PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 16, 2019

Q What is householding and how does this affect me?

A We have adopted a procedure approved by the Securities and Exchange Commission (“SEC”) called “householding.” Under this procedure, registered stockholders, who have the same address and last name and who receive paper copies of the proxy materials in the mail, will receive only one copy of our proxy materials. This consolidated method of delivery will continue unless one or more of these stockholders notifies us that they would like to receive individual copies of proxy materials. This procedure reduces our printing costs and postage fees. If a stockholder of record residing at such address wishes to receive separate proxy materials in the future, he or she may contact The Howard Hughes Corporation, One Galleria Tower, 13355 Noel Road, 22nd Floor, Dallas, Texas 75240, Attention: Investor Relations.

Q What can I do if I change my mind after I submit my proxy?

A If you are a stockholder of record, you can revoke your proxy prior to the completion of voting at the Annual Meeting by:

- delivering written notice revoking your proxy to the Corporate Secretary at the Company’s address set forth above;
- timely delivering a new, later-dated proxy using one of the methods described above; or
- voting in person at the Annual Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker, bank or other nominee. You may also vote in person at the Annual Meeting if you obtain a legal proxy from your broker, bank or other nominee.

Q What shares are included in my proxy?

A If you are a stockholder of record, you will receive one proxy card for all of your shares that are registered in your name with the Company’s transfer agent. If you are a beneficial owner of shares, the voting instructions you receive from your broker, bank or other nominee will indicate the number of shares of Company common stock held by them on your behalf. If you received more than one proxy card or voting instructions, then your shares are likely registered in more than one name with the Company’s transfer agent and/or held in more than one account with your broker, bank or other nominee. Please complete, sign, date and return each proxy card and/or voting instructions to ensure that all of your shares are voted.

Q What happens if I do not give specific voting instructions?

A All properly executed proxies, unless revoked as described above, will be voted at the Annual Meeting in accordance with your instructions. If a properly executed proxy gives no specific instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

If you are a beneficial owner of shares and do not provide your broker, bank or other nominee with specific voting instructions, then under the rules of the New York Stock Exchange (the “NYSE”), they may only vote on matters for which they have discretionary power to vote. If your broker, bank or other nominee does not receive instructions from you on how to vote your shares and they do not have discretion to vote on the matter, then the broker, bank or other nominee will inform the inspector of election that it does not have the authority to vote on the matter with respect to your shares.

Your broker, bank or other nominee will not be permitted to vote on your behalf on the election of directors; the advisory vote on executive compensation; and other matters to be considered at the Annual Meeting, unless you provide specific instructions by completing and returning a properly executed proxy or following the instructions provided to you to vote your shares. For your vote to be counted, you need to communicate your voting decisions to your broker, bank or other nominee before the date of the Annual Meeting.

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 16, 2019

Matters Related to Corporate Governance, Board Structure, Director Compensation and Stock Ownership

CORPORATE GOVERNANCE

The Board has adopted the following policies to serve as the governing framework of the Company:

- corporate governance guidelines to assist the Board in the exercise of its responsibilities to the Company and its stockholders;
- a code of business conduct and ethics applicable to the Company's directors;
- a code of business conduct and ethics applicable to the Company's officers and other employees; and
- written charters for its Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee and Risk Committee.

The Company's corporate governance guidelines, codes of business conduct and ethics and committee charters are available on the Company's website at www.howardhughes.com under the Investors tab. You may also obtain a copy of these policies upon written request to the Company's Corporate Secretary at its principal executive office.

The Board periodically reviews its corporate governance policies and practices. Based on these reviews, the Board may adopt changes to policies and practices that are in the best interests of the Company and as appropriate to comply with any new SEC or NYSE corporate governance requirements.

The Board may, at its discretion, elect a Chairman of the Board from among the directors. If at any time the

Chairman of the Board is a current or former executive officer of the Company, or for any reason is not an independent director, a presiding director will be selected by the independent directors from among the directors who are not current or former executive officers of the Company and are otherwise independent. The Board adopted this structure to promote decision-making and governance that are independent of the Company's management and to better perform the Board's monitoring and evaluation functions. The positions of Chairman of the Board and Chief Executive Officer are held by different individuals. The Chairman of the Board, William Ackman, is not a member of Company management.

The Board has established a policy that its non-management directors meet in executive session, without members of management present at least four times per year; provided, however, that any non-management director may request additional executive sessions of the non-management directors at any time, if and when necessary, to discuss any matter of concern. The Chairman of the Board or presiding director presides over each executive session. The Board policy provides that if the Board includes non-management directors that are not independent, at least one executive session each year will include only independent directors.

The Company believes that the foregoing policies and practices, when combined with the Company's other governance policies and procedures, provide an appropriate framework for oversight, discussion and evaluation of decisions and direction from the Board.

Ms. Kaplan, Mr. Model, Mr. Sellers, Mr. Shepsman, Mr. Tansky and Ms. Tighe, is independent under the NYSE independence standards. Mr. Weinreb is not independent because he is the Chief Executive Officer of the Company.

DIRECTOR NOMINATIONS

Qualifications

The Nominating and Corporate Governance Committee considers a number of factors in its evaluation of director candidates. These factors include their specific experience, qualifications, attributes and skills in light of the Company's business. While the Nominating and Corporate Governance Committee has not established specific criteria relating to a candidate's age, education, experience level or skills, qualified candidates are expected to have strong business expertise and, in particular, experiences and expertise with regard to real estate development and management, retail, marketing, capital markets, technology, financial reporting, risk management, ESG and/or business strategy. - a description of all direct and indirect compensation between the Company and other material years, and any other material relationships between or among such stockholder and, if applicable, the beneficial owner of the shares held by such stockholder.

The Company has adopted a code of business conduct and ethics applicable to the Company's directors and a code of business conduct and ethics applicable to the Company's officers and other employees. The purpose of these codes is to, among other things, affirm the Company's commitment to the highest standards of business conduct and ethics, integrity and attendant compliance reporting in accordance with all applicable

The Board, its Committees and its Compensation

THE BOARD

Nine of our directors who served in 2018 are non-management directors. Under the Company's amended and restated bylaws, the Board may select one of its members to be Chairman of the Board. William Ackman is the Chairman of the Board.

Under the Company's corporate governance guidelines, Board members are expected to devote the time reasonably necessary to discharge their responsibilities and to prepare for and, to the extent reasonably practicable, attend and participate in all meetings of the Board and the committees on which they serve. Each director is expected to attend the annual meeting of stockholders. The Board held a total of six meetings in 2018. All directors attended 75% or more of the meetings of the Board and of the

committees on which they served during 2018. All the directors then in office attended our 2018 annual meeting of stockholders.

Our individual Board members have varied expertise and bring extensive professional experience both within and outside the real estate industry. This provides our Board with a vast collective skill set which is advantageous to the Board's oversight of our Company. While the industry-specific expertise possessed by certain of our Board members is essential, we also benefit from the viewpoints of our directors with expertise outside of the real estate industry. These varied perspectives expand the Board's ability to provide relevant guidance to our business.

BOARD COMMITTEES

Our Board has four standing committees: Audit, Compensation, Nominating and Corporate Governance and Risk. The specific membership of each committee allows us to take advantage of our directors' diverse skill sets, which enables deep focus on committee matters.

Each of our committees:

- Operates pursuant to a written charter (available on our website at www.howardhughes.com under the "Investors" tab)

- Reviews its charter annually
- Evaluates its performance annually

The Company's reputation is of critical importance. In fulfilling their duties and responsibilities, each of our standing committees and our Board consider the potential effect of any matter on our reputation.

BOARD AND COMMITTEE EVALUATIONS

We recognize the critical role that the Board and committee evaluations play in ensuring the effective functioning of our Board. It is important to take stock of Board, committee and director performance, and to solicit and act upon feedback from each member of our Board. To this end, our Nominating and Corporate Governance Committee is responsible for evaluating the performance of our Board annually, and each of our Board’s committees also conducts an annual self-evaluation.

Evaluations – A Multi-Step Process

The Nominating and Corporate Governance Committee periodically reviews the format of the Board and committee evaluation process to ensure that actionable feedback is solicited on the operation of the Board and director performance.

• Questionnaire	Evaluation questionnaire provides director feedback on an unattributed basis
• One-on-One Discussions	Every third year, the Nominating and Corporate Governance Committee engages an independent third party to conduct one-on-one discussions with each director to solicit additional feedback and provide individual feedback
• Board Summary	Summary of Board and committee evaluation results provided to the full Board
• Feedback Incorporated	Policies and practices updated as appropriate as a result of director feedback

2018 DIRECTOR COMPENSATION

The Compensation Committee engaged Meridian Compensation Partners, LLC (“Meridian”) to conduct a review of the Company’s non-employee director compensation program. Upon assessment of common market practices obtained from various sources, including published compensation surveys and information taken from SEC filings of a number of similarly situated companies compiled by Meridian, the Compensation Committee determined that our non-employee director compensation should be revised to better reflect common market practices which will allow us to attract and retain highly qualified directors. The revisions to the non-employee director compensation increased the overall retainers for the Board and committees and eliminated meeting fees. The Board eliminated the meeting fees because it recognizes that Board service extends beyond meeting attendance and for compensation certainty, simplicity and consistency. On May 16, 2018, the Board, acting upon the recommendation of the Compensation Committee, adopted the non-employee director compensation program described below.

The stock ownership guidelines for non-management directors and officers were adopted to align their interests with those of the Company’s stockholders and strengthen the Company’s commitment to sound corporate governance. The stock ownership guidelines provide that (a) each non-management director that was a member of the Board prior to May 14, 2013 is required to own shares of Company common stock with a value equal to five times the original annual retainer (\$112,000) for Board service within five years of the date of appointment, and (b) each non-management director appointed after May 14, 2013 is required to

own shares of Company common stock with a value equal to five times the annual retainer for Board service in effect on May 14, 2013 (\$165,000) within five years of the date of appointment. In determining whether a director has met the minimum stock ownership guidelines, shares of common stock of the Company and restricted stock of the Company will be, in each case, valued based upon the closing price of Company’s common stock on the applicable determination date. Each director is compliant with the stock ownership guidelines.

The agreements between the Company and Fairholme terminated in 2012 after the Company purchased its outstanding warrants. The agreements between

Brookfield and the Company terminated in 2013 after Brookfield disposed of all of its shares of the Company. The agreement between General Trust Company and the Company terminated in 2015 after General Trust Company disposed of all of its shares of the Company. The key terms of the agreements between Pershing Square and the Company that remain effective are summarized below. See "Security Ownership of Management and Certain Beneficial Holders—Five Percent Holders" for the current beneficial ownership of Company common stock held by Pershing Square.

