the “financial statement”). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of Tigress Financial Partners, LLC as of December 31, 2020 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of Tigress Financial Partners, LLC’s management. Our responsibility is to express an opinion on Tigress Financial Partners, LLC’s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to Tigress Financial Partners, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Wei Wei Co., LLP

We have served as Tigress Financial Partners, LLC’s auditor since 2012.

TIGRESS FINANCIAL PARTNERS, LLC
NOTES TO FINANCIAL CONDITION
DECEMBER 31, 2020

Note 1 - Organization

Tigress Financial Partners, LLC (the "Company") is a limited liability company organized in 2010 in the State of Delaware. The Company is a 99% owned subsidiary of Tigress Holdings LLC (the "Parent"). The Company is a registered broker-dealer under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority ("FINRA") since October 2011. The Company introduces all transactions with and for customers on a fully disclosed basis with its clearing broker.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Property and Equipment

Property and equipment are stated at cost. The cost of property and equipment is depreciated over the estimated useful lives of the related assets, which is five years. Leasehold improvements are amortized over the lesser of the remaining term of the related lease or the estimated useful lives of the assets. Depreciation and amortization are computed on the straight-line method.

Income Taxes

The Company as a limited liability Company is treated as a disregarded entity and included in the Parents tax return for federal, state, and city income tax purposes. A partnership is not a tax paying entity for federal and state income tax purposes. Income, loss, deductions and credits pass through proportionately to its members and are taxed at the individual members' income tax rates. Accordingly, no provision for income taxes is provided in the financial statements.

The Company follows the provisions of Financial Accounting Standards Board Accounting Standards Codification (the "FASB ASC") 740-10-25, "Accounting for Uncertainty in Income Taxes." Assets and liabilities are established for uncertain tax positions taken or expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold based on the technical merits of the positions. Estimated interest and penalties related to uncertain tax positions are included as a component of income tax expense. The Company does not have any uncertain tax positions.

Currently, the 2017, 2018 and 2019 tax years are open and subject to examination by the taxing authorities.

The accompanying notes are an integral part of these financial statements.

Note 2 - Summary of Significant Accounting Policies (continued)

Cash and Cash Equivalents

The Company considers all demand and time deposits and all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Receivables from Clients

Receivables are stated at cost, net of an allowance for doubtful accounts, if required. Receivables outstanding longer than the payment terms are considered past due. The Company maintains an allowance for doubtful accounts for estimated losses when necessary resulting from the failure of customers to make required payments. The Company reviews the accounts receivable on a periodic basis and makes allowances where there is doubt as to the collectability of individual balances.

Leases

The Company determines if an arrangement is a lease at inception in accordance with FASB ASC 842. Operating leases are included in lease right-of-use ("ROU") assets and lease liabilities in the statement of financial condition. ROU assets represent the Company's right to use an underlying asset for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized initially at the commencement date based on the present value of future minimum lease payments over the lease term. The Company's lease terms may include options to extend or terminate the lease when it is reasonably certain that those options will be exercised. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

The accompanying notes are an integral part of these financial statements.

TIGRESS FINANCIAL PARTNERS, LLC

Note 2 - Summary of Significant Accounting Policies (continued)

Fair value of Financial Instruments

FASB ASC 820, Fair Value Measurements and Disclosures, defines fair value as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

FASB ASC 820 specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with FASB ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs - Unadjusted quoted market prices for identical assets and liabilities in an active market that the Company has the ability to access.

Level 2 Inputs – Inputs, other than the quoted prices in level 1, that are observable either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3 Inputs - Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurement

As of December 31, 2020, other than securities owned (see below) there were no assets or liabilities that were required to be reported at fair value. The carrying values of non-derivative financial instruments, including cash, due from employees and brokers, receivables from clients and related parties, other assets and accounts payable and accrued expenses, and due to clearing broker approximate their fair values due to the short term nature of these financial instruments. The subordinated loan approximates its fair value due to the interest being charged. There were no changes in methods or assumptions used during the year ended December 31, 2020.

Securities Owned

Securities owned consisted of mutual funds and a US Treasury Bill with readily determinable fair value are reported at their fair value based on quoted market prices in the statement of financial position. Realized and unrealized gains and losses are included in investment return, along with interest and dividends, in the statement of operations.

The accompanying notes are an integral part of these financial statements.

Note 2 - Summary of Significant Accounting Policies (continued)

Recent accounting pronouncements

The FASB has established the ASC as the authoritative source of generally accepted accounting principles ("GAAP"). The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncement are incorporated into the ASC through the issuance of ASUs.

For the year ending December 31, 2020, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, believes that, implementation would not have a material impact on the financial statements taken as a whole.

Note 3 - Concentrations

The Company maintains cash balances in one financial institution, which are insured by the Federal Deposit Insurance Corporation (FDIC) for up to \$250,000 per institution. From time to time, the Company's balances may exceed these limits. As of December 31, 2020, the Company had approximately \$806,000 in excess of the insured amount.

Note 4 - Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of a minimum net capital, as defined, of the greater of \$100,000 or one-fifteenth of aggregate indebtedness, as defined. At December 31, 2020, the Company had net capital of \$6,875,475, which exceeded its requirement by \$6,775,475. Additionally, the Company must maintain a ratio of aggregate indebtedness to net capital of 15:1 or less. At December 31, 2020, this ratio was 8.87 to 1.