Registration Rights Agreement

In November 2010, the Company entered into a registration rights agreement with Pershing Square with respect to Company common stock held by Pershing Square. The agreement with Pershing Square requires the Company to maintain a shelf

registration statement covering the shares held by Pershing Square. Additionally, Pershing Square may require the Company to:

- register shares of Company common stock held by them having an estimated aggregate fair market value of at least \$25.0 million;
- undertake up to three underwritten offerings, but no more than one underwritten offering during any 12-month period; and
- include shares of Company common stock held by them in any registration statement whenever the Company proposes to register shares of its common stock.

The Company has agreed to pay all expenses, other than underwriting discounts and commissions, in connection with the registration rights agreement, including legal and accounting fees incurred by the Company, printing costs and the fees of one law firm for the selling stockholder. Additionally, the Company has agreed to indemnify these stockholders against certain liabilities, including liabilities under the federal securities laws.

Stockholder Agreement

In November 2010, the Company entered into an agreement with Pershing Square. Under this agreement, subject to certain exceptions, if the Company makes a public or non-public offering of its common stock (or securities convertible or exchangeable into common stock), Pershing Square has a right to acquire the securities for the same price and on the same terms up to the amount needed for it to maintain its aggregate proportionate common stock-equivalent interest in the Company on a fully diluted basis. This agreement automatically terminated in 2018 when Pershing Square's beneficial ownership fell below 5% of the Company's outstanding shares on a fully diluted basis (as defined in the agreement).

Standstill Agreement

In November 2010, the Company entered into an agreement with Pershing Square to, among other things:

- limit Pershing Square's economic interest in Company common stock to 40% of the

Company's outstanding common stock and set forth required approvals for Pershing Square to increase its economic interest above the agreed upon limit;

- require Pershing Square, with respect to any matter the Board has recommended our stockholders not approve, to vote any of its shares in excess of 30% of the Company's common stock against such matter or in proportion to other stockholders;
- set forth required Board and stockholder approvals for certain change in control transactions and related party transactions involving Pershing Square; and
- restrict certain transfers of Company common stock by Pershing Square.

Additionally, the terms of the agreement ensure that Pershing Square does not take any action inconsistent with its support for the following corporate governance principles:

- the Board will have nine members, unless otherwise approved by 75% of the Board members;
- a majority of the directors on the Board will be independent; and
- a majority of the members of the Nominating and Corporate Governance Committee will be disinterested directors (as defined in the agreement).

Further, in connection with the election of directors, Pershing Square may vote all of its shares in its sole discretion with respect to its designees and, with respect to other director nominees, may vote 10% of the Company's outstanding common stock in its sole discretion, but must vote the remainder of its shares in proportion to the votes cast by the Company's other stockholders. This agreement automatically terminated in 2018 when Pershing Square's beneficial ownership fell below 10% of the Company's outstanding shares on a fully diluted basis (as defined in the agreement).

Proposal No. 2 – Advisory Vote on Executive Compensation

The Company believes that its compensation policies and procedures are centered on a pay-for-performance culture and are strongly aligned with the long-term interests of its stockholders. This advisory, non-binding, stockholder vote, as required under Section 14A of the Exchange Act and commonly known as “say-on-pay” gives you, as a stockholder, the opportunity to vote for or against the Company’s executive compensation program as disclosed under the heading “*Compensation Discussion and Analysis*” of this Proxy Statement. The next advisory vote on executive compensation will occur at the 2020 Annual Meeting of Stockholders.

The vote on this proposal is not intended to address any specific element of compensation. Highlights of our executive compensation program and practices include the following:

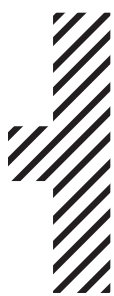

- a compensation recovery policy designed to prevent misconduct by any executive officers;
- no single-trigger change-in-control arrangements;
- five-year vesting period for performance-based equity awards;

- a substantial portion of our long-term equity awards contain meaningful performance hurdles to achieve full vesting (100% of our CEO’s long-term equity incentive awards are subject to performance hurdles);
- minimum stock ownership guidelines for the Chief Executive Officer; President; Chief Financial Officer; and Senior Executive Vice President, Secretary and General Counsel;
- no tax gross-ups in executive employment agreements;

✓ The Board recommends a vote **FOR** the approval of our executive compensation.

Proposal No. 3—Ratification of the Appointment of Ernst & Young LLP as the Company’s Independent Registered Public Accounting Firm for Fiscal 2019

The Audit Committee has selected Ernst & Young LLP (“EY”) as the Company’s independent registered public accounting firm for fiscal 2019. SEC regulations and the NYSE corporate governance standards require that the Company’s independent registered public accounting firm be engaged, retained and supervised by the Audit Committee. Although approval or ratification by stockholders of such engagement is not required, the Company is seeking the stockholders’

ratification of the Audit Committee’s selection of EY because we believe that allowing stockholders to express their view on the matter is good corporate governance. Any failure of the stockholders to ratify the Audit Committee’s selection of EY as the Company’s independent registered public accounting firm would be considered by the Audit Committee in determining whether to engage EY.

The Board recommends a vote **FOR** the ratification of the appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm for fiscal 2019.

RELATIONSHIP WITH INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the Company’s independent registered public accounting firm. As described above, the Audit Committee has selected EY as the Company’s independent registered public accounting firm for fiscal 2019.

A representative of EY is expected to be present at the Annual Meeting and will be given the opportunity to make a statement if they so desire and to respond to appropriate questions from stockholders.

PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee’s policy is to require the pre-approval of all audit and non-audit services provided to the Company by its independent registered public accounting firm (except for items exempt from pre-approval requirements under applicable laws and rules) to assure that the provision of such services does not impair the firm’s independence. All audit and non-audit services were pre-approved by our Audit Committee in accordance with the pre-approval requirements set forth in its charter.

Audit Committee Report

The Audit Committee is comprised entirely of independent directors (as defined for members of an audit committee in SEC rules and the NYSE listing standards) and assists the Board in a number of duties. These duties include oversight of the following matters: the integrity of the Company's financial statements; compliance with legal and certain regulatory requirements; the performance of the internal audit function; and the financial reporting process. In addition, the Audit Committee is directly responsible for the appointment, compensation (including negotiation and approval of the audit fee), retention and oversight of the Company's independent registered public accounting firm. The Audit Committee appointed Ernst & Young LLP ("EY") as its independent registered public accounting firm for fiscal 2019. The Audit Committee operates pursuant to a written charter adopted by the Board and reviewed annually by the Audit Committee. A copy of the charter is available on our website at www.howardhughes.com under the Investors tab. The Audit Committee has the resources and authority it deems appropriate to discharge its responsibilities.

The Audit Committee has engaged EY to serve as the Company's independent accounting firm since 2013. In accordance with SEC rules, the lead audit partner on the Company engagement serves no more than five consecutive years in that role. The current lead partner was appointed in 2018. The Audit Committee and management have direct input into the selection of the lead audit partner. The Audit Committee periodically considers whether the annual audit of the Company's financial statements should be conducted by another firm.

In determining whether to reappoint EY as the Company's independent registered public accounting firm for 2019, subject to stockholder ratification, the Audit Committee took into consideration a number of factors. These factors included:

- the length of time the firm has been engaged by the Company;
- EY's familiarity with the Company's operations and industry, accounting policies, financial

reporting process, and internal control over financial reporting;

- EY's skills, expertise and independence;
- the quality of the Audit Committee's ongoing discussions with EY;
- a review of external data related to EY's legal risks and proceedings, audit quality and recent public portions of Public Company Accounting Oversight Board (United States) (the "PCAOB") reports;
- an assessment of the professional qualifications of EY, the performance of the lead audit partner and the other professionals on the Company account;
- the reasonableness of EY's fees for the services provided to the Company;
- management's relationship with EY and its assessment of EY's performance; and
- the impact of changing auditors, including the significant time requirement that could distract from management's focus on reporting and internal controls.

Based on this evaluation, the Audit Committee believes that it is in the best interest of the Company and our stockholders to retain EY as our independent registered public accounting firm for fiscal 2019.

Each member of the Audit Committee is considered financially literate, as defined by the NYSE, and the Board has determined that Mr. Shepsman has the necessary experience to qualify as an "audit committee financial expert" under SEC rules. As determined by the SEC, a person designated as an audit committee financial expert will not be deemed an "expert" for purposes of the federal securities laws. In addition, this designation does not impose on a person any duties, obligations or liabilities that are greater than those otherwise imposed on the person as a member of the Audit Committee and the Board, and does not affect the duties, obligations or liabilities of the Board.

AUDIT COMMITTEE REPORT

Management is responsible for the Company's system of internal control over financial reporting and for preparing its consolidated financial statements. EY was responsible for performing independent audits of the Company's internal control over financial reporting as of December 31, 2018 and its consolidated financial statements as of December 31, 2018 and for the year then ended, both in accordance with the standards of the PCAOB, and to issue reports thereon. The Audit Committee is responsible for overseeing management's conduct of the financial reporting process and system of internal control.

The Audit Committee reviewed and discussed with both management and EY the results of the independent audits of the Company's internal control over financial reporting as of December 31, 2018 and its consolidated financial statements as of December 31, 2018 and for the year ended prior to their issuance. During 2018, management advised the Audit Committee that the set of financial statements had been prepared in accordance with accounting principles generally accepted in the United States of America, and reviewed significant accounting and disclosure matters with the Audit Committee. This included discussion with EY of matters required to be discussed by Statement on Auditing Standards No. 16, as amended, as adopted by the PCAOB and SEC

Regulation S-X Rule 2-07, *Communication with Audit Committees*, as currently in effect, including the quality of the Company's accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The Audit Committee also discussed with its independent registered public accounting firm matters relating to its independence and received the written disclosures and letter from EY required by the applicable requirements of PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence.

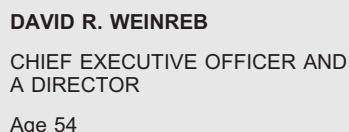

Taking all of these reviews and discussions into account, all of the Audit Committee members, whose names are listed below, recommended to the Board that it approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the SEC.

Compensation Discussion and Analysis

EXECUTIVE COMPENSATION

This Compensation Discussion and Analysis provides information on our executive compensation program and the amounts shown in the executive compensation tables that follow. In this proxy statement, the term “NEOs” means Named Executive Officers. The six executive officers listed below are our NEOs for fiscal 2018. For fiscal 2018, we have determined to include one additional NEO than is required by the SEC rules because of a sign-on equity grant made to an executive officer that would have otherwise caused Mr. Riley to no longer be listed as an NEO. While the additional disclosure regarding Mr. Riley’s compensation arrangements is not required by the SEC rules, we believe this additional disclosure provides a more fulsome description of our executive compensation program, particularly since Mr. Riley is likely to be required to be listed as an NEO in the future.

Named Executive Officer	Position

Grant Herlitz	President
David O’Reilly	Chief Financial Officer (“CFO”)

EXECUTIVE SUMMARY

Our success depends, in large part, on our ability to successfully attract, motivate and retain a qualified management team. The executive compensation program designed and implemented by the Compensation Committee is intended to attract, retain and motivate the key people necessary to enable us to maximize operational efficiency and profitability over the long term. The Compensation Committee believes that executive compensation should align the interests of our executives and other key employees with those of the Company and its stockholders. Our executive compensation program also is designed to differentiate compensation based upon individual contribution, performance and experience.

In establishing compensation, the Compensation Committee provides our NEOs with a competitive compensation package, using a holistic evaluation of each element of our NEOs’ compensation together with an assessment of each NEO’s ownership position in the Company (inclusive of stock, warrants to purchase stock, and equity awards). The Compensation Committee sets compensation in this manner to ensure that our compensation practices do not disadvantage the Company in attracting and retaining executives and other key employees, while also managing a competitive compensation expense structure for the Company.

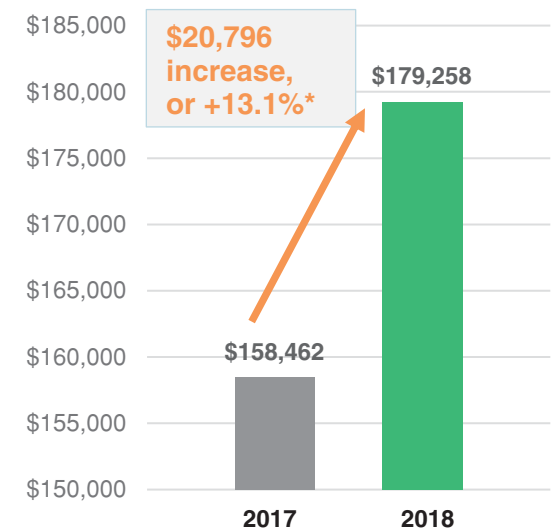

Stockholders should note that, although the Compensation Committee considers the compensation paid to executives by our peer group companies in making compensation decisions, the Compensation Committee also considers the compensation that real estate private equity firms, private real estate development companies and real estate opportunity funds are paying their executives as it believes that the Company is competing more with these types of organizations for top-tier talent than it is with our peer group companies.

Financial and Operational Highlights

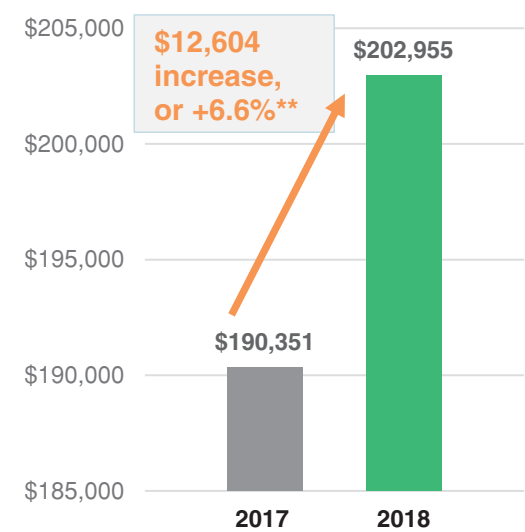

The Company delivered strong results in 2018. 2018 Compensation Highlights

Our 2018 financial performance, along with the individual performance of our NEOs, served as key factors in determining compensation for 2018 and executing on other compensation practice initiatives, including as follows:

Compensation Practice	Rationale for Practice
<ul style="list-style-type: none">We granted annual long-term equity incentive awards, 50% of which are performance-based, except with respect to Mr. Weinreb who received 100% performance-based incentive awards.	<ul style="list-style-type: none">We tie a significant portion of compensation to long-term performance.
<ul style="list-style-type: none">Payouts based on interpolation between performance targets for the performance-based equity awards.	<ul style="list-style-type: none">By using linear interpolation rather than the “step” approach for the performance targets for the performance-based equity awards, we are able to achieve finer calibration between pay and performance. Interpolation mitigates the risk that management will act improperly to either increase payout to the next higher step or avoid falling to a lower step.
<ul style="list-style-type: none">Majority of annual compensation for our NEOs is tied to incentive compensation.	<ul style="list-style-type: none">Our NEOs have a performance-based annual incentive compensation opportunity that is assessed annually to ensure alignment with our compensation objectives.

Prior to the 2018 annual meeting of stockholders, at which approximately 73.4% of the votes cast were in favor of our “say-on-pay” stockholder advisory vote in support of executive compensation, our management engaged with stockholders holding a majority of our outstanding shares to discuss our executive compensation program. We undertook this engagement to inform the Compensation Committee’s discussions and better assess stockholder views on our executive compensation program. In response to stockholder input and feedback, we reassessed

COMPENSATION DISCUSSION AND ANALYSIS

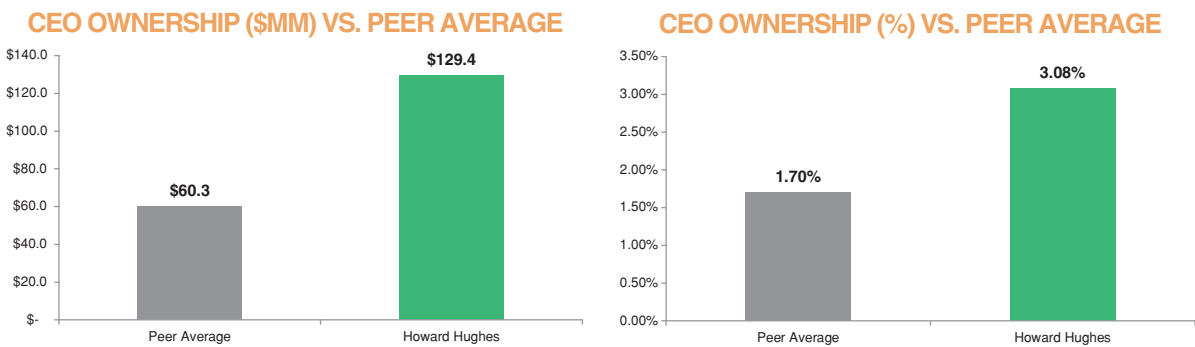

certain aspects of the compensation structure for our NEOs and its disclosure, seeking to address the following concerns expressed by our stockholders.

Stockholder Concern	How We Addressed Concern
<ul style="list-style-type: none">Annual incentive awards are largely discretionary	<ul style="list-style-type: none">We established specific, predetermined financial goals for key components of the Company's business that substantially drive long-term performance and value creation. Annual incentive payouts in 2018 were awarded based on how well the NEOs performed against the predetermined financial goals.
<ul style="list-style-type: none">Disclosure relating to assessment of annual incentive payouts	<ul style="list-style-type: none">The Company enhanced its disclosure related to the alignment between Company performance and incentive payouts.

Proxy advisors and certain stockholders also expressed concerns regarding the specific compensation mix for the CEO and the Compensation Committee's rationale for the mix. Specifically, the concern related to the dollar value of the CEO's target annual incentive award, which is 500% of base salary, relative to the value of his annual long-term equity awards. The Compensation Committee thoughtfully designed the CEO's compensation to be competitive with the market and to recognize Mr. Weinreb's significant experience, entrepreneurial acumen and high performance, while taking into account his unique circumstances, particularly his significant personal ownership of shares and warrants (as further described under "—Compensation Philosophy and Objectives," below).

Given Mr. Weinreb's ownership of approximately \$129.4 million of shares (inclusive of restricted shares subject to performance-based vesting) in the Company as of December 31, 2018, which is materially greater than the ownership by CEOs of other companies (see charts below), and his \$50.0 million warrant purchase, the Compensation Committee determined that the following two compensation elements were necessary to provide balanced alignment with the Company's annual and long-term performance:

- an annual incentive award sufficient to drive the achievement of key short-term financial and operational performance that compensates Mr. Weinreb for our Company's significant achievements on a "real time" basis; and
- performance contingent restricted stock that only vests based on sustained share growth, which acknowledges that the growth of real estate development businesses is generally realized over the long-term.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation and Governance Best Practices

The Compensation Committee regularly reviews best practices in governance and executive compensation. The Company’s current best practices and policies include the following:

What We Do	
✓	Align Executive Compensation with Company Performance. We tie a majority of executive pay to fully at risk, performance-based cash awards and long-term equity awards.
✓	Apply Multi-Year Vesting to Equity Incentive Awards. Under our long-term equity incentive program, time-based awards vest ratably over a five-year period following the date of grant and performance-based awards vest at the end of five years, subject to the satisfaction of total stockholder return thresholds.
✓	Provide Double-Trigger Severance Benefits. In the event of a change of control, equity award vesting is provided to our NEOs only in the event of a qualifying termination following a change of control. Equity awards do not vest solely in connection with a change of control.
✓	Allow Clawbacks. Our Board has adopted a policy regarding recovery of incentive awards for fiscal years for which financial results are later restated, which may include reimbursement of any bonuses paid and recovery of profits received during the applicable period under any equity compensation awards.
✓	Impose Stock Ownership Guidelines. Our Compensation Committee has adopted stock ownership guidelines for our CEO, President, CFO and Senior Executive Vice President, Secretary and General Counsel, which require such executive officers to accumulate and hold a meaningful level of stock in the Company.
✓	Conduct Annual Risk Review. Our Compensation Committee conducts an annual review of the Company’s compensation programs to confirm that there are no compensation-related risks that are reasonably likely to have a material adverse effect on the Company.
✓	Retain an Independent Compensation Consultant. Our Compensation Committee retains an independent compensation consultant to advise on our executive compensation programs.
✓	Provide Limited Perquisites. We provide limited perquisites to our NEOs.
✓	Offer Broad-Based Benefits. Our NEOs are eligible for the same health and retirement benefits as other full-time employees.
✓	Use Peer Group Evaluation. We evaluate our compensation peer groups periodically to align with investor expectations and changes in the Company’s business.
✓	Conduct an Annual Say-on-Pay Vote. We conduct an annual say-on-pay vote to better understand investor sentiment of our executive compensation program.
What We Don’t Do	
⊘	No Excise Tax Gross-Ups. We do not make tax gross-up payments to executive officers.
⊘	No Supplemental Retirement Benefits. We do not provide supplemental executive officer retirement benefits.
⊘	No Hedging or Pledging. We do not permit hedging or pledging of equity by our executive officers or directors.
⊘	No Repricing. Our equity plan prohibits repricing or the buyout of underwater stock options without stockholder approval.
⊘	No Discount Options. Our equity plan prohibits granting stock options with a grant price less than fair market value of our common stock on the date of the grant.