Note 5 - Related Party Transactions

During the year ended December 31, 2020, the Company received \$125,371 in fees career coaching services from the Parent. Also during the year ended December 31, 2020, the Company received \$234,701 in rental revenues from the Parent for space leased at its New York office. All leases are month to month, with 45 to 60 days written notice to terminate. Monthly revenue for leases of the office space is \$19,558

The accompanying notes are an integral part of these financial statements.

TIGRESS FINANCIAL PARTNERS, LLC
NOTES TO FINANCIAL CONDITION
DECEMBER 31, 2020

Note 6 - Right of Use Asset and Lease Liability

In February 2016, the FASB issued (ASU) 2016-02, "Leases (Topic 842)". This update includes a lease accounting model that recognizes two types of leases – finance leases and operating leases. The recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee will depend on its classification as a finance or operating lease. This update was effective for the Company beginning on January 1, 2019 and recorded a "right-of-use" asset, net of lease incentives, and a lease liability payable in the amount of \$571,674 and \$681,960 respectively. The present value of the existing operating lease was determined by using the incremental collateralized borrowing rate at January 1, 2019 of 7.50%.

The Company occupies office space in New York City. The current lease runs through June 2021. The Company recorded rent expense for the year of \$251,651. The Company doesn't have any other lease or finance lease arrangements.

In accordance with FASB issued (ASU) 2016-02, "Leases (Topic 842)" the Company classified the lease as an operating lease and has no other short-term leases. The lease doesn't contain a renewal option but can be extended on a month to month basis at the end of the lease. The Company has reviewed and based the right of use asset and lease liability on the present value of unpaid future minimum lease payments. In accordance with the guidance, the Company has an increase on its balance sheet as of December 31, 2020 for the right of use asset of \$126,439, and a lease liability of \$32,125. The cost for the operating lease was \$220,310 for the twelve months ended December 31, 2020 and operating cash flow paid for lease liability during the same period was \$370,280.

A reconciliation of operating lease liabilities by minimum lease payments and discount amount by year, as of December 31, 2020, are as follows:

<u>Year Ending December 31,</u>	<u>Lease</u>	<u>Less Discount Amount</u>	<u>Total Lease Liability</u>
2021	32,325	200	32,125
	<u>\$ 32,325</u>	<u>\$ 200</u>	<u>\$ 32,125</u>

The Company also leased out office space to its Parent on a short term basis during the year. For the year ending December 31, 2020 the Company received \$234,701 from the Parent.

The accompanying notes are an integral part of these financial statements.

TIGRESS FINANCIAL PARTNERS, LLC
NOTES TO FINANCIAL CONDITION
DECEMBER 31, 2020

Note 7 - Contingency

The Company introduces all customer transactions in securities traded on U.S. securities markets to another New York Stock Exchange member firm on a fully-disclosed basis. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to non-performance by customers or counter parties.

The Company's exposure to credit risk associated with the non-performance of customers and counter parties in fulfilling their contractual obligations pursuant to these securities transactions can be directly impacted by volatile trading markets which may impair the customer's or counter party's ability to satisfy their obligations to the Company. In the event of non-performance, the Company may be required to purchase or sell financial instruments at unfavorable market prices resulting in a loss to the Company. The Company does not anticipate non-performance by customers and counter parties in the above situations.

The Company seeks to control the aforementioned risks by requiring customers or counter parties to maintain margin collateral in compliance with various regulatory requirements, the clearing broker's guidelines and industry standards. The Company monitors required margin levels daily and, pursuant to such guidelines, requires the customer to deposit additional collateral, or to reduce positions, when necessary.

Note 8 - Property and Equipment

Property and equipment, net at December 31, 2020 are summarized as follows:

Furniture and fixtures	\$ 91,643
Less: accumulated depreciation	85,918
	<u>\$ 5,725</u>

Note 9 Securities owned

At December 31, 2020, securities owned were comprised of two mutual funds which and a US Treasury Bill with a maturity date of 1/12/2021.

The following schedule summarizes the Company's investments fair value and return for the year ended December 31, 2020:

Fair value – January 1, 2020	\$ 5,798,121

The US Treasury Bill matured on January 12, 2021, and was reinvested in a new bill which matured on February 16, 2021, and which was subsequently not reinvested.

Note 10 - Other Assets

Other assets consist of the following:

Security deposit	\$ 161,627
Prepaid expenses – FINRA	50,300
Deferred costs	6,667
	<u>\$ 218,594</u>

Note 11 - Risk and Uncertainties – COVID-19

Subsequent to December 31, 2020, the pandemic continues to impact most countries, communities, and markets. Currently COVID-19 hasn't impacted our business but to the effect to which the COVID-19 pandemic may impact our business, financial condition, liquidity, results of operations, or prospects in the future will depend on numerous evolving factors that are out of our control and that we are not able to predict at this time.

Note 12 - Subsequent Events

On February 9, 2021 the Company entered into a subordinated loan agreement with Stone X Capital LLC for a subordinated loan of \$5,000,000, which carries an annual interest rate of 5%. The subordinated loan agreement was made pursuant to rules and regulations of the Securities and Exchange Commission, approved by FINRA and is subordinated to claims of general creditors. With FINRA approval on February 26, 2021 the Company paid back the \$5,000,000 subordinated loan with accrued interest of \$57,534 to BCS Prime Brokerage Limited.

Outside of the item mentioned in the previous paragraph, the Company has evaluated subsequent events and transactions that occurred after December 31, 2020 through March 1, 2021, which is the date that the financial statements were available to be issued. During this period, there were no other material subsequent events requiring disclosure.

The accompanying notes are an integral part of these financial statements.