Compensation Philosophy and Objectives

We Strive to Attract, Incentivize and Retain Talented Individuals.	We pay competitively. <p>We pay competitively to provide a target compensation opportunity that will attract, motivate and retain our talented core of executives who drive our success and have led to the transformation of the Company over the last several years. The compensation program is designed to give the Company a competitive advantage relative to the compensation provided by peer group companies with which we compete for qualified executive talent. The Compensation Committee also seeks to retain executives through the phases of the cycle of the real estate market by keeping compensation competitive during times of growth as well as contraction, reflecting the long-term nature of successful real estate development businesses.</p> <p>While peer group companies and competitive survey data provide a beginning reference point and inform decisions on the range of compensation opportunities, it is just one of many factors the Compensation Committee considers in setting pay. For example, the Compensation Committee recognizes that real talent competitors for our NEOs include high-paying private real estate development companies, high paying private equity firms and real estate opportunity funds, in addition to our more conventional public company peers.</p> <p>Also, several of our peers are REITs whose operations directly compare to our operating assets segment only and not to our master planned community segment or strategic development segment. Ultimately, the Compensation Committee retains flexibility to adjust executive compensation based on our objectives of building our Company and creating stockholder value.</p>
	Retention is a key objective of the compensation program. <p>Because the implementation of the Company’s business strategy requires long-term commitments on the part of our NEOs, and because competition for top talent is intense in the Company’s industry, retention of our talented core of executives is a key objective of the compensation program.</p>
We Pay for Performance.	We reward attainment of established goals. <p>We firmly believe that pay should be tied to performance. Superior performance enhances stockholder value and is a fundamental objective of the Company’s compensation program.</p> <p>The compensation program is designed to reward our NEOs for attaining established goals that require the dedication of their time, effort, skills and business experience to drive the success of the Company and the maximization of stockholder value.</p>

COMPENSATION DISCUSSION AND ANALYSIS

Performance-based annual incentive compensation is a key component of our compensation program.

For fiscal 2018, annual performance is rewarded through annual incentive awards and is based on the Company’s operational performance and financial results and the individual NEO’s contribution to those results. NEO performance is judged against specific, predetermined financial goals established by the Compensation Committee in the first quarter of the performance year. The predetermined financial goals are based on the Company’s annual budget for the performance year, which is approved by the Board. In addition, we consider the achievement of specific property development objectives, relative to expectations at the start of each year.

We Align Pay to Business Objectives and Long-Term Strategy.

The compensation program is designed to reward and motivate our NEOs’ Company-wide performance and, as described below, individual performance in attaining business objectives and maximizing stockholder value. Compensation decisions are based on the principle that the long-term interests of our NEOs should be aligned with those of our stockholders.

We grant long-term equity incentive awards under our equity incentive program.

We use equity incentive awards as a recruitment and retention incentive and to align the interests of our NEOs with stockholder interests. The Compensation Committee continues to grant awards under the annual long-term equity incentive program that was adopted in 2010. Performance is a key component of our long-term equity incentive program.

The Compensation Committee uses absolute cumulative total stockholder return as the sole metric for the performance-based component of the long-term equity awards because it believes that the NEOs should receive value in respect of the performance-based awards only if the Company provides our stockholders with meaningful increases in our stock price and not because the Company outperformed its peers.

NEO PERSONAL INVESTMENT IN HOWARD HUGHES

In addition to aligning the interests of our NEOs with stockholder interests through awards under our annual long-term equity incentive program, Messrs. Weinreb, Herlitz, and O’Reilly are aligned with our stockholders through their substantial personal investment in warrants to purchase shares of our common stock and/or shares of common stock as set forth in the table below.

Name	Type of Security	Acquisition Date	Number of Shares/Shares Underlying Warrants	Exercise Price	Fair Market Value at Time of Acquisition
Weinreb	Common Shares	11/9/2018	50,000	N/A	\$ 5,469,500
	Warrants	6/16/2017	1,965,409	\$124.64	\$50,000,000
	Common Shares	6/3/2013	10,000	N/A	\$ 995,364
Herlitz	Common Shares	12/17/2018	5,091	N/A	\$ 500,394
	Warrants	10/2/2017	87,951	\$117.01	\$ 2,000,000
O’Reilly	Warrants	10/17/2016	50,125	\$112.08	\$ 1,000,000

Not only does the per share price of our common stock need to exceed the applicable exercise price of each warrant for the warrant to have value, the per share price of our common stock needs to exceed approximately \$150, \$140, and \$132 in the case of Messrs. Weinreb’s, Herlitz’s, and O’Reilly’s warrants, respectively, for the warrants to have enough value to recoup the applicable purchase price that each paid to obtain his warrant. Because Messrs. Weinreb’s, Herlitz’s, and O’Reilly’s warrants are generally not exercisable until June 2022, October 2022, and April 2022, respectively, unless there is an intervening change of control or qualifying termination event prior to such date, these “break-even” prices encourage Messrs. Weinreb, Herlitz, and O’Reilly to create significant and sustainable growth in the value of the Company in excess of the incentive provided by our long-term equity incentive award program.

COMPENSATION DISCUSSION AND ANALYSIS

Messrs. Riley and Layne also have a significant ownership stake in our common stock (through both ownership of unrestricted shares and awards of equity incentive grants), as described above under “—Security Ownership of Management and Certain Beneficial Holders.” Messrs. Weinreb, Herlitz, O’Reilly and Riley are also subject to the stock ownership requirements described below under “Other Components of Compensation—Stock Ownership Guidelines” to further encourage the alignment of their interests with our stockholders.

ROLES AND RESPONSIBILITIES

Role of Compensation Committee

The Compensation Committee administers our executive compensation programs. The role of the Compensation Committee is to review and approve the compensation paid to our NEOs and certain other executive officers of the Company, and to review the compensation policies and practices for all of our employees to verify that the policies and practices do not create unreasonable risks for the Company.

In establishing compensation for NEOs, the Compensation Committee considers, among other things, recommendations by our CEO and our compensation consultant, and the compensation of similarly situated executives of peer companies. In addition, the Compensation Committee, with the assistance of management, reviews total compensation paid to certain other executive officers annually, including long-term equity awards.

In 2018, the Compensation Committee reviewed the internal evaluations of the NEOs and certain other executive officers, and market data provided by management and our compensation consultant, Meridian Compensation Partners, LLC (“Meridian”). The Compensation Committee believes that NEO compensation for 2018 reflects appropriate allocation of compensation between salary, annual incentive compensation and equity compensation.

The Compensation Committee reviews and approves corporate goals and objectives relevant to the CEO’s compensation, evaluates his performance in light of those goals and objectives and determines and approves his compensation level based on this evaluation.

Role of Executive Officers

Our CEO makes compensation recommendations for the other NEOs to the Compensation Committee. Additionally, management provides financial and compensation data to the Compensation Committee for its review in setting compensation and gives guidance as to how the data impacts performance goals set by the Compensation Committee. This data includes:

- our financial performance for the current year compared to the preceding year;
- performance evaluations of the NEOs (other than CEO) including experience, prior performance and anticipated future performance;
- industry-wide business conditions; and
- total compensation provided to the NEOs in previous years.

Role of Compensation Consultant

The scope of Meridian’s work includes the following items in connection with 2018 compensation:

- providing the Compensation Committee with relevant market data;
- updating the Compensation Committee on related trends and developments;
- advising the Compensation Committee on program design; and
- providing input on compensation decisions for NEOs.

COMPENSATION DISCUSSION AND ANALYSIS

Meridian is independent and provides no services directly to the Company and no conflicts of interest exist between the Company and Meridian.

RISK ASSESSMENT

The Compensation Committee’s annual review and approval of the Company’s compensation strategy includes a review of compensation-related risk. In this regard, the Compensation Committee annually considers the relationship between the Company’s overall compensation policies and practices for employees, including executive officers, and risk, including whether such policies and practices (a) encourage imprudent risk taking, and (b) would be reasonably likely to have a material adverse effect on the Company. Based on this review in 2018, the Compensation Committee concluded that there are no compensation-related risks that are reasonably likely to have a materially adverse effect on the Company.

MARKET REVIEW AND COMPENSATION PEER GROUP

For 2018 NEO performance, the Compensation Committee compared our executive compensation program with competitive market information regarding salary and incentive awards and programs. The purpose of this analysis is to provide a beginning reference point in evaluating the reasonableness and competitiveness of our executive compensation within the real estate development and operating industry and to ensure that our compensation program is generally comparable to companies of similar size and scope of operations.

Market pay levels are obtained from various sources, including published compensation surveys and information taken from SEC filings of 14 public companies recommended by Meridian and approved by the Compensation Committee. The Compensation Committee also considers compensation paid at private real estate and investment companies and larger real estate and hotel companies as additional context, but does not benchmark NEO compensation. The following companies comprised the peer group for purposes of reviewing and considering the 2018 compensation decisions approved for our NEOs:

• Camden Property Trust	• Meritage Homes Corporation	• Toll Brothers, Inc.

COMPENSATION DISCUSSION AND ANALYSIS

2016-2018 TSR VS. REAL ESTATE DEVELOPMENT CORPORATIONS

2018 TSR VS. REAL ESTATE DEVELOPMENT CORPORATIONS

The Compensation Committee considers the Company total stockholder return (“TSR”) and TSR performance relative to other real estate development companies as relevant context in determining compensation levels for our NEOs. Our TSR performance is reflected in the value of each NEOs’ long-term incentive compensation. One hundred percent of the restricted stock granted to our CEO and 50% of the restricted stock granted to the other NEOs is eligible to cliff-vest after five years only if the Company achieves specified cumulative TSR growth percentages over a five-year period. At an 11% cumulative TSR growth rate over a five-year period, only 30% of the restricted stock granted that is subject to performance-based vesting would vest. No restricted stock subject to performance-based vesting would vest if TSR growth rate is below 11% over a five-year period.

EMPLOYMENT AGREEMENTS

Each of Messrs. Weinreb, Herlitz, O’Reilly and Riley have employment agreements with the Company. These agreements provide for a minimum annual base salary, target annual incentive compensation under plans approved by the Compensation Committee, as well as severance and other benefits. The Compensation Committee approved the terms of the employment agreements based upon (a) its assessment of the terms necessary to retain highly qualified executives, and (b) arm’s length negotiations with each of these executives. For a description of the

material terms of these employment agreements, see “Executive Compensation – Employment Agreements with the NEOs.”

COMPENSATION DISCUSSION AND ANALYSIS

Fiscal Year 2018 CEO Total At-Risk Compensation Mix

BASE SALARY

The annual base salary for each NEO is set forth in his employment agreement (with the exception of Mr. Layne, who does not have an employment agreement with us). Any increases in base salary are expected to be determined on the basis of scope of responsibilities, level of experience and sustained performance with the Company, as well as internal and market comparisons. In setting base salaries for the NEOs, the Compensation Committee seeks to provide a reasonable level of fixed compensation that is competitive with base salaries for comparable positions at similar companies. The base salaries of our NEOs as of December 31, 2017 and 2018 were as follows:

Name	Title	2017 Base Salary (\$)	2018 Base Salary (\$)	Base Salary Change
David Weinreb	Chief Executive Officer	1,000,000	1,000,000	No Change
Grant Herlitz	President	750,000	750,000	No Change
David O'Reilly	Chief Financial Officer	500,000	500,000	No Change
Peter F. Riley	Senior Executive Vice President, Secretary and General Counsel	550,000	550,000	No Change
Paul Layne	President, Central Region	500,000	500,000	No Change
Simon Treacy	President, Hawaii	N/A	500,000	N/A

ANNUAL INCENTIVE COMPENSATION

The Compensation Committee believes that annual incentive compensation is a key element of the total compensation for our NEOs. The Compensation Committee also believes that placing a significant portion of executive compensation at risk each year, subject to the results of established performance measures and objectives, appropriately motivates the NEOs to achieve the Company's financial and operational objectives, thereby enhancing stockholder value.

The employment agreements for our NEOs (other than Messrs. Layne and Treacy) provide that each officer is eligible to receive an annual incentive award. The amount of each annual incentive award is within a range set forth in the applicable NEO's employment agreement and is determined by the Compensation Committee based on the achievement of specific goals and objectives established by the Compensation Committee during the first quarter of each calendar year. Mr. Layne does not have an employment agreement and instead participates in the Company's

COMPENSATION DISCUSSION AND ANALYSIS

general annual incentive plan, in which all corporate employees are eligible to participate. The annual incentive compensation opportunity for each NEO with an employment agreement as of December 31, 2018 is set forth below.

David Weinreb

- At least 65% (threshold), but not more than 120% (maximum), of a target annual incentive award of \$5,000,000

Grant Herlitz

- At least 65% (threshold), but not more than 120% (maximum), of a target annual incentive award of \$2,625,000

David O'Reilly

- At least 60% (threshold), but not more than 140% (maximum), of a target annual incentive award of \$900,000.

Peter F. Riley

- At least 60% (threshold), but not more than 140% (maximum), of a target annual incentive award of \$800,000

The annual incentive awards for the eligible NEOs are contingent upon the achievement of an objective minimum financial performance measure (the “Overall Goal”) and the results of the Compensation Committee’s evaluation of the achievement of other operational and real estate development objectives (as further described below). If the Company achieves the Overall Goal, then a bonus pool for the eligible NEOs is available for distribution in accordance with the threshold, target and maximum annual incentive awards set forth in their employment agreements as described above and the Compensation Committee’s evaluation of Company and NEO performance as described in further detail below.

The Compensation Committee established the Overall Goal for the 2018 annual incentive compensation plan of at least \$500.0 million of consolidated gross revenues. The Company’s consolidated gross revenues for 2018 were approximately \$1 billion, which substantially exceeded the \$500.0 million Overall Goal, and a bonus pool was therefore available for distribution to the eligible NEOs. The Compensation Committee selected consolidated gross revenues as the Overall Goal because it believes that our revenues are a strong indicator of the growth and performance of the Company in this stage of its development; however, achievement of the Overall Goal is only the threshold for availability of the eligible NEOs’ bonus pool. It is not the sole factor in determining NEO annual incentive payouts. If the Overall Goal is achieved, the Compensation Committee determines actual annual incentive payouts based primarily on the specific, predetermined financial and operational goals that it approves in the first quarter of each year within the framework of the eligible NEOs’ employment agreements.

As the Company and its businesses have evolved, the Compensation Committee has increasingly evaluated NEO performance for purposes of annual incentive compensation payouts against specific, predetermined financial and operations goals. For fiscal 2018, annual incentive payouts were equally based on the achievement of the following objective performance goals:

- cumulative contracted condominium sales;
- Operating Assets NOI; and
- MPC net operating income (“MPC NOI”).

We chose these measures because we believe that they motivate our NEOs to drive Company growth and to execute on our business plan.

COMPENSATION DISCUSSION AND ANALYSIS

To reflect performance above or below performance targets, the goals above have sliding scales that provide for annual incentive payouts greater than the target level if results are greater than target performance (up to a maximum payout of 120% of the target bonus for Messrs. Weinreb and Herlitz and 140% of the target bonus for Messrs. O'Reilly and Riley) or less than target bonus if results are lower than the performance target (down to a threshold of 65% of target bonus for Messrs. Weinreb and Herlitz and 60% of target bonus for Messrs. O'Reilly and Riley), below which the annual incentive payout would equal the threshold bonus amount set forth in each NEO contract.

The fiscal 2018 performance targets were designed to be challenging and were set at levels above fiscal 2017 performance targets. The Company's actual performance exceeded all of the performance targets.

The actual results for the cumulative contracted condominium sales target are as follows:

PERFORMANCE MEASURE	THRESHOLD	TARGET	MAXIMUM	ACTUAL	POTENTIAL PAYOUT
Cumulative Contracted Condominium Sales (Weinreb and Herlitz)	\$1,261,975,000	\$1,941,500,000	\$2,329,800,000	\$2,043,936,983	105%
Cumulative Contracted Condominium Sales (O'Reilly and Riley)	\$1,164,900,000	\$1,941,500,000	\$2,718,100,000	\$2,043,936,983	105%

The actual results for the Operating Assets NOI target are as follows:

PERFORMANCE MEASURE ⁽¹⁾	THRESHOLD	TARGET	MAXIMUM	ACTUAL	POTENTIAL PAYOUT
Operating Assets NOI (Weinreb and Herlitz)	\$117,319,839	\$180,492,060	\$216,590,472	\$181,032,432	100%
Operating Assets NOI (O'Reilly and Riley)	\$108,295,236	\$180,492,060	\$252,688,884	\$181,032,432	100%

(1) The components of Operating Assets NOI include the following: (i) net operating income from retail operations; (ii) net operating income from office operations; (iii) net operating income from multifamily operations; (iv) net operating income from hospitality operations; and (v) net operating income from other operations. See Annex B for a reconciliation of the Operating Assets NOI for NEO Goals to Operating Assets NOI.

The actual results for the MPC NOI target are as follows:

PERFORMANCE MEASURE ⁽²⁾	THRESHOLD	TARGET	MAXIMUM	ACTUAL	POTENTIAL PAYOUT
MPC NOI Goals (Weinreb and Herlitz)	\$90,245,209	\$138,838,783	\$166,606,540	\$151,040,539	109%
MPC NOI Goals (O'Reilly and Riley)	\$83,303,270	\$138,838,783	\$194,374,296	\$151,040,539	109%

(2) For the purpose of evaluating actual performance against the MPC NOI goal, 2018 Actual MPC NOI was adjusted to reflect a \$10 million commercial sale, which was budgeted to close in 2018, but instead closed in 2017 and land development costs of \$12 million, which generated land sales of \$6 million in 2018. The Board approved the additional \$12 million in land development costs after the Compensation Committee established the MPC NOI goal, and therefore the Compensation Committee did not believe it appropriate to consider these costs in connection with the evaluation of 2018 MPC NOI performance. See Annex C for a reconciliation of MPC NOI to MPC EBT.

COMPENSATION DISCUSSION AND ANALYSIS

After the end of fiscal 2018, the Compensation Committee determined the extent to which the performance goals were achieved. The table below shows what the fiscal 2018 payout levels would have been based on the interpolation of actual performance compared with the performance goals. The performance above target level was not significant enough to warrant payment above the target level and the Compensation Committee elected to pay annual incentives at the target level as disclosed in the “Non-Equity Incentive Compensation Plan” column of the Summary Compensation Table. Mr. Weinreb received an annual incentive payout of \$5.0 million; Mr. Herlitz received an annual incentive payout of \$2,625 million; Mr. O’Reilly received an annual incentive payout of \$900,000; and Mr. Riley received an annual incentive payout of \$800,000.

NEO	Payout on Cumulative Contracted Condominium Sales (33.33% Weighted)	Payout on Operating Assets NOI (33.33% Weighted)	Payout on MPC NOI (33.33% Weighted)	Bonus Payout % of Target	Potential Bonus Payout(\$)
Weinreb	105%	100%	109%	104.8%	\$5,239,400
Herlitz	105%	100%	109%	104.8%	\$2,750,685
O'Reilly	105%	100%	109%	104.8%	\$ 943,092
Riley	105%	100%	109%	104.8%	\$ 838,304

Before determining the actual bonus payouts for the NEOs other than Mr. Layne, the Compensation Committee also considered each NEO’s individual performance. The Compensation Committee generally judged the individual performance of each NEO taking into consideration the performance highlights of each NEO as described in “2018 Annual Compensation Mix.” In evaluating individual NEO performance, the Compensation Committee did not apply any formula or performance target.

Messrs. Layne and Treacy do not have an employment agreement with the Company and do not participate in the annual cash bonus pool as described above. Messrs. Layne and Treacy participate in the Company’s general annual incentive plan in which all corporate employees are eligible. Their annual cash bonuses are based upon their performance against objective and subjective performance goals that are established by Grant Herlitz in consultation with each of Mr. Layne and Mr. Treacy. The cash bonus amount is ratified by the Compensation Committee upon recommendation from the CEO.

LONG-TERM EQUITY INCENTIVE

The 2010 Incentive Plan is designed to attract, retain and motivate officers, employees, non-management directors and consultants of the Company and its subsidiaries, as well as promote the success of the Company’s business by providing participants with appropriate incentives.

The Company believes that restricted stock grants provide a long-term equity opportunity that is both competitive in the real estate industry and serves as a retention tool. In addition, 50% of the restricted stock granted to each NEO (and 100% of the restricted stock granted to the CEO) is eligible to cliff-vest after five years only upon the achievement of specified cumulative total stockholder return growth percentages over the same period. At an 11% cumulative total shareholder return growth over a five-year period, only 30% of the restricted stock granted that is subject to performance based vesting would vest. No restricted stock subject to performance-based vesting would vest if TSR growth rate is below 11% over a five-year period. The 11% minimum cumulative total stockholder return is a challenging target. The Company believes that the long-term vesting component of the restricted stock aligns management’s interest with the long-term performance of the Company.

Restricted stock granted in 2018 is based on fiscal 2017 performance. Based on the actual achievement of the 2017 goals described below (which were approved by the Compensation Committee in the first quarter of 2017) and the Compensation Committee’s overall evaluation of the individual 2017 performance of each eligible NEO, the Compensation Committee determined that each of Messrs. Weinreb, Herlitz, O’Reilly, and Riley should receive a long-term equity incentive in an amount equal to the target amounts set forth in their employment agreements.

COMPENSATION DISCUSSION AND ANALYSIS

Performance Measure (2017)	Target (\$)	Actual (\$)	Target Exceeded
Cumulative Contract Condominium Sales	1,431,000,000	1,532,000,000	✓

Mr. Layne’s restricted stock grant was determined by the Compensation Committee in consultation with the CEO, based upon his performance against objective and subjective performance goals that were established by Grant Herlitz in consultation with Mr. Layne. The achievement of such goals was ratified by the Compensation Committee. Mr. Treacy did not receive a restricted stock grant because he was not employed by the Company in 2018.

The table below provides a breakdown of the restricted stock awarded to certain of our NEOs in 2018.

Name Executive Officer	Performance-Based Shares (#)	Time-Based Shares (#)	Total 2018 Shares Granted (#)

Peter Riley	3,285	3,284	6,569
Paul Layne	1,231	1,232	2,463

All awards set forth in the table above were granted pursuant to the regular annual grant program. The performance-based shares granted in 2018 are eligible to cliff-vest as shown in the table below on December 31, 2022. Vesting is based on the cumulative total stockholder return (“TSR”) of the Company over a five-year term. \$127.02, the volume weighted average share price of the Company for the last 30 trading days of 2017, will be used as the beginning price for calculating TSR. The ending price will be the volume weighted average share price of the Company for the last 30 trading days of 2022.

A TSR target is deemed satisfied if the TSR meets or exceeds one of the corresponding thresholds below. If the TSR achieved is between two of the thresholds set forth below, the percentage of the award that vests will be interpolated between the two thresholds. Share price will be based on the daily closing price of the Company’s common stock as reported in the consolidated transaction reporting system.

Total Stockholder Return	Stock Price End	Vesting %
0.00% to 10.99%	\$214.03 or below	0%

14.00% to 14.99%	\$244.57	120%
15.00%	\$255.49+	150%

The time-based shares granted in 2018 vest ratably over a five-year period. The first 20% tranche vested on December 31, 2018, and the remaining 20% tranches vest on December 31, 2019; December 31, 2020; December 31, 2021; and December 31, 2022 (in each case, generally subject to continued employment on the applicable vesting date).

The Compensation Committee granted our CEO restricted stock that is eligible to cliff-vest after five years only upon the achievement of a minimum cumulative total stockholder return over the same period. A TSR target is deemed satisfied if the TSR meets or exceeds one of the corresponding thresholds below. If the TSR achieved is between

COMPENSATION DISCUSSION AND ANALYSIS

two of the thresholds set forth below, the percentage of the award that vests will be interpolated between the two thresholds. Share price will be based on the daily closing price of the Company’s common stock as reported in the consolidated transaction reporting system.

Total Stockholder Return	Stock Price End	Vesting %
0.00% to 10.99%	\$214.03 or below	0%

20.00%+	\$316.08+	200%

In February 2018, the Company also granted Mr. Layne a ten-year retention option to purchase 100,000 shares of Company common stock at an exercise price of \$121.77. 50,000 options will vest and become exercisable on the fifth anniversary of the option grant date and 50,000 options will vest and become exercisable on the 10th anniversary of the option grant date (in each case, generally subject to Mr. Layne’s continued employment through the applicable vesting date). The Company granted Mr. Layne the option as a retention tool following Mr. Layne’s first five years of service with the Company and the vesting of his original option granted in connection with his commencement of employment with the Company in 2012.

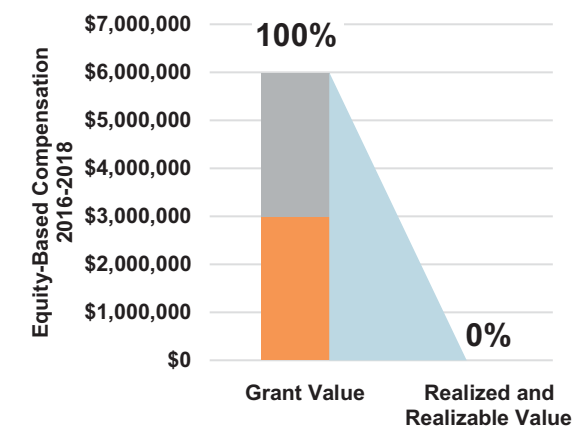

In January 2018, the Company granted Mr. Treacy a ten-year option to purchase 100,000 shares of Company common stock at an exercise price of \$127.62. 50,000 options will vest and become eligible on the fifth anniversary of the option grant date and 50,000 options will vest and become exercisable on the 10th anniversary of the option grant date (in each case, generally subject to Mr. Treacy’s continued employment through the applicable vesting date). The Company granted Mr. Treacy the option as part of his on-boarding package and as an inducement to join the Company.

Long-term equity is an at-risk component of NEO compensation. One hundred percent of the annual long-term equity award granted to our CEO and 50% of the annual long-term equity award granted to our other NEOs will not vest unless the Company produces meaningful TSR for our stockholders. The charts below show the grant date value of long-term equity against the realized and realizable value such awards as of December 31, 2018 for all of our NEOs. The grant date value in the charts below is determined by multiplying the closing share price on the date of grant by the number of shares granted without discounting for any performance-based or service-based vesting conditions. We used \$97.62, the closing share price of the Company’s common stock as of December 31, 2018, to calculate the realized and realizable value of each NEO’s long-term equity. The charts below do not include the value of the warrants held by Messrs. Weinreb, Herlitz and O’Reilly. Those warrants were underwater as of December 31, 2018. The charts below also do not include information related to Mr. Treacy. Mr. Treacy was not granted long-term equity in the form of restricted stock in 2018. The Company granted Mr. Treacy a new hire option in 2018, which was underwater as of December 31, 2018.

OTHER COMPONENTS OF COMPENSATION

Deferred Compensation Plan.

The Company provides a deferred compensation plan to the NEOs and other highly-compensated employees to provide tax-deferred methods for general savings and retirement. Although the Company has the flexibility to make discretionary contributions to the deferred compensation plan, it has not made any such contributions.

Employee Benefits.

The Company provides health, life, and other insurance benefits to its NEOs on the same basis as its other full-time employees. The Company does not provide its executives and other employees with defined benefit pension benefits, supplemental retirement benefits, or post-retirement welfare benefits.

Severance Benefits.

We provide certain severance benefits to our NEOs, other than Messrs. Layne and Treacy, under their employment agreements, and for Mr. Layne under the Amended and Restated of The Howard Hughes Management Co. LLC

COMPENSATION DISCUSSION AND ANALYSIS

Separation Benefits Plan (the “Separation Benefits Plan”). For more information, see “Employment Agreements with the NEOs.”

The Compensation Committee believes that these benefits are necessary and appropriate to attract and retain qualified NEOs insofar as these benefits are generally made available by other companies. Additionally, the change in control benefits are intended to ensure that the Company’s NEOs are able, as a practical matter, to evaluate any potential change in control transaction objectively and to encourage NEOs to remain employed by the Company in the event a change in control becomes a real possibility. For additional information regarding the employment agreements with the Company’s NEOs, see “Executive Compensation—Employment Agreements with the NEOs” and “Potential Payments Upon Termination or Change in Control.”

Perquisites and Other Personal Benefits.

The Company provides Mr. Weinreb, its CEO, with certain perquisites and other personal benefits, such as the use of the corporate aircraft. The Company owns and operates a corporate aircraft to allow employees to safely and efficiently travel for business purposes. The Company aircraft allows the CEO to be far more productive than if commercial flights were utilized, as the aircraft provides a confidential and highly productive environment in which to conduct business without the schedule constraints imposed by commercial airline service.

No Tax “Gross-Up” Payments.

The Company does not provide, and no NEO is entitled to receive, any tax “gross-up” payments in connection with compensation, severance or other benefits provided by the Company.

Executive Compensation Recoupment Policy.

The Board has adopted a policy regarding recovery of incentive awards for fiscal years for which financial results are later restated. In the event of a material restatement of the Company’s financial results due to misconduct, the Compensation Committee shall review the facts and circumstances and take the actions it considers appropriate with respect to any executive officer whose fraud or willful misconduct contributed to the need for such restatement. Such actions may include, without limitation, (a) seeking reimbursement of any bonus paid to such officer exceeding the amount that, in the judgment of the Compensation Committee, would have been paid had the financial results been properly reported, and (b) seeking to recover profits received by such officer during the 12 months after the restated period under any equity compensation awards. All determinations made by the Compensation Committee with respect to this policy shall be final and binding on all interested parties.

Deductibility of Compensation.

Section 162(m) of the IRC places a limit of \$1.0 million on the amount of compensation a public company may deduct for federal income tax purposes in any one year paid to certain “covered employees”. For taxable years ending December 31, 2017 and earlier, “covered employees” generally referred to the company’s chief executive officer and its next three most highly compensated executive officers (other than the chief financial officer). However, for taxable years after December 31, 2017, chief financial officers are included in the definition of “covered employees,” and the definition additionally extends to any individual who is (or was) a covered employee for any taxable year beginning after December 31, 2016.

For taxable years prior to December 31, 2017, this limitation did not apply to compensation that was considered “qualified performance-based compensation” under the rules of Section 162(m). This exemption was repealed by recent legislation, such that compensation paid to our covered executive officers in excess of \$1.0 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017 (the scope of which remains uncertain).

The Compensation Committee intends to review on an annual basis the potential impact of this deduction limitation on executive compensation. The deductibility of certain compensation payments depends upon the timing of an executive’s vesting or exercise of previously granted awards, as well as interpretations and changes in the tax laws,

COMPENSATION DISCUSSION AND ANALYSIS

which we will continue to monitor particularly in light of the changes to Section 162(m) of the IRC, and other factors beyond the control of the Compensation Committee. For these and other reasons, including the need to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation Committee will not necessarily limit executive compensation to that which is deductible under Section 162(m) and has not adopted a policy requiring that all compensation be deductible. The Compensation Committee will also consider various alternatives to preserving the deductibility of compensation payments and benefits to the extent consistent with its other compensation objectives and otherwise reasonably practicable.

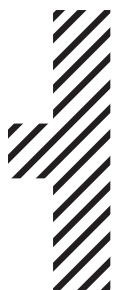

Stock Ownership Guidelines.

The Company maintains stock ownership requirements for our CEO, President, CFO and Senior Executive Vice President, Secretary and General Counsel to encourage such executives to hold a meaningful stake in the Company and thereby demonstrate the alignment of their interests with those of the stockholders. As of December 31, 2018, our NEOs that are subject to the policy have satisfied their stock ownership requirement. The requirements are expressed as a multiple of base salary as follows:

Position	Multiple of Salary
• Chief Executive Officer	• 10x
• President	• 5x
• Chief Financial Officer	• 3x
• Senior Executive Vice President, Secretary and General Counsel	• 2x

Hedging/Pledging Policy.

The Company’s insider trading policy includes a prohibition on hedging or pledging our securities. Executive officers are not permitted to be a party to hedging transactions to ensure their objectives and risk remain aligned with those of our stockholders. In addition, executive officers may not pledge as collateral any securities of the Company.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee

(1) The amounts reported in the “Bonus” column for Messrs. Layne and Treacy refer to the discretionary annual bonus amounts that were awarded to Messrs. Layne and Treacy for their 2018 performance. As described above under “—Annual Incentive Compensation,” Messrs. Layne and Treacy do not have employment agreements with us and do not participate in the annual bonus pool program applicable to the other NEOs. The amount reported in the column for Mr. O'Reilly in 2016 was related to a discretionary bonus paid to Mr. O'Reilly in respect of his 2016 performance. Mr. O'Reilly commenced service with us in October 2016 and so did not receive a 2016 bonus under the same program as the other named executive officers.

EXECUTIVE COMPENSATION

- (2) The amounts reported in the “Stock Awards” column represent the aggregate grant date fair value of stock awards in the form of restricted stock (time-based vesting and performance-based vesting) granted in the years shown, computed in accordance with Financial Accounting Standards Board Accounting Standards Codification 718, Compensation—Stock Compensation (“ASC Topic 718”). The amounts include annual long-term equity incentive awards. Pursuant to SEC rules, the amounts shown in this column exclude the impact of estimated forfeitures related to service-based vesting conditions. With respect to the performance-based restricted stock awards, the grant date fair value reflects the most probable outcome of the performance conditions as of the grant date, which, for the 2018 performance-based award granted to the NEOs was 44.3% of the target number of shares granted. If the maximum level of performance of 200% of target number of shares granted in the case of Mr. Weinreb and 150% of target number of shares granted in the case of the other NEOs was achieved with respect to the performance-based restricted stock granted in 2018 to Messrs. Weinreb, Herlitz, O’Reilly, Riley and Layne, the grant date values would be, respectively, \$5,999,851, \$1,968,838, \$899,941, \$600,022 and \$225,031. With respect to the performance-based restricted stock granted in 2017 and 2016, if the maximum level of performance was achieved, the grant date value of the awards would be as follows: for Mr. Weinreb \$5,961,436 in 2017; for Mr. Herlitz \$1,799,978 in 2017 and \$1,200,033 in 2016; and for Mr. Reilly \$750,064 in 2017 and \$375,074 in 2016. See Note 11 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2018 for further information regarding equity awards under our 2010 Incentive Plan, including the assumptions made in determining these values. Additional information on all outstanding stock awards is reflected in the 2018 Outstanding Equity Awards at Fiscal Year-End table beginning on page 83.
- (3) The amount reported in the “Option Awards” column represents the grant date fair value of stock options awards granted to Messrs. Layne and Treacy in 2018, calculated in accordance with ASC Topic 718. Pursuant to SEC rules, the amount shown in this column excludes the impact of estimated forfeitures related to service-based vesting conditions. See Note 11 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2018 for information regarding the assumptions made in determining this value. The stock option awards granted to Messrs. Layne and Treacy are subject to time-based vesting, with 50,000 options becoming exercisable on the fifth anniversary of the date of grant and 50,000 options becoming exercisable on the tenth anniversary of the date of grant.
- (4) The amounts reported in the “Non-Equity Incentive Plan Compensation” column reflect the amounts paid to certain of the NEOs under our annual incentive compensation plan for performance in the listed fiscal year. For additional information on annual incentive compensation, see “Compensation Discussion and Analysis—Annual Incentive Compensation.”
- (5) The amounts reported in the “All Other Compensation” column reflect, for each NEO, the amounts contributed by the Company to the Company’s 401(k) plan. No personal use of the corporate aircraft is reported because Mr. Weinreb reimbursed the Company for all incremental costs.

These columns represent the annual incentive compensation awards that could have been earned based on performance for the 2018 fiscal year. The amounts shown reflect the awards that were possible at the threshold, target and maximum levels of performance. If the Company achieves the Overall Goal, then a bonus pool for the eligible NEOs is available for distribution in accordance with the threshold, target and maximum annual incentive awards set forth in their employment agreements. The annual incentive award amounts actually paid to each NEO are reported in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table. For more information regarding the annual incentive compensation program, see “Compensation Discussion and Analysis—Annual Incentive Compensation.”
- (3)

The awards represent the performance-based restricted stock granted in 2018 and vest based on the Company’s achievement of specified TSR levels over a five-year period. The vesting schedule for each award has a specified threshold performance level such that performance below threshold results in no shares vesting. If at least the threshold performance goal is attained, the number of shares that will vest range from 30% to 150% (or 200% in the case of Mr. Weinreb) of the target number of shares granted. For additional information regarding the vesting of the performance-based restricted stock, see “Compensation Discussion and Analysis—Long-Term Equity Incentive.”
- (4)

The awards represent the time-based restricted stock granted in 2018.

EXECUTIVE COMPENSATION

- (5) Represents stock options subject to time-based vesting. The terms of this grant are described above under “Compensation Discussion and Analysis—Long-Term Equity Incentive.”
- (6) Represents the grant date fair value determined pursuant to ASC Topic 718, based on the closing price per share of our common stock on the NYSE on the grant date for time-based restricted stock. With respect to performance-based restricted stock, the amounts reflect the value of the probable payout percentage for the awards calculated by multiplying the per share value of the award (\$121.77) by the number of shares corresponding to the most probable outcome of the performance conditions as of the grant date, which, for the 2018 performance-based award granted to the NEOs was at 44.3% of the target level. The per share value is based on the closing price per share of our common stock on the NYSE on the grant date for performance-based restricted stock. The aggregate grant date fair value of all stock awards granted in 2018 are reported in the “Stock Awards” column of the Summary Compensation Table.
- (7) Messrs. Layne and Simon do not participate in the NEOs’ annual incentive compensation program. For more information, see “Compensation Discussion and Analysis—Annual Incentive Compensation.”

EMPLOYMENT AGREEMENTS WITH THE NEOS

David Weinreb

On August 29, 2017, the Company entered into a new employment agreement with Mr. Weinreb to continue to serve in his current role as the Company’s Chief Executive Officer. Mr. Weinreb’s employment agreement has an initial term of ten years, expiring on August 29, 2027, subject to earlier termination events described below. Upon the expiration of the initial term of ten years, his employment agreement will automatically renew for additional one-year periods, unless either party provides the other party with at least 60 days’ prior written notice that it does not wish to automatically renew the term.

Under his employment agreement, Mr. Weinreb is entitled to an annual base salary of \$1,000,000 and, subject to achievement of certain performance goals that will be established annually by the Compensation Committee, eligible to earn an annual cash bonus that ranges from 65% to 120% of a target amount of \$5,000,000.

Mr. Weinreb is also eligible to receive an annual equity award, which will be awarded each year by the Compensation Committee based upon its evaluation of performance measures and objectives established by the Compensation Committee from time to time following good faith consultation with Mr. Weinreb. The annual equity award will be a long-term equity or equity-based incentive award with an aggregate grant value (based on the achievement of the applicable performance metrics that cause the award to vest at the level of 100%) on the date of grant equal to \$3,000,000, with the number of shares of the Company’s common stock subject to such annual equity award determined by dividing the aggregate grant value by the closing price per share of the common stock on the date of grant. All annual equity awards granted to Mr. Weinreb will provide for performance-based vesting and a maximum vesting of 200% (assuming the grant is made based on the achievement of the applicable performance metrics at the 100% level), and will be subject to the terms and conditions of the Incentive Plan and the applicable award agreement.

SEVERANCE AND CHANGE IN CONTROL BENEFITS

Termination Without Cause or for Good Reason

Pursuant to the employment agreement, in the event that Mr. Weinreb terminates his employment for “good reason” or is terminated by the Company without “cause” (other than due to non-renewal, death or disability), the Company will pay and provide Mr. Weinreb, in addition to his previously accrued benefits and compensation, the following:

- (1) a prorated portion of the target annual cash bonus, subject to the achievement of the applicable minimum performance goals and based upon the number of days elapsed during the applicable calendar year in which he was employed;
- (2) an amount equal to the sum of Mr. Weinreb’s annual base salary and target annual cash bonus; and
- (3) all outstanding equity awards that are subject to forfeiture on the termination date will remain outstanding and continue to vest based on the achievement of the performance metrics.

Non-Renewal of Employment Agreement

Pursuant to the employment agreement, in the event that Mr. Weinreb's employment terminates due to the Company's non-renewal of his employment agreement after the expiration of the initial ten-year term or any subsequent one-year renewal period, the Company will pay and provide Mr. Weinreb, in addition to his previously accrued benefits and compensation, the following:

- (1) a prorated portion of the target annual cash bonus, subject to the achievement of the applicable minimum performance goals and based upon the number of days elapsed during the applicable calendar year in which he was employed; and
- (2) all outstanding equity awards that are subject to forfeiture on the termination date will remain outstanding and continue to vest based on the achievement of the performance metrics.

Death or Disability

Pursuant to the employment agreement, in the event that Mr. Weinreb's employment terminates by reason of his death or as a result of disability, the Company will pay and provide Mr. Weinreb (or his estate), in addition to his previously accrued benefits and compensation, the following:

- (1) a prorated portion of the target annual cash bonus, based upon the number of days elapsed in the calendar year that Mr. Weinreb was employed; and
- (2) all outstanding equity awards that are subject to forfeiture on the termination date will remain outstanding and continue to vest based on the achievement of the performance metrics.

Change in Control Termination

Pursuant to the employment agreement, in the event that Mr. Weinreb terminates his employment for "good reason" or is terminated by the Company without "cause," in either case, in connection with, or within 12 months following, a change in control, the Company will pay and provide Mr. Weinreb, in addition to his previously accrued benefits and compensation, the following:

- (1) a prorated portion of the target annual cash bonus based upon the number of days elapsed during the applicable calendar year in which he was employed;
- (2) an amount equal to the sum of Mr. Weinreb's annual base salary and the target annual cash bonus; and
- (3) all outstanding equity awards that are subject to forfeiture on the termination date will fully and immediately vest, with any awards that vest based on the achievement of performance metrics vesting at the greater of (a) 100% of the number of shares of common stock granted pursuant to each such award and (b) the performance level achieved as of the termination date.

Receipt of the severance payments and benefits set forth above is contingent upon Mr. Weinreb executing and not revoking a release of claims in favor of the Company.

Under the employment agreement, Mr. Weinreb is also subject to certain restrictive covenants regarding confidentiality, non-disparagement, non-solicitation and non-competition. The non-solicitation and non-competition covenants apply during the term of Mr. Weinreb's employment and for the 12-month period following his termination for any reason.

EXECUTIVE COMPENSATION

FUTURE WARRANT

Under Mr. Weinreb’s employment agreement, the Company agreed to include a proposal in its 2022 proxy materials (and use commercially reasonable efforts to obtain stockholder approval of such proposal) for Mr. Weinreb to purchase a fair market value warrant from the Company exercisable for a number of shares of common stock as Mr. Weinreb may determine in his discretion up to an amount not to exceed 2,500,000 shares of common stock (such amount as may be adjusted for stock dividends, stock splits, reverse stock splits and other similar transactions) (the “Future Weinreb Warrant”). The Future Weinreb Warrant will have substantially similar terms, and be subject to the same conditions, as the Warrant Grant Agreement previously entered into by Mr. Weinreb and the Company on June 16, 2017 (the “June 2017 Warrant”). If stockholder approval is obtained at the 2022 annual meeting, Mr. Weinreb will have the right, but not the obligation to, purchase the Future Weinreb Warrant.

JUNE 2017 WARRANT

Under the terms of the June 2017 Warrant, Mr. Weinreb has the right to acquire 1,965,409 shares of common stock upon exercise of the warrant, including any additional shares of common stock issuable as a result of the anti-dilution provisions of the warrant. The June 2017 Warrant was granted to Mr. Weinreb in exchange for a fair market value purchase price of \$50.0 million. The purchase price of the June 2017 Warrant and the number of shares issuable upon exercise was determined by the board of directors based upon the advice of Houlihan Lokey, an independent third party valuation adviser, and the June 2017 Warrant grant was approved by stockholders at the Company’s annual meeting on May 18, 2017. The exercise price of the June 2017 Warrant is \$124.64, which was the closing trading price of the Company’s common stock on the NYSE on June 15, 2017.

The June 2017 Warrant was fully vested on the date of the grant and will become exercisable on June 15, 2022, except in the event of a “change in control,” termination of the executive without “cause,” or the separation of the executive from the Company for “good reason,” and such right to exercise the June 2017 Warrant will expire on June 15, 2023. Immediately prior to the effective date of a “change in control” or upon termination of his employment by the Company without “cause” or for “good reason,” the June 2017 Warrant will be immediately exercisable and transferable. In the event of a “change in control,” Mr. Weinreb will select whether to exercise the June 2017 Warrant or whether it will be assumed by the successor entity.

Grant Herlitz

On October 2, 2017, the Company entered into a new employment agreement with Mr. Herlitz to continue to serve in his current role as the Company’s President. Mr. Herlitz’s employment agreement has an initial term of ten years, expiring on October 2, 2027, subject to earlier termination events described below. Upon the expiration of the initial term of ten years, the employment agreement will automatically renew for additional one-year periods, unless either party provides the other party with at least 60 days’ prior written notice that it does not wish to automatically renew the term.

Under his employment agreement, Mr. Herlitz is entitled to an annual base salary of \$750,000 and, subject to achievement of certain performance goals that will be established annually by the Compensation Committee, eligible to earn an annual cash bonus that ranges from 65% to 120% of a target amount of \$2,625,000.

Mr. Herlitz is also eligible to receive an annual equity award, which will be awarded each year by the Compensation Committee based upon its evaluation of performance measures and objectives established by the Compensation Committee from time to time. This annual award will be a long-term equity or equity-based incentive award with an aggregate grant value (with respect to the portion of the award that is based on the achievement of the applicable performance metrics that cause the award to vest at the level of 100%) on the date of grant equal to \$2,625,000, with the number of shares of common stock subject to such award determined by dividing the aggregate grant value by the closing price per share of common stock or as otherwise provided for in the Incentive Plan on the date of grant. Fifty percent of each annual award granted to Mr. Herlitz will provide for pro rata time vesting over five years (“Time Vesting Equity Awards”) and the other 50% of such award will provide for performance-based vesting

EXECUTIVE COMPENSATION

- (2) a prorated portion of the Initial Equity Award that is subject to forfeiture on the termination date will vest based on the number of full years that have elapsed since the beginning of the vesting period through the termination date divided by ten (without taking into account any shares of restricted stock issued in connection with the Initial Equity Award that may have vested on the fifth anniversary of the grant date); and

Under the employment agreement, Mr. Herlitz is also subject to certain restrictive covenants regarding confidentiality, non-disparagement, non-solicitation and non-competition. The non-solicitation and non-competition covenants apply during the term of Mr. Herlitz's employment and for the 12-month period following his termination for any reason.

FUTURE WARRANT

Under Mr. Herlitz's employment agreement, the Company agreed to include a proposal in its 2022 proxy materials (and use commercially reasonable efforts to obtain stockholder approval of such proposal) for Mr. Herlitz to purchase a fair market value warrant exercisable for a number of shares of common stock as Mr. Herlitz may determine in his discretion up to an amount not to exceed 250,000 shares of common stock (such amount as may be adjusted for stock dividends, stock splits, reverse stock splits and other similar transactions) (the "Future Herlitz Warrant"). The Future Herlitz Warrant will have substantially similar terms, and be subject to the same conditions, as the Warrant Grant Agreement previously entered into by Mr. Herlitz and the Company on October 4, 2017 (the "October 2017

EXECUTIVE COMPENSATION

Warrant”). If stockholder approval is obtained at the 2022 annual meeting, Mr. Herlitz will have the right, but not the obligation to, purchase the Future Herlitz Warrant.

OCTOBER 2017 WARRANT

Under the terms of the October 2017 Warrant, Mr. Herlitz has the right to acquire 87,951 shares of common stock upon exercise of the warrant, including any additional shares of common stock issuable as a result of the anti-dilution provisions of the warrant. The October 2017 Warrant was granted to Mr. Herlitz in exchange for a fair market value purchase price of \$2.0 million. The purchase price of the October 2017 Warrant and the number of shares issuable upon exercise was determined by the board of directors based upon the advice of Houlihan Lokey, an independent third party valuation adviser, and the October 2017 Warrant grant was approved by stockholders at the Company’s annual meeting on May 18, 2017. The exercise price of the October 2017 Warrant is \$117.01, which was the closing trading price of the Company’s common stock on the NYSE on October 3, 2017.

The October 2017 Warrant was fully vested on the date of grant and will become exercisable on October 3, 2022, except in the event of a “change in control,” termination of the executive without “cause,” or the separation of the executive from the Company for “good reason,” and such right to exercise the October 2017 Warrant will expire on October 3, 2023. Immediately prior to the effective date of a “change in control” or upon the date of a termination of employment by the Company without “cause” or for “good reason,” the October 2017 Warrant will be immediately exercisable and transferable. In the event of a “change in control,” Mr. Herlitz will select whether to exercise the October 2017 Warrant or whether it will be assumed by the successor entity.

David O’Reilly

On February 21, 2018, the Company entered into an amended and restated employment agreement (the “Amended Employment Agreement”). The Company and Mr. O’Reilly entered into the Amended Employment Agreement to effect certain amendments to his previous employment agreement, which was executed on October 17, 2016. Fifty percent of the annual equity award provides for pro rata time vesting over five years and the other 50% of such award will provide for performance-based vesting, and in each case will be subject to the terms and conditions of the Incentive Plan and the applicable award agreement.

The warrant will expire on October 2, 2022. The Company will have the right to repurchase all or a portion of the shares issuable upon exercise of the warrant if Mr. O'Reilly's employment with the Company is terminated for any reason prior to October 2, 2022. The warrant is subject to anti-dilution adjustments in connection with stock splits, tender offers and certain other events.

NONQUALIFIED DEFERRED COMPENSATION

The following table sets forth information regarding the earnings credited to the accounts of the NEOs under nonqualified deferred compensation plans and plan balances as of December 31, 2018. The nonqualified deferred compensation plan was established in 2015. Although the Company has the flexibility to make discretionary contributions to the nonqualified deferred compensation plan, it has not made any such contributions. Each participant’s deferral account in the plan is credited or debited for gains and losses associated with his or her account’s notional (not actual) investment in investment options selected by the participant from a menu established from time to time by the Board (or a committee thereof). Participants are not provided with above-market or preferential earnings on their deferral accounts, and are only entitled to receive distributions of their account balances in accordance with their deferral elections in effect from time to time and the terms of the plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following table reflects the estimated compensation and other benefits payable to each NEO upon termination of employment, including in connection with a “change in control” of the Company. The amounts shown in the table assume that the triggering event was effective as of December 31, 2018 and that the price of our common stock on which certain of the calculations are based was the closing price of \$97.62 per share on December 31, 2018. These amounts are estimates of the incremental amounts and benefits that would be payable to each NEO upon each triggering event. The actual amounts to be paid out can only be determined at the time of the triggering event, if any. The table does not include amounts that would be payable to Messrs. Weinreb, Herlitz, O’Reilly and Riley under each of their employment agreements in the event of termination due to the Company’s non-renewal of such

- (1) Amount includes annual target bonus for 2018, assuming the Overall Goal for 2018 has been achieved.
- (2) Amounts shown represent the intrinsic value of unvested stock options and restricted stock awards (time-based vesting and performance-based vesting) whose vesting would be accelerated or continued due to the termination event. Intrinsic value is based upon the price of our common stock (minus the exercise price in the case of stock options). In the case of performance-based restricted stock awards, the amounts shown assume achievement at the target (or 100%) performance level.
- (3) For Messrs. Weinreb, Herlitz and Riley, includes amounts that would be realized from the continued vesting of performance-based restricted stock awards. In the event of a termination without “cause” or for “good reason” or termination due to death or disability, each of their employment agreements provides for a waiver of the service vesting condition and the continued vesting of all outstanding performance-based awards, with the number of shares that vest determined at the end of the performance period, based on actual performance results. The value shown reflects the target number (or 100%) of shares granted for awards that have not completed their performance period. For additional information on the unvested restricted stock held by each NEO, please refer to the Outstanding Equity Awards at Fiscal Year End table above.

EXECUTIVE COMPENSATION

- (4) For Messrs. Weinreb, Herlitz and Riley, each of their employment agreements provides that in the event of a termination without “cause” or for “good reason” in connection with a “change in control,” all outstanding performance-based restricted stock awards will vest at the greater of 100% of the number of shares granted and the performance level achieved as of the termination date. The amounts shown for Messrs. Weinreb, Herlitz and Riley include 100% of the number of shares granted with respect to outstanding performance-based restricted stock, assuming that target performance is achieved for each grant. For Mr. O’Reilly, his employment agreement provides that in the event of termination without “cause” or for “good reason,” in either case, within four months prior and in connection with, or within 12 months following a “change in control,” all outstanding equity awards that are subject to forfeiture will vest and become non-forfeitable.
- (5) For Messrs. Layne and Treacy, the amounts in this row represent cash severance payable in connection with an involuntary termination by the Company pursuant to the Separation Benefits Plan.
- (6) For Messrs. Weinreb, Herlitz, O’Reilly and Riley, each of their employment agreements provides that if the NEO becomes entitled to receive or if he receives any payments and benefits that would become subject to the excise tax under Section 4999 of the IRC, the payments and benefits will be reduced such that the excise tax does not apply, unless he would be better off on an after-tax basis receiving all of the payments and benefits. For Messrs. Layne and Treacy, the Separation Benefits Plan provides that if any of the payments or benefits provided or to be provided by the Company to Mr. Layne, pursuant to the Separation Benefits Plan or otherwise, would be subject to the excise tax imposed under Section 4999 of the IRC, the separation benefit will be reduced to the minimum extent necessary to ensure that no portion of the separation benefit is subject to the excise tax. The figures in the table above disregard the potential impact of any potential reductions in connection with these provisions.

PAY RATIO DISCLOSURE

We determined that the 2018 annual total compensation of the median of all our employees who were employed as of December 31, 2018, other than our CEO, David R. Weinreb, was \$48,876; Mr. Weinreb’s 2018 annual total compensation was \$7,343,109; and the ratio of these amounts was 1:150.

To identify the median compensated employee, we used Box 5, W2 data for all individuals employed as of December 31, 2018, annualizing this data for those employees who joined the company in 2018.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee’s annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

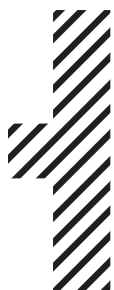

Equity Compensation Plan Information

As of December 31, 2018, the Incentive Plan was the only compensation plan under which securities of the Company were authorized for issuance. The following table provides information as of December 31, 2018 regarding the Company’s existing plan.
